SUPPLEMENTARY INFORMATION:

Background

The FHWA is rescinding the notice of intent to prepare an Environmental Impact Statement (EIS) on a proposal to study the relocation of the CSX Railroad through the six counties of the Mississippi Gulf Coast—Jackson, Harrison, Hancock, Greene, Stone, and Pearl River Counties with logical termini at the Alabama and Louisiana State lines.

The purpose of the CSX Study was three-fold: Identify the best feasible corridor for relocation of the CSX Railroad in Mississippi; obtain the necessary environmental clearances; and, demonstrate the applicability of remote sensing technologies to environmental analysis for transportation planning projects and decision making. Of paramount importance to this effort was the public participation process.

Federal-aid funds are no longer available for the proposed action.

Andrew H. Hughes,

Division Administrator, Mississippi, Federal Highway Administration, Jackson, Mississippi.

[Docket No. FMCSA-2007-28416]

Notice of Request for Information (RFI): Training Certification for Drivers of Longer Combination Vehicles (LCVs)

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice; request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FMCSA announces its plan to submit the Information Collection Request (ICR) described below to the Office of Management and Budget (OMB) for review and approval and invites public comment on its proposal. Specifically, the FMCSA requests OMB's approval to revise an ICR entitled, "Training Certification for Drivers of Longer Combination Vehicles (LCVs)." This ICR is necessary due to the paperwork requirement to complete and maintain training certificates that drivers must

present to prospective employers. These certificates serve as proof the drivers have successfully completed sufficient training to operate LCVs safely on our Nation's highways. Motor carriers are required to maintain a copy of the training certification in each LCV driver's qualification (DQ) file, which may be reviewed by Federal or State enforcement officials.
