Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Supporting Healthy Marriage (SHM) Project: Control Services Survey.
OMB No.: New collection.

Description: The Administration for Children and Families (ACF), U.S. Department of Health and Human Services, is conducting a demonstration and evaluation called the Supporting Healthy Marriage (SHM) Project. Supporting Healthy Marriage is designed to inform program operators and policymakers of the most effective ways to help low-income married couples strengthen and maintain healthy marriages. In particular, the project will measure the effectiveness of marriage education programs by randomly assigning eligible volunteer couples to SHM program groups and control groups.

In order to conduct a strong test of the SHM program, the researchers must understand whether marriage education services similar to SHM are readily accessible to control group members elsewhere in the communities where SHM is offered. To measure the difference between services received by the program group and control group, the evaluator will administer a brief survey to participants in each SHM demonstration pilot site. The purpose of this survey is to identify the kinds of services that participants have received
