## DEPARTMENT OF THE INTERIOR

### Bureau of Land Management

#### National Historic Oregon Trail Interpretive Center Advisory Board; Notice of Reestablishment

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of reestablishment of the National Historic Oregon Trail Interpretive Center Advisory Board.

**SUMMARY:** This notice is published in accordance with Section 9(a)(2) of the Federal Advisory Committee Act of 1972, Public Law 92-463. Notice is hereby given that the Secretary of the Interior has reestablished the Bureau of Land Management's National Historic Oregon Trail Interpretive Center Advisory Board. The purpose of the Advisory Board will be to advise the Bureau of Land Management's Vale District Manager regarding policies, programs, and long-range planning for the management use, and further development of the Interpretive Center; establish a framework for enhanced partnership and participation between the Bureau and the Oregon Trail Preservation Trust; ensure a financially secure, world-class historical and educational facility, operated through a partnership between the Federal Government and the community. This cooperative relationship enriches and maximizes visitor experiences in the region, and improves the coordination of advice and recommendations from the publics served.

**FOR FURTHER INFORMATION CONTACT:**

Douglas Herrema, National Landscape Conservation System (100), Bureau of Land Management, 1620 L Street, NW., Mail Stop 301, Washington, DC 20036, telephone (202) 452-7787.

### Certification Statement

I hereby certify that the reestablishment of the National Historic Oregon Trail Interpretive Center Advisory Board is necessary and in the public interest in connection with the Secretary of the Interior's responsibilities to manage the lands, resources, and facilities administered by the Bureau of Land Management.

Dated: May 29, 2007.

### Minerals Management Service

#### Agency Information Collection Activities: Proposed Collection; Comment Request

**AGENCY:** Minerals Management Service (MMS), Interior.

**ACTION:** Notice of extension of an information collection (1010-0150).

**SUMMARY:** To comply with the Paperwork Reduction Act of 1995 (PRA), MMS is inviting comments on a collection of information that we will submit to the Office of Management and Budget (OMB) for review and approval. The information collection request (ICR) concerns the paperwork requirements in form MMS-144, Rig Movement Notification Report.

**DATES:** Submit written comments by September 17, 2007.

**ADDRESSES:** You may submit comments by any of the following methods listed below. Please use the Information Collection Number 1010-0150 as an identifier in your message.

- E-mail MMS at [rules.comments@mms.gov](mailto:rules.comments@mms.gov). Identify with Information Collection Number 1010-0150 in the subject line.

- Fax: 703-787-1093. Identify with Information Collection Number 1010-0150.

- Mail or hand-carry comments to the Department of the Interior; Minerals Management Service; Attention: Cheryl Blundon; 381 Elden Street, MS-4024; Herndon, Virginia 20170-4817. Please reference "Information Collection 1010-0150" in your comments.

**FOR FURTHER INFORMATION CONTACT:**

Cheryl Blundon, Regulations and Standards Branch at (703) 787-1607. You may also contact Cheryl Blundon to obtain a copy, at no cost, of the form that requires the subject collection of information.

**SUPPLEMENTARY INFORMATION:** *Title:* Form MMS-144, Rig Movement Notification Report.

*OMB Control Number:* 1010-0150.

*Abstract:* The Outer Continental Shelf (OCS) Lands Act, as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior (Secretary) to prescribe rules and regulations to administer leasing of the OCS. Such rules and regulations will apply to all operations conducted under a lease. Operations on the OCS must preserve, protect, and develop oil and natural gas resources in a manner that is consistent with the need to make such resources available to meet the Nation's energy needs as rapidly as possible; to balance orderly energy resource development with protection of human, marine, and coastal environments; to ensure the public a fair and equitable return on the resources of the OCS; and to preserve and maintain free enterprise competition. Section 1332(6) of the Act requires that "operations in the [O]uter Continental Shelf should be conducted in a safe manner by well-trained personnel using technology, precautions, and techniques sufficient to prevent or minimize the likelihood of blowouts, loss of well control, fires, spillages, physical obstruction to other users of the waters or subsoil and seabed, or other occurrences which may cause damage to the environment or to property, or endanger life or health."

This ICR concerns the regulations in 30 CFR 250 Subparts D, E, and F, specifically §§ 403(c), 502, and 602, on the movement of drilling, completion, and workover rigs and related equipment on and off an offshore platform or from well to well on the same offshore platform. The requirement for operators to notify MMS of rig movements is only specifically stated in § 250.403(c). Since MMS is mandated to perform timely inspections on rigs and platforms, we must have accurate information with regard to their location on the OCS. We use this information in scheduling inspections with regard to priority and cost effectiveness.

However, because of the increased volume of activity in the Gulf of Mexico Region (GOMR), it is now standard MMS procedure to require this notification as a condition of approval for well workover, recompletion, or abandonment operations. Because of this we have included the rig movement notification with the other general information collection requirements of these regulations under OMB Control Numbers 1010-0141, 1010-0067, and 1010-0043 (30 CFR 250, Subparts D, E, and F, respectively). The MMS District

Offices use the information reported to ascertain the precise arrival and departure of all rigs in OCS waters. The accurate location of these rigs is necessary to better facilitate the scheduling of inspections by MMS personnel.

We will protect information from respondents considered proprietary under the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR part 2) and under regulations at 30 CFR 250.197, "Data and information to be made available to the public or for limited inspection." No items of a sensitive nature are collected. Responses are mandatory.

*Frequency:* On occasion.

*Estimated Number and Description of Respondents:* Approximately 130 Federal OCS oil and gas lessees.

*Estimated Reporting and Recordkeeping "Hour" Burden:* We estimate respondents will average 6 minutes to fill out and complete Form MMS-144. The total annual estimate is 180 burden hours.

*Estimated Reporting and Recordkeeping "Non-Hour Cost"*

*Burden:* We have identified no cost burdens associated for this collection.

*Public Disclosure Statement:* The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

*Comments:* Before submitting an ICR to OMB, PRA section 3506(c)(2)(A) requires each agency " \* \* \* to provide notice \* \* \* and otherwise consult with members of the public and affected agencies concerning each proposed collection of information \* \* \*".

Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden of the respondents, including the use of automated collection techniques or other forms of information technology.

Agencies must also estimate the "non-hour costs" burdens to respondents or recordkeepers resulting from the collection of information. Therefore, if you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or

annual operation, maintenance, and purchase of service components. You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information, monitoring, and record storage facilities. You should not include estimates for equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our submission for OMB approval. As a result of your comments, we will make any necessary adjustments to the burden in our submission to OMB.

*Public Comment Procedures:* Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

*MMS Information Collection Clearance Officer:* Arlene Bajusz (202) 208-7744.

Dated: June 20, 2007.

## DEPARTMENT OF THE INTERIOR

### National Park Service

#### Resource Protection Study, Draft Environmental Impact Statement, Curecanti National Recreation Area, CO

**AGENCY:** National Park Service, Department of the Interior.

**ACTION:** Notice of Availability of the Draft Environmental Impact Statement (EIS) for the Resource Protection Study (RPS), Curecanti National Recreation Area.

**SUMMARY:** Pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4332(2)(C), the National Park Service announces the availability of a Draft Environmental Impact Statement for the Resource Protection Study for Curecanti National Recreation Area, Colorado.

#### Alternatives Evaluated

##### Alternative 1

Under Alternative 1, the No Action Alternative, NPS would continue to manage the natural, cultural, and recreational resources of Curecanti National Recreation Area (NRA), and associated facilities, pursuant to Reclamation law, NPS law, the 1965 Memorandum of Agreement between NPS and Reclamation (1965 MOA), and other applicable laws and regulations. Reclamation would continue to manage the three dams and reservoirs, power plants, access roads, and other related facilities, to meet the purposes of the Colorado River Storage Project Act (CRSP); and the East Portal area to meet the purposes of the Uncompahgre Project; pursuant to Reclamation law, the 1965 MOA, and other applicable laws and regulations. There would be no significant change in the NRA boundary. However, a permanent NPS presence would not be assured under this alternative.

##### Alternative 2

Under Alternative 2, the Proposed Action, NPS would manage the same natural, cultural, and recreational resources and facilities as Alternative 1, pursuant to Reclamation law, NPS law, including new legislation establishing the NRA with 10,040 acres of additional agreed-upon neighboring agency lands, a revised MOA with Reclamation, and other applicable laws and regulations. Reclamation would manage their same facilities as Alternative 1, pursuant to Reclamation law, the revised MOA, and other applicable laws and regulations. NPS would be authorized to work in partnership with private landowners within a Conservation Opportunity Area of 24,300 acres outside the NRA boundary, to implement a variety of tools, including acquiring interests in land from willing landowners, which would promote the long-term conservation of resources. A permanent NPS presence would be assured under this alternative, which is also the environmentally preferred alternative. **DATES:** The National Park Service will accept comments on the Draft Environmental Impact Statement from the public. Comments will be accepted for 90 days from the date the
