Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call 404–639–5960 and send comments to Maryam I. Daneshvar, CDC Acting Reports Clearance Officer, 1600 Clifton Road, MS–D74, Atlanta, GA 30333 or send an e-mail to omb@cdc.gov.

Comments are invited on: (a) Whether the proposed collection of information

is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Written comments should be received within 60 days of this notice.

Proposed Project

US-Mexico Border Diabetes Community Health Worker/Promotores de Salud Intervention Pilot Project—New—National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The Pan American Health Organization (PAHO), El Paso field office, in collaboration with the United States/Mexico Border Diabetes Prevention and Control Programs and the Mexico Secretariat of Health is requesting approval for the US-MEXICO BORDER DIABETES COMMUNITY HEALTH WORKER/PROMOTORES de SALUD INTERVENTION PILOT PROJECT (CHW/PdS IPP) of the US-Mexico Diabetes Prevention and Control Project.

The purpose of the project is to diminish the impact of diabetes on the border population by conducting activities to address the high prevalence of diabetes, related behavioral risk factors and improve the health services for the border population. This project is targeted for completion by September 2009. CHW/PdS IPP will be implemented in eleven pilot communities, where persons living with diabetes will be randomized to either intervention group participant (IGP) or delayed intervention control group participant (DICGP). The DICGP will receive usual diabetes self management education by the health care provider in a community health center setting, and the IGP will be assigned to receive diabetes self management education reinforcement and coaching social support at the community/home level, by a Community Health Worker/Promotor de Salud. These programs will be culturally and linguistically appropriate and will include the participation of community health workers (*promotores*) and primary
