

After gathering public comments on what additional issues the SEIS should address, the suggested issues will be placed in one of two categories:

1. Issues to be analyzed in the SEIS and
2. Issues beyond the scope of the SEIS.

Rationale for the placement of each issue in category one or two, as well as for the resolution of such issue(s) will be included in the SEIS and/or ROD for the CTA. During the scoping phase, the public is encouraged to help identify questions and concerns to be addressed through the management of the CTA.

An interdisciplinary approach will be used to develop the SEIS in order to consider the variety of resource issues and concerns identified. Disciplines involved in the SEIS process will include specialists with expertise in soils, minerals and geology; hydrology; botany; wildlife; transportation; visual resources; air quality; lands and realty; outdoor recreation; archaeology; paleontology; and sociology and economics, including community development.

Authority: 40 CFR 1501.7.

Dated: April 3, 2007.

Notice of Intent To Collect Fees on Public Land in Chouteau County, Montana Under the Federal Lands Recreation Enhancement Act (REA) and Impose Supplementary Rules

AGENCY: Bureau of Land Management, Lewistown Field Office, Fort Benton, Montana.

ACTION: Notice of intent.

SUMMARY: The Bureau of Land Management proposes to establish fees and supplementary rules for the Upper Missouri River Breaks National Monument (UMRBNM) Interpretive Center for public use of the day-use areas. The fees are authorized under the Federal Lands Recreation Enhancement Act (REA), 16 U.S.C. 6801 *et seq.* The UMRBNM Interpretive Center qualifies as a site wherein visitors can be charged a "Standard Amenity Recreation Fee" authorized under section 3(4)(f) of the REA, for a recreation use permit described at 43 CFR part 2930. The supplementary rules, developed pursuant to 43 CFR 8365.1-6, are necessary for human health and safety and to protect the natural resources of the site. In accordance with BLM recreation fee program policy, the business plan explains the fee collection process, as well as outlining how the fees will be used at the UMRBNM Interpretive Center. BLM has notified and involved the public at each stage of the planning process, including the proposal to collect fees.

DATES: There will be a thirty (30) day public comment period that will expire 30 days after publication of this notice. The public is encouraged to participate in the public comment period. Effective 6 months after the publication of this notice, the Bureau of Land Management, Lewistown Field Office will initiate fee collection in the UMRBNM Interpretive Center, unless BLM publishes a **Federal Register** notice to the contrary. The Central Montana Resource Advisory Council (RAC) will review consideration for the new fee at least 3 months prior to the proposed initiation

date. BLM may not necessarily consider or include in the Administrative Record for the final supplementary rules comments that are received after the close of the comment period described in this paragraph or comments that are delivered to an address other than that listed in the following paragraph.

ADDRESSES: (1) You may mail comments on the proposed fee and supplementary rules to Bureau of Land Management (BLM), Field Manager, Lewistown Field Office, 920 NE Main Street, Lewistown, MT 59457; (2) You may hand deliver comments to the Bureau of Land Management at the same address.

FOR FURTHER INFORMATION CONTACT: June Bailey, Field Office Manager, Bureau of Land Management, 920 NE Main Street, Lewistown, MT 59457, 406-538-1900.

SUPPLEMENTARY INFORMATION: The UMRBNM Interpretive Center is a day-use site located at the head of the Wild and Scenic Upper Missouri River, and the Upper Missouri River Breaks National Monument in Fort Benton, Montana. Pursuant to the REA, a fee per person will be charged for day use. BLM will charge separate fees for day use, educational tours, area passes and group reservations of the center. These fees will be posted at the UMRBNM Interpretive Center, at the Web site <http://www.mt.blm.gov/lido/um/docs/interpretivecenter.htm>, and at the Lewistown Field Office in Lewistown, MT. Fees must be paid at the front desk located in the lobby of the interpretive center. People holding a River and Plains Society partnership pass; the America The Beautiful—The National Parks and Federal Recreational Lands Pass (i.e. the Interagency Annual Pass, Interagency Senior Pass, Interagency Access Pass, and Interagency Volunteer Pass); the National Parks Pass with Golden Eagle Hologram; and the Golden Eagle, Golden Age or Golden Access Passports will be entitled to free admission to the UMRBNM Interpretive Center.

The REA provides authority for 10 years for the Secretary of the Interior and the Secretary of Agriculture to establish, modify, charge, and collect recreation fees for use of some Federal recreation lands and waters, and contains specific provisions addressing public involvement in the establishment of recreation fees, including a requirement that Recreation Resource Advisory Committees or Councils have the opportunity to make recommendations regarding establishment of such fees. REA also directed the Secretaries of the Interior and Agriculture to publish advance notice in the **Federal Register** whenever

new recreation fee areas are established under their respective jurisdictions. In accordance with BLM recreation fee program policy, the Lewistown Field Office UMRBNM Interpretive Center business plan explains the fee collection process, and outlines how the fees will be used at the UMRBNM Interpretive Center. BLM has notified and involved the public at each stage of the planning process, including the proposal to collect fees. Fee amounts will be posted on-site, and at the Lewistown Field Office, and copies of the business plan will be available at the Lewistown Field Office and the BLM Montana State Office.

The supplementary rules proposed pursuant to 43 CFR 8366.1-5 will not create a serious inconsistency or otherwise interfere with an action taken or planned by another agency. These proposed supplementary rules do not alter the budgetary effects of entitlements, grants, user fees, or loan programs or the rights or obligations of their recipients; nor do they raise novel legal or policy issues. They merely impose rules of conduct and other limitations on certain recreational activities at a recreation site at the UMRBNM Interpretive Center to protect natural resources and human health and safety. This new interpretive center opened to the public on October 18, 2006. Fees have not been charged at this site in the past. Information concerning the proposed new fees has been available on the BLM Web site, is posted on site, has been written up in local newspapers, and has been spread through word of mouth from on-site volunteer hosts and local users. These efforts will continue following publication of this notice, with additional press releases to local news media.

Clarity of the Supplementary Rules

Executive Order 12866 requires each agency to write regulations that are simple and easy to understand. The BLM invites your comments on how to make these proposed supplementary rules easier to understand, including answers to questions such as the following: (1) Are the requirements in the proposed supplementary rules clearly stated? (2) Do the proposed supplementary rules contain technical language or jargon that interferes with their clarity? (3) Does the format of the proposed supplementary rules (grouping and order of sections, use of headings, paragraphing, etc.) aid or reduce their clarity? (4) Would the supplementary rules be easier to understand if they were divided into more (but shorter) sections? (5) Is the
