

improvements. Such receipt of, and action on, user suggestions, constitutes ongoing consultation with people (applicants and permittees) from whom information is being collected and by whom collected information is being applied (NPS personnel and users of the Investigator's Annual Report site). Should OMB approve the collection of information forms submitted in this extension request, additional software changes will be made to incorporate fully the improvements contained in these forms.

SUPPLEMENTARY INFORMATION:

Title: Research Permit and Reporting System Applications and Reports (36 CFR 2.1 and 2.5).

Bureau Form Number(s): 10-741a, 10-741b, and 10-226.

OMB Number: 1024-0236.

Expiration Date: June 30, 2007.

Type of Request: Revision of a currently approved collection of information.

Description of Need: The NPS regulates scientific research and collecting studies and science education activities inside park boundaries under regulations codified at 36 CFR Part 2, Section 2.5. The NPS issued these regulations pursuant to authority under the NPS Organic Act of 1916 as amended (16 U.S.C. 1 *et seq.*). The NPS administers these regulations to provide for scientific research and collecting and scientific education uses of parks while also protecting park resources and other park uses from adverse impacts that could occur if inappropriate scientific research and collecting studies or science education activities were to be conducted within park boundaries.

The currently approved information collection responds to the statutory requirement that NPS preserve park resources and regulate the use of units of the National Park System. The information currently collected includes: (1) Names and business contact information for people who seek a permit to conduct natural or social science research and collection activities in individual units of the National Park System, (2) what activities they wish to conduct, (3) where they wish to conduct the activities, (4) whether or not they wish to collect specimens as part of the activities they propose to conduct, and (5) for applicants who have received a permit, annual summaries of the actual results of their permitted activities. NPS uses the collected information for managing the use and preservation of park resources and for reporting the status of permitted research and collecting activities. NPS is requesting that OMB

approve the current Application for a Scientific Research and Collecting Permit, Application for a Science Education Permit, and Investigator's Annual Report collection of information forms unchanged. The obligation to respond to this collection is required to manage the conduct of scientific research and collecting within national parks.

Comments are invited on: (1) The practical utility of the information being gathered; (2) the accuracy of the burden hour estimate; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden to respondents, including use of automated information collection techniques or other forms of information technology. All comments will become a matter of public record. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Frequency of Response: On occasion.

Description of Respondents: Individual scientific investigators or science educators from other governmental agencies, universities and colleges, schools, research organizations, science education organizations who apply for a permit, and any members of this group who receive a permit; and as a result, must submit the required annual report of accomplishment.

Estimated average number of respondents: 6,500 per year.

Estimated average number of responses: 13,000 per year.

Estimated average time burden per respondent: 6000 responses for Form 10-741a: 1 hour; 500 responses for Form 10-741b: 1 hour, 6500 responses for Form 10-226: 37.5 minutes. Therefore, the total average time burden per respondent is 1.625 hours.

Frequency of response: 2 per respondent.

Estimated total annual reporting burden: 10,563 hours.

Dated: June 20, 2007.

Leonard E. Stowe,

NPS, Information Collection Clearance Officer.

BILLING CODE 4312–51–P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (07–050)]

NASA Advisory Council; Meeting

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, Public Law 92–463, as amended, the National Aeronautics and Space Administration announces a meeting of the NASA Advisory Council. The agenda for the meeting includes updates from each of the Council committees, including discussion and deliberation of potential recommendations. The Council Committees address NASA interests in the following areas: Aeronautics, Audit and Finance, Space Exploration, Human Capital, Science, and Space Operations. **DATES:** Thursday, July 19, 2007, 8 a.m.—4:30 p.m.

ADDRESSES: Marshall Space Flight Center (MSFC), Building 4200, Room P110 (10th floor), Marshall Space Flight Center, AL 35812–0001. (Note that visitors will first need to go to the MSFC Visitor's Center to gain access.)

FOR FURTHER INFORMATION CONTACT: Mr. Christopher Blackerby, Designated Federal Official, National Aeronautics and Space Administration, Washington, DC, 20546, 202/358–4688.

SUPPLEMENTARY INFORMATION: The meeting will be open to the public up to the seating capacity of the room. All U.S. citizens desiring to attend the NASA Advisory Council Meeting at the Marshall Space Flight Center (MSFC) must provide their full name, company affiliation (if applicable), citizenship, place of birth, and date of birth to the MSFC Security Office no later than the close of business on July 10, 2007. All non-U.S. citizens must submit their name, current address, citizenship, company affiliation (if applicable) to include address, telephone number, and their title, place of birth, date of birth, U.S. visa information to include type, number, and expiration date, U.S. Social Security Number (if applicable),
