### Preliminary Results of Review

As a result of our review, we preliminarily determine the weighted-average dumping margin for the period August 1, 2005, through July 16, 2006, to be as follows:

Manufacturer / Exporter	Margin (percent)
V&M do Brasil, S.A. ....	0.00

The Department will disclose calculations performed in connection with these preliminary results of review within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Interested parties may submit case briefs and/or written comments no later than 30 days after the date of publication of these preliminary results of review. Rebuttal briefs and rebuttals to written comments, limited to issues raised in the case briefs and comments, may be filed no later than 35 days after the date of publication of this notice. Parties who submit argument in these proceedings are requested to submit with the argument: 1) a statement of the issue, 2) a brief summary of the argument, and 3) a table of authorities. An interested party may request a hearing within 30 days of publication. See 19 CFR 351.310(c). Any hearing, if requested, will be held 2 days after the scheduled date for the submission of rebuttal briefs. See 19 CFR 351.310(d). The Department will issue the final results of these preliminary results, including the results of our analysis of the issues raised in any such written comments or at a hearing, within 120 days of publication of these preliminary results, pursuant to section 751(a)(3)(A) of the Act.

### Assessment Rates

Upon completion of the administrative review, the Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries, in accordance with 19 CFR 351.212. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of this review.

We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any importer-specific assessment rate calculated in the final results of this review is above de minimis (*i.e.*, at or above 0.50 percent). Pursuant to 19 CFR 351.106(c)(2), we will instruct CBP to liquidate without regard to antidumping duties any entries for which the assessment rate is de minimis (*i.e.*, less than 0.50 percent). See 19 CFR 351.106(c)(1). The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review.

The Department clarified its "automatic assessment" regulation on May 6, 2003. See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003) (*Assessment Policy Notice*). This clarification will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which the reviewed companies did not know that the merchandise they sold to the intermediary (*e.g.*, a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the "All Others" rate if there is no rate for the intermediary involved in the transaction. See *Assessment Policy Notice* for a full discussion of this clarification.

### Cash Deposit Requirements

The Department notified CBP to discontinue suspension of liquidation and collection of cash deposits on entries of the subject merchandise entered or withdrawn from warehouse on or after July 16, 2006, the effective date of revocation of the antidumping duty order.

### Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: July 2, 2007.

We gave interested parties an opportunity to comment on the preliminary results.

Our analysis of the comments received on the preliminary results did not lead to any changes in the net subsidy rate. Therefore, the final results do not differ from the preliminary results. The final net subsidy rate for the reviewed company is listed below in the section entitled "Final Results of Reviews."

**EFFECTIVE DATE:** July 11, 2007.

#### SUPPLEMENTARY INFORMATION:

##### Background

On April 20, 2007, the Department of Commerce ("the Department") published the preliminary results of the administrative reviews of the countervailing duty orders on pure magnesium and alloy magnesium from Canada for the period January 1, 2005, through August 15, 2005. See *Pure Magnesium and Alloy Magnesium from Canada: Preliminary Results of Countervailing Duty Administrative Reviews*, 72 FR 19881 (April 20, 2007) ("Preliminary Results").

Norsk Hydro Canada, Inc. ("NHCI") submitted a case brief on May 7, 2007. In its case brief, NHCI agreed with the Department's *Preliminary Results* with respect to NHCI. US Magnesium LLC ("the petitioner") did not file a case or rebuttal brief.

##### Scope of the Orders

The products covered by these orders are shipments of pure and alloy magnesium from Canada. Pure magnesium contains at least 99.8 percent magnesium by weight and is sold in various slab and ingot forms and sizes. Magnesium alloys contain less than 99.8 percent magnesium by weight with magnesium being the largest metallic element in the alloy by weight, and are sold in various ingot and billet forms and sizes.

The pure and alloy magnesium subject to the orders is currently classifiable under items 8104.11.0000 and 8104.19.0000, respectively, of the Harmonized Tariff Schedule of the United States ("HTSUS"). Although the HTSUS subheadings are provided for convenience and customs purposes, the written descriptions of the merchandise subject to the orders are dispositive.

Secondary and granular magnesium are not included in the scope of these orders. Our reasons for excluding granular magnesium are summarized in *Preliminary Determination of Sales at Less Than Fair Value: Pure and Alloy Magnesium From Canada*, 57 FR 6094 (February 20, 1992).

##### Period of Reviews

The period for which we are measuring subsidies, or POR, is January 1, 2005, through August 15, 2005.
