2. Compliance with approved plans of development and management.

Detailed information concerning these actions is available for review in the office of the BLM, Cedar City Field Office, at the address listed above.

On June 25, 2007, the above described lands are segregated from all forms of appropriation under the public land laws, including the general mining laws, except for lease or conveyance under the R&PP Act, leasing under mineral leasing laws, and disposals under the mineral material disposal laws.

*Classification Comments:* Interested parties may submit comments involving the suitability of the lands for a solid waste transfer station site and public park purposes. Comments on the classification are restricted to whether the lands are physically suited for the proposal, whether the uses will maximize the future use or uses of the land, whether the uses are consistent with local planning and zoning, or whether the uses are consistent with State and Federal programs.

Application Comments: Interested parties may submit comments regarding the specific uses proposed in the applications and plans of development, whether the BLM followed proper administrative procedures in reaching its decision, or any other factor not directly related to the suitability of the land for the stated uses. Application comments should be specific to the proposed solid waste transfer station site (BLM Serial No. UTU–82068) or the proposed public park (BLM Serial No. UTU–82980).

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

The State Director who may sustain, vacate, or modify this realty action will review any adverse comments. In the absence of any adverse comments, this classification action will become the final determination of the Department of the Interior and become effective on August 24, 2007. The lands will not be available for lease or conveyance until after the classification becomes effective. Dated: April 18, 2007. **Todd S.
