Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Health Resources and Services Administration (HRSA) publishes abstracts of information collection requests under review by the Office of Management and Budget (OMB), in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). To request a copy of the clearance requests submitted to

OMB for review, call the HRSA Reports Clearance Office on (301) 443-1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: Reporting Form for the MCHB National Hemophilia Program Grantees and Hemophilia Treatment Center (HTC) Affiliates Having Factor Replacement Product (FRP) Programs

The Maternal and Child Health Bureau (MCHB) of the Health Resources and Services Administration (HRSA) is planning to implement an annual reporting form required of grantees of the MCHB National Hemophilia Program and their HTC affiliates having a factor replacement product (FRP) program. The purpose of the form is to provide systematic information and data comprising a financial overview of the FRP programs of the HTCs receiving funding through grantees of the MCHB National Hemophilia Program. The proposed form will constitute a reporting requirement for the MCHB National Hemophilia Program grantees and their affiliate HTCs having FRP programs.

Data from the form will provide quantitative information on the financial and services provision aspects of each of the HTC FRP programs under each of the MCHB National Hemophilia Program grantees, specifically: (a) Patient FRP program participation, (b) FRP program revenue, (c) FRP program costs, (d) FRP program net income, and (e) use of FRP program net income. This form will provide data useful to grantees and their affiliate HTCs having FRP programs as well as to the MCHB National Hemophilia Program. The data will be used to assess FRP program performance including FRP program operational costs appropriateness, FRP program cost efficiency, and FRP program services benefits—information that is essential to evaluating HTCs having FRP programs, grantees, and the MCHB National Hemophilia Program.

Each HTC having an FRP program is to submit its report to the grantee and each grantee is to submit the individual reports of each of their affiliate HTCs having an FRP program to the MCHB National Hemophilia Program as a part of their annual grant application.

The estimated response burden for grantees is as follows:

Form	Number of respondents	Average number of responses per respondent	Total responses	Hours per response	Total burden hours
Factor Replacement Product (FRP) Data Sheet	68	1	68	30	2,040

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Karen Matsuoka, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: June 28, 2007.

Caroline Lewis,

Associate Administrator for Management.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: "Health Care and Other Facilities" Project Status Update Form: NEW

The Health Resources and Services Administration's Health Care and Other Facilities (HCOF) program provides earmarked funds to health-related

facilities for construction-related activities and/or capital equipment purchases. Awarded facilities are required to provide a periodic (quarterly for construction-related projects, annually for equipment only projects) update of the status of the funded project until it is completed. The monitoring period averages about 3 years, although some projects take up to 5 years to complete. The information collected from these updates is vital to

program management staff to determine whether projects are progressing according to the established timeframes, meeting deadlines established in the Notice of Grant Award (NGA), and drawing down funds appropriately. The data collected from the updates is also shared with the Division of Grants Management Operations (DGMO) and the Division of Engineering Services (DES) for their assistance in the overall evaluation of each project's progress.

An electronic form has been developed for progress reporting for the HCOF program. This form will provide awardees access to directly input the required status update information in a timely, consistent, and uniform manner. The electronic form will minimize burden to respondents and will inform respondents when there are missing data elements prior to submission.

The estimate of burden for the form is as follows:

Project type	Number of respondents	Response per respondent	Total responses	Hours per response	Total burden hours
Construction-Related	395	4	1,580	.5	790
Equipment Only	523	1	523	.5	262
Total	918	2,103	1,052

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Karen Matsuoka, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: June 28, 2007.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: Data System for Organ Procurement and Transplantation Network and Associated Forms (OMB No. 0915-0157)—Revision

Section 372 of the Public Health Service (PHS) Act requires that the Secretary, by contract, provide for the establishment and operation of an Organ Procurement and Transplantation Network (OPTN). The OPTN, among other responsibilities, operates and maintains a national waiting list of individuals requiring organ transplants, maintains a computerized system for matching donor organs with transplant candidates on the waiting list, and operates a 24-hour system to facilitate matching organs with individuals included in the list.

Data for the OPTN data system are collected from transplant hospitals, organ procurement organizations, and tissue-typing laboratories. The

information is used to indicate the disease severity of transplant candidates, to monitor compliance of member organizations with OPTN rules and requirements, and to report periodically on the clinical and scientific status of organ donation and transplantation in this country. Data are used to develop transplant, donation and allocation policies, to determine if institutional members are complying with policy, to determine member specific performance, to ensure patient safety when no alternative sources of data exist and to fulfill the requirements of the OPTN Final Rule. The practical utility of the data collection is further enhanced by requirements that the OPTN data must be made available, consistent with applicable laws, for use by OPTN members, the Scientific Registry of Transplant Recipients, the Department of Health and Human Services, and others for evaluation, research, patient information, and other important purposes.

Revisions in the 26 data collection forms are intended to implement approved reduction in data collection for candidates and recipients, to provide additional information specific to pediatric patients, and to clarify existing questions.

ESTIMATES OF ANNUALIZED HOUR BURDEN

Form	Number of respondents	Responses per respondents	Total responses	Hours per response	Total burden hours
Deceased Donor Registration	58	215	12,470	0.4200	5,237.4000
Death referral data	58	12	696	10.0000	6,960.0000
Living Donor Registration	711	10	7,110	0.4100	2,915.1000
Living Donor Follow-up	711	18	12,798	0.3300	4,223.3400
Donor Histocompatibility	154	95	14,630	0.0600	877.8000
Recipient Histocompatibility	154	172	26,488	0.1100	2,913.6800
Heart Candidate Registration	135	23	3,105	0.2800	869.4000
Lung Candidate Registration	67	27	1,809	0.2800	506.5200
