BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[FERC Docket Nos. CP06-61-000, -001, -002 and CP01-23-003; CA State Clearinghouse No. 2006081127; BLM Reference No. CACA-42662]

The California State Lands Commission, and the Bureau of Land Management; North Baja Pipeline, LLC; Notice of Availability/Completion of the Final Environmental Impact Statement/Report and Proposed Land Use Plan Amendment for the Proposed North Baja Pipeline Expansion Project

June 8, 2007.

The environmental staffs of the Federal Energy Regulatory Commission (FERC or Commission), the California State Lands Commission (CSLC), and the Bureau of Land Management (BLM) (collectively referred to as the Agency Staffs) have prepared the final environmental impact statement/environmental impact report and proposed land use plan amendment (final EIS/EIR/plan amendment) to address North Baja Pipeline, LLC's (North Baja) proposed expansion of its natural gas pipeline system.

The final EIS/EIR/plan amendment was prepared as required by the National Environmental Policy Act (NEPA), the California Environmental Quality Act, and the Federal Land Policy and Management Act. The purpose of the document is to inform the public and the permitting agencies about the potential adverse and beneficial environmental impacts of the proposed North Baja Pipeline Expansion Project (Project or proposed Project) and its alternatives, and recommend mitigation measures that would reduce the significant adverse impacts to the maximum extent possible, and, where feasible, to a less than significant level. The Agency Staffs have concluded that if the Project is constructed and operated in accordance with applicable laws and regulations, North Baja's proposed mitigation, and the Agency Staffs' additional mitigation measures, it would be an environmentally acceptable action.

The FERC is the lead Federal agency and will use the document to consider the environmental impacts that could result if it issues North Baja a Certificate of Public Convenience and Necessity and a Presidential Permit amendment under sections 7 and 3, respectively, of the Natural Gas Act. The CSLC is the lead State agency and will use the document to consider North Baja's application to amend its existing right-
