

protection of investors or the public interest; (ii) impose any significant burden on competition; or (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate. The Exchange has provided the Commission written notice of its intention to file the proposed rule change at least five business days prior to filing.

The Exchange requests that the Commission waive the 30-day operative delay specified in Rule 19b-4(f)(6)(iii)¹⁰ with respect to the proposed rule change and that the proposed rule change be made operative on July 1, 2007, the same day the fee changes proposed in the Fee Filing take effect. The Exchange has represented that all the ETF specialist firms affected by the proposal have agreed to the elimination of commissions, contingent on the Exchange's implementation of the proposed revenue sharing program included in the Fee Filing. The proposal herein, together with the revisions to the Exchange's transaction charges and the revenue sharing program, is part of an integrated plan in which: (i) The revenues generated from the revised fees will partially offset the cost to the Exchange of the payments the Exchange will make to the specialists and registered traders under the revenue sharing program; and (ii) the cost to customers of the increased transaction charges will be offset partially by the elimination of commissions. Amex believes it is essential that the proposal in this filing become operative at the same time as the proposal set forth in the Fee Filing.

The Commission has determined to waive the 30-day delay and allow the proposed rule change to become operative on July 1, 2007.¹¹ The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because doing so will enable all aspects of Amex's new fee structure to become operative as of the same date. The Commission has relied on Amex's representation that all affected Amex specialists have agreed to the new fee structure.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors,

or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File No. SR-Amex-2007-67 on the subject line.

Paper Comments

- Send paper comments in triplicate to Nancy M. Morris, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-Amex-2007-67. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room, 100 F Street, NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-Amex-2007-67 and should be submitted on or before July 26, 2007.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-55971; File No. SR-CBOE-2007-66]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Regarding Its Open Outcry Allocation Rules

June 28, 2007.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 18, 2007, the Chicago Board Options Exchange, Incorporated ("CBOE" or "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II and III below, which Items have been substantially prepared by CBOE. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CBOE proposes to amend its open outcry allocation rules for classes trading on the Hybrid Trading System ("Hybrid"). The text of the proposed rule change is available at CBOE, the Commission's Public Reference Room, and (<http://www.cboe.org/Legal>).

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the CBOE included statements concerning the purpose of, and basis for, the proposed rule change and discussed any

comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to modify its open outcry allocation rules for Hybrid classes, which are contained in paragraph (b) of Rules 6.45A, *Priority and Allocation of Equity Option Trades on the CBOE Hybrid System*, and 6.45B, *Priority and Allocation of Trades in Index Options and Options on ETFs on the CBOE Hybrid System*, as applicable. Under the existing allocation rules, at the same execution price: (i) Public customer orders in the electronic book have first priority, with multiple public customer orders prioritized based on time priority; (ii) in-crowd market participants and broker-dealer orders resting in the electronic book collectively have second priority, with the broker-dealer orders getting a "book market participant" share;⁵ and (iii) electronic quotes of Market-Makers have third priority, with multiple bids or offers prioritized based on the electronic

⁵ Under the existing allocation rules, the cumulative number of broker-dealer orders in the electronic book at the best price are deemed to be one "book market participant" regardless of the number of broker-dealer orders in the book. Also under the existing rules, the allocation due the broker-dealer orders in the electronic book by virtue of their being deemed a "book market participant" is as follows: If two or more bids (offers) represent the best price, one of which represents a book market participant, priority is afforded to the in-crowd market participants in the sequence in which their bids (offers) were made; provided, however, that (i) the first in-crowd market participant to respond is entitled to 70% of the order; (ii) the second in-crowd market participant to respond (if ascertainable) is entitled to 70% of the remainder of the order (i.e., 70% of 30%); and (iii) the balance of the order is apportioned equally among the remaining in-crowd market participants bidding (offering) at the same price and the book market participant share. If it is not possible to determine the order in which in-crowd market participants responded, the balance of the order shall be apportioned equally among the remaining market participants bidding (offering) at the same price and, if applicable, the book market participant. If two or more bids (offers) represent the best price, each of which is NOT a book market participant, priority is afforded to the in-crowd market participants in accordance with the allocation principles contained in CBOE Rule 6.45(a) or (b), which generally provide that priority is afforded to such bids (offers) in the sequence in which they are made or, if the bids were made at the same time or in the event the sequence cannot be reasonably determined, priority is apportioned equally. See existing CBOE Rules 6.45A(b) and 6.45B(b).

allocation algorithm in effect for the option class.⁶

The Exchange is proposing to revise the priority levels so that, at the same execution price: (i) Public customer orders in the electronic book would continue to have first priority, with multiple public customer orders prioritized based on time priority; (ii) in-crowd market participants would have second priority, with multiple bids or offers prioritized based on the allocation algorithm provided in Rule 6.45(A) or (B);⁷ and (iii) broker-dealer orders resting in the electronic book and electronic quotes of Market-Makers would collectively have third priority, with multiple bids or offers prioritized based on the electronic allocation algorithm in effect for the option class.⁸

In addition, in order to transact proprietary orders⁹ on the floor of the Exchange pursuant to Rule 6.45A(b) or 6.45B(b), members must also ensure that they qualify for an exemption from section 11(a)(1) of the Act.¹⁰ Members relying on section 11(a)(1)(G) of the Act¹¹ and Rule 11a1-1(T) thereunder (commonly known as the "G exemption

⁶ The particular algorithm is determined on a class-by-class basis and can be based on either price-time priority, pro-rata priority or the Ultimate Match Algorithm ("UMA"). The UMA allocation formula has a component based on the number of market participants quoting at the best price ("Component A") and a component based on the size of market participant quotes. Depending on the particular algorithm and class, additional priority overlays pertaining to public customer orders, Market-Maker participation entitlements and market turner may also apply. See CBOE Rule 6.45A(a) or 6.45B(a), as applicable.

⁷ Allocation among the in-crowd market participants in this manner is consistent with the existing CBOE Rule 6.45A(b) and 6.45B(b) allocation procedures that apply when there is NOT a book market participant. See note 5, *supra*.

⁸ If the UMA algorithm is in effect, the cumulative number of broker-dealer orders in the electronic book at the best price are deemed one "market participant" for purposes of calculating Component A. See note 6, *supra*. In revising the priority algorithm to provide that in-crowd market participants have priority over the trading interests of both broker-dealer orders resting in the electronic and electronic quotes of Market-Makers, the Exchange notes that at least one other options exchange already has in place rules that afford in-crowd participants priority over electronic trading interests. See Rule 6.76(d) of NYSE Arca Inc. In addition, this change in the priority algorithm will make the open outcry priority rules for non-crossing transactions more consistent with the Exchange's open outcry priority rules for crossing transactions, which currently provide for in-crowd market participants to have priority over the trading interests of both broker-dealer orders resting in the electronic book and electronic quotes of Market-Makers. See CBOE Rule 6.74, *Crossing Orders*.

⁹ For purposes of CBOE Rule 6.45A(b) or 6.45B(b), a "proprietary order" will mean an order for a member's own account, the account of an associated person, or an account with respect to which it or an associated person thereof exercises investment discretion.

rule")¹² as an exemption must comply with the requirements of that exemption before executing a proprietary order, including the requirement to yield priority to any bid or offer at the same price for the account of a person who is not, or is not associated with, a member (a "non-member"), irrespective of the size of any such bid or offer or the time when entered. Because CBOE's electronic book does not distinguish between member and non-member broker-dealer orders, the revised priority provisions would further provide that members relying on the G exemption rule must yield priority to any bid (offer) at the same price of public customer orders and broker-dealer orders (whether non-member or member) resting in the electronic book, as well as any other bids and offers that would otherwise have priority over such broker-dealer orders under Rule 6.45A(b) or 6.45B(b).¹³

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with section 6(b) of the Act¹⁴ in general and furthers the objectives of section 6(b)(5) of the Act¹⁵ in particular in that it is designed to promote just and equitable principles of trade, serve to remove impediments to and perfect the mechanism of a free and open market and a national market system, and protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

¹² 17 CFR 240.11a1-1(T).

¹³ Thus, for example, a Floor Broker that is relying on the G exemption rule must first yield priority to any same priced public customer orders and broker-dealer orders resting in the electronic book, as well as any in-crowd market participants that would otherwise have priority over those broker-dealer orders, before executing a proprietary order. In such a scenario, the Rule 6.45A(b) or Rule 6.45B(b) priority sequence described above is modified so that, at the same price, public customer orders resting in the book would have first priority, then the in-crowd market participants (to the extent each such market participant also qualifies for an exemption from Section 11(a)(1) but is not relying on the G exemption rule), then broker-dealer orders resting in the book, then the Floor Broker's proprietary order (along with any other in-crowd market participants also relying on the G exemption rule). To the extent there may be any further remaining balance, same priced electronic quotes of Market-Makers would have priority to trade next.

¹⁵ 15 U.S.C. 78f(b)(5).

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposal.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (1) Significantly affect the protection of investors or the public interest; (2) impose any significant burden on competition; and (3) become operative for thirty days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, it has become effective pursuant to section 19(b)(3)(A) of the Act¹⁶ and Rule 19b-4(f)(6)¹⁷ thereunder.¹⁸

At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in the furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Federal Aviation Administration

Agency Information Collection Activity Seeking OMB Approval

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice.

SUMMARY: The FAA invites public comments about our intention to request the Office of Management and Budget's (OMB) revision of a current information collection. The Federal Register Notice with a 60-day comment period soliciting comments on the following collection of information was published on March 26, 2007, vol. 72, no. 57, page 14162. This collection establishes requirements for the certification, operation, and maintenance of light-sport aircraft.

DATES: Please submit comments by August 6, 2007.

FOR FURTHER INFORMATION CONTACT: Carla Mauney at Carla.Mauney@faa.gov.

SUPPLEMENTARY INFORMATION:

Federal Aviation Administration (FAA)

Title: Certification of Airmen for the Operation of Light-Sport Aircraft.

Type of Request: Extension of a currently approved collection.

OMB Control Number: 2120-0690.

Forms(s): 8130-6, 8130-7, 8130-15, 8710-11, 337, 8110-14, 8110-28, 8610-2.

Affected Public: An estimated 28,449 Respondents.

Frequency: This information is collected on occasion.

Estimated Average Burden Per Response: Approximately 1.27 hours per response.

Estimated Annual Burden Hours: An estimated 72,582 hours annually.

Abstract: For the operation of light-sport aircraft, the FAA has established a sport pilot certificate and a flight instructor certificate with a sport pilot rating, requirements for student pilots and private pilots to operate these aircraft and to revise the recreational pilot certificate to align it with privileges proposed for the new sport pilot certificate, and a new repairman certificate with ratings for individuals who would inspect and maintain light-sport aircraft. In addition, the FAA has established a new category of special airworthiness certificate for light-sport aircraft that meet a consensus standard.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to Nathan Lesser, Desk Officer, Department of Transportation/FAA, and sent via electronic mail to oir_submission@omb.eop.gov or faxed to (202) 395-6974.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimates of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.
