

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR Part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

NHTSA received petitions from registered importers to decide whether the vehicles listed in Annex A to this notice are eligible for importation into the United States. To afford an opportunity for public comment, NHTSA published notice of these petitions as specified in Annex A. The reader is referred to those notices for a thorough description of the petitions. No substantive comments were received in response to these notices. Based on its review of the information submitted by the petitioners, NHTSA has decided to grant the petitions.

Vehicle Eligibility Number for Subject Vehicles

The importer of a vehicle admissible under any final decision must indicate on the form HS-7 accompanying entry the appropriate vehicle eligibility number indicating that the vehicle is eligible for entry. Vehicle eligibility numbers assigned to vehicles admissible under this decision are specified in Annex A.

Final Decision

Accordingly, on the basis of the foregoing, NHTSA hereby decides that each motor vehicle listed in Annex A to this notice, which was not originally manufactured to comply with all applicable FMVSS, is either (1) Substantially similar to a motor vehicle manufactured for importation into and/or sale in the United States, and certified under 49 U.S.C. 30115, as specified in Annex A, and is capable of being readily altered to conform to all applicable FMVSS or (2) has safety features that comply with, or are capable of being altered to comply with, all applicable Federal motor vehicle safety standards.

Authority: 49 U.S.C. 30141(a)(1)(A), (a)(1)(B) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: June 22, 2007.

Claude H. Harris,

Director, Office of Vehicle Safety Compliance.

II. Committee Background

The THLPSSC is a statutorily mandated advisory committee that advises PHMSA on proposed safety standards for hazardous liquid pipelines. The THLPSSC is established under section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463, 5 U.S.C. App. 1) and the Pipeline Safety Law (49 U.S.C. Chap. 601). The

THLPSSC consists of 15 members, five each representing government, industry, and the public.

The Pipeline Safety Law requires PHMSA to seek the THLPSSC's advice on the reasonableness, cost-effectiveness, and practicability of each proposed pipeline safety standard. The Pipeline Safety Law also requires PHMSA to submit the cost-benefit analysis and risk assessment information associated with the proposed standard to the THLPSSC. The THLPSSC evaluates the merits of the data and provides recommendations on the adequacy of the analyses.

III. Preliminary Meeting Schedule

The THLPSSC will discuss and vote on a proposal to extend pipeline safety regulations to certain unregulated hazardous liquid gathering lines and low-stress pipelines and on a supplemental proposal addressing new requirements in the PIPES Act. This supplemental proposal would apply all Federal hazardous liquid pipeline safety regulations to currently unregulated low-stress pipelines meeting certain criteria. These proposals will help protect unusually sensitive areas from the potential adverse impacts of releases from unregulated hazardous liquid pipelines in rural areas. PHMSA will also seek the THLPSSC's recommendations on a concept to address internal corrosion issues in hazardous liquid pipelines.

Authority: 49 U.S.C. 60102, 60115.

Issued in Washington, DC on June 22, 2007.

Jeffrey D. Wiese,

Acting Associate Administrator for Pipeline Safety.

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[STB Docket No. AB-55 (Sub-No. 679X)]

CSX Transportation, Inc.— Abandonment Exemption—in Delaware County, IN

CSX Transportation, Inc. (CSXT) has filed a verified notice of exemption under 49 CFR Part 1152 Subpart F—*Exempt Abandonments* to abandon a 1.4-mile line of railroad on its Northern Region, Great Lakes Division, Indianapolis Line Subdivision, from milepost QIM 0.0 to milepost QIM 1.4, known as the Muncie Belt, in Muncie, Delaware County, IN. The line traverses

United States Postal Service Zip Code 43702.

CSXT has certified that: (1) No local traffic has moved over the line for at least 2 years; (2) any overhead traffic on the line can be rerouted over other lines; (3) no formal complaint filed by a user of rail service on the line (or by a state or local government entity acting on behalf of such user) regarding cessation of service over the line either is pending with the Surface Transportation Board or with any U.S. District Court or has been decided in favor of complainant within the 2-year period; and (4) the requirements of 49 CFR 1105.7 (environmental reports), 49 CFR 1105.8 (historic reports), 49 CFR 1105.11 (transmittal letter), 49 CFR 1105.12 (newspaper publication), and 49 CFR 1152.50(d)(1) (notice to governmental agencies) have been met.

As a condition to this exemption, any employee adversely affected by the abandonment shall be protected under *Oregon Short Line R. Co.—Abandonment—Goshen*, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10502(d) must be filed.

Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received, this exemption will be effective on July 28, 2007, unless stayed pending reconsideration. Petitions to stay that do not involve environmental issues,¹ formal expressions of intent to file an OFA under 49 CFR 1152.27(c)(2),² and trail use/rail banking requests under 49 CFR 1152.29 must be filed by July 9, 2007. Petitions to reopen or requests for public use conditions under 49 CFR 1152.28 must be filed by July 18, 2007, with the Surface Transportation Board, 395 E Street, SW., Washington, DC 20423-0001.

A copy of any petition filed with the Board should be sent to CSXT's representative: Steven C. Armbrust, 500 Water St., J-150, Jacksonville, FL 32202.

If the verified notice contains false or misleading information, the exemption is void *ab initio*.

¹ The Board will grant a stay if an informed decision on environmental issues (whether raised by a party or by the Board's Section of Environmental Analysis (SEA) in its independent investigation) cannot be made before the exemption's effective date. See *Exemption of Out-of-Service Rail Lines*, 5 I.C.C.2d 377 (1989). Any request for a stay should be filed as soon as possible so that the Board may take appropriate action before the exemption's effective date.

² Each OFA must be accompanied by the filing fee, which currently is set at \$1,300. See 49 CFR 1002.2(f)(25).
