

issue requests for clarification and additional information.

For the reasons identified by the Petitioners, and because there are no compelling reasons to deny the request, the Department is postponing the preliminary determination under section 733(c)(1)(A) of the Act, by 50 days to September 6, 2007. The deadline for the final determination will continue to be 75 days after the date of the preliminary determination, unless extended.

This notice is issued and published pursuant to sections 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: July 2, 2007.

#### University of Minnesota, et al., Notice of Consolidated Decision on Applications for Duty-Free Entry of Scientific Instruments

This is a decision consolidated pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 A.M. and 5 P.M. in Room 2104, U.S. Department of Commerce, 14th and Constitution Ave., NW., Washington, DC.

Comments: None received. Decisions: Approved. We know of no instrument of equivalent scientific value to the foreign instruments described below, for such purposes as each is intended to be used, was being manufactured in the United States at the time of its order.

*Docket Number: 07-025.* Applicant: University of Minnesota, Minneapolis, MN 55455. Instrument: Confocal Raman Microscope. Manufacturer: Witec, Germany. Intended Use: See notice at 72 FR 33204, June 15, 2007. Reasons: The foreign instrument provides capability for distinguishing polymorphs in organic crystalline films, identifying components in polymer blends at the micron level, distinguishing components in complex biofilms, characterizing the surface composition of coated aerosol particles, etc. Precise mapping control through a piezo scan table, as well as high resolution and adaptation to different wavelengths of the laser are essential features.

*Docket Number: 07-034.* Applicant: Purdue University, West Lafayette, IN 47907-2054. Instrument: Electron Microscope. Manufacturer: FEI Company, The Netherlands. Intended Use: See notice at 72 FR 33204, June 15 2007. Reasons: The foreign instrument provides capability of high voltage electron microscopy.

*Docket Number: 07-035.* Applicant: Old Dominion University, Norfolk, VA 23529. Instrument: Electron Microscope. Manufacturer: JEOL, Ltd., Japan. Intended Use: See notice at 72 FR 33204. Reasons: The foreign instrument provides capability of high voltage electron microscopy. The capabilities of each of the foreign instruments described above are pertinent to each applicant's intended purposes and we know of no other instrument or apparatus being manufactured in the United States which is of equivalent scientific value to any of the foreign instruments.

#### Pure Magnesium and Alloy Magnesium from Canada: Final Results of 2005 Countervailing Duty Administrative Reviews

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On April 20, 2007, the Department of Commerce published in the **Federal Register** the preliminary results of the administrative reviews of the countervailing duty orders on pure magnesium and alloy magnesium from Canada for the period January 1, 2005, through August 15, 2005. We gave interested parties an opportunity to comment on the preliminary results.

Our analysis of the comments received on the preliminary results did not lead to any changes in the net subsidy rate. Therefore, the final results do not differ from the preliminary results. The final net subsidy rate for the reviewed company is listed below in the section entitled "Final Results of Reviews."

**EFFECTIVE DATE:** July 11, 2007.

**FOR FURTHER INFORMATION CONTACT:**

Andrew McAllister or Brandon Farlander, AD/CVD Operations, Office

1, Import Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-1174 or (202) 482-0182, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Background

On April 20, 2007, the Department of Commerce ("the Department") published the preliminary results of the administrative reviews of the countervailing duty orders on pure magnesium and alloy magnesium from Canada for the period January 1, 2005, through August 15, 2005. See *Pure Magnesium and Alloy Magnesium from Canada: Preliminary Results of Countervailing Duty Administrative Reviews*, 72 FR 19881 (April 20, 2007) ("Preliminary Results").

Norsk Hydro Canada, Inc. ("NHCI") submitted a case brief on May 7, 2007. In its case brief, NHCI agreed with the Department's *Preliminary Results* with respect to NHCI. US Magnesium LLC ("the petitioner") did not file a case or rebuttal brief.

##### Scope of the Orders

The products covered by these orders are shipments of pure and alloy magnesium from Canada. Pure magnesium contains at least 99.8 percent magnesium by weight and is sold in various slab and ingot forms and sizes. Magnesium alloys contain less than 99.8 percent magnesium by weight with magnesium being the largest metallic element in the alloy by weight, and are sold in various ingot and billet forms and sizes.

The pure and alloy magnesium subject to the orders is currently classifiable under items 8104.11.0000 and 8104.19.0000, respectively, of the Harmonized Tariff Schedule of the United States ("HTSUS"). Although the HTSUS subheadings are provided for convenience and customs purposes, the written descriptions of the merchandise subject to the orders are dispositive.

Secondary and granular magnesium are not included in the scope of these orders. Our reasons for excluding granular magnesium are summarized in *Preliminary Determination of Sales at Less Than Fair Value: Pure and Alloy Magnesium From Canada*, 57 FR 6094 (February 20, 1992).

##### Period of Reviews

The period for which we are measuring subsidies, or POR, is January 1, 2005, through August 15, 2005.
