

(IR-4), 500 College Road East, Suite 201 W., Princeton, NJ 08540-6635, proposes to establish a tolerance for residues of the insecticide buprofezin, in or on food commodities: Vegetable, leafy, except *Brassica*, group 4 at 25 ppm; olive at 3.0 ppm; olive, oil at 9.0 ppm; strawberry, bearberry, bilberry, lowbush blueberry, cloudberry, cranberry, lingonberry, muntries and partridge berry at 2.5 ppm. This summary has been prepared by Nichino America, Inc., Wilmington, DE 19808, the registrant. The proposed analytical method involves extraction, partition, clean-up and detection of residues by gas chromatography using nitrogen phosphorous detection. Contact: Susan Stanton; telephone number: (703) 305-5218; e-mail address: stanton.susan@epa.gov.

4. *PP 7F7184*. (Docket ID number EPA-HQ-OPP-2007-00461). Syngenta Crop Protection, Inc., P.O. Box 18300, Greensboro, NC 27419, proposes to establish a tolerance for residues of the fungicide mandipropamid, (benzeneacetamide, 4-chloro-N-[2-[3-methoxy-4-(2-propynyloxy)phenyl]ethyl]-alpha-(2-propynyloxy)) in or on food commodity vegetables, leafy at 15 ppm. Analytical method RAM 415-01 was developed for determination of mandipropamid residues in crops. This method involves extraction of mandipropamid residues from crop samples by homogenization with acetonitrile: Water (80:20 v/v). Extracts are centrifuged and aliquots diluted with water prior to being cleaned-up using polymeric solid-phase extraction cartridges. Residues of mandipropamid are quantified using high performance liquid chromatography with triple quadrupole mass spectrometric detection (LC-MS/MS). This method has been successfully validated at an independent facility and therefore is suitable for use as the enforcement method for the determination of residues of mandipropamid in crops. The multi-residue method was not successful at determining residues of mandipropamid. Contact: Rosemary Kearns; telephone number: (703) 305-5611; e-mail address: kearns.rosemary@epa.gov.

5. *PP 6F7119*. (Docket ID number EPA-HQ-OPP-2007-00475). Bayer CropScience LLC, 2 T. W. Alexander Dr., Research Triangle Park, NC 27709, proposes to establish a tolerance for residues of the insecticide spirotetramat, cis-3-(2,5-dimethylphenyl)-8-methoxy-2-oxo-1-azaspiro[4.5]dec-3-en-4-yl ethyl carbonate and its metabolite cis-3-(2,5-dimethylphenyl)-4-hydroxy-8-methoxy-1-azaspiro[4.5]dec-3-en-2-one], calculated as spirotetramat equivalents

in or on food commodities: Vegetable, tuberous and corm, subgroup 1C at 1.0 ppm; potato, granules/flakes at 2.5 ppm; onions, dry bulb, subgroup 3A at 0.3 ppm; vegetables, leafy, except *Brassica*, group 4 at 5.0 ppm; *Brassica*, head and stem, subgroup 5A at 3.0 ppm; *Brassica*, leafy greens, subgroup 5B at 16.0 ppm; vegetables, fruiting, group 8 at 1.0 ppm; tomato, dried pomace at 2.5 ppm; vegetable, cucurbit, group 9 at 0.2 ppm; fruit, citrus, group 10 at 0.5 ppm; citrus, oil at 4.0 ppm; fruit, pome, group 11 at 0.5 ppm; fruit, stone, group 12 at 2.0 ppm; nut, tree, group 14 at 0.5 ppm; almond, hulls at 9.0 ppm; grape at 1.0 ppm; grape, raisin at 2.5 ppm; hop at 10.0 ppm; strawberry at 0.5 ppm; cattle, goat, hog, sheep and horse, meat at 0.01 ppm; cattle, goat, hog, sheep and horse, fat at 0.01 ppm; cattle, goat, hog, sheep and horse, liver at 0.01 ppm; cattle, goat, hog, sheep and horse, meat byproducts, except liver at 0.02 ppm. The residues of spirotetramat and its metabolites were quantified by high pressure liquid chromatography/triple stage quadrupole mass spectrometry (LC-MS/MS) using the stable isotopically labeled analytes as internal standards. The individual analyte residues were converted to spirotetramat molar equivalents and summed to give total spirotetramat residues. The LOQ for each analyte was 0.01 ppm for all commodities except citrus (0.05 ppm) and hops (0.1 ppm). Contact: Rita Kumar, telephone number: (703) 308-8291; e-mail address: kumar.rita@epa.gov.

List of Subjects

Environmental protection, Agricultural commodities, Feed additives, Food additives, Pesticides and pests, Reporting and recordkeeping requirements.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2007-0086; FRL-8134-2]

Implementation of the Emerging Pathogens and Disinfection Hierarchy for Antimicrobial Products; Notice of Availability

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: To assure that EPA's practices related to implementing the Food Quality Protection Act of 1996 (FQPA) are transparent and open to public participation, EPA is soliciting comments on the pesticide draft science guidance document entitled "Implementation of the Emerging Pathogens and Disinfection Hierarchy for Antimicrobial Products."

DATES: Comments must be received on or before August 24, 2007.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2007-0086, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

- *Mail:* Office of Pesticide Programs (OPP) Regulatory Public Docket (7502P), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001.

- *Delivery:* OPP Regulatory Public Docket (7502P), Environmental Protection Agency, Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. Deliveries are only accepted during the Docket's normal hours of operation 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. Special arrangements should be made for deliveries of boxed information. The Docket Facility telephone number is (703) 305-5805.

Instructions: Direct your comments to docket ID number EPA-HQ-OPP-2007-0086. EPA's policy is that all comments received will be included in the docket without change and may be made available on-line at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or e-mail. The Federal regulations.gov Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through www.regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any

disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: All documents in the docket are listed in the docket index available in regulations.gov. To access the electronic docket, go to: <http://www.regulations.gov>, select "Advanced Search," then "Docket Search." Insert the docket ID number where indicated and select the "Submit" button. Follow the instructions on the regulations.gov web site to view the docket index or access available documents. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the OPP Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305-5805.

FOR FURTHER INFORMATION CONTACT:

Laura Bailey, Antimicrobials Division (7510P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 308-6212; fax number: (703) 308-6467; e-mail address: bailey.laura@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

You may be potentially affected by this action if you formulate or market pesticide products. Potentially affected entities may include, but are not limited to:

Antimicrobial pesticides (NAICS 325612)

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in this unit could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to

assist you and others in determining whether this action might apply to certain entities. To determine whether you or your business may be affected by this action, you should carefully examine the applicability provisions in the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) as amended by the Food Quality Protection Act (FQPA) of August 3, 1996 Section 2(u). If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. What Should I Consider as I Prepare My Comments for EPA?

1. **Submitting CBI.** Do not submit this information to EPA through regulations.gov or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD ROM that you mail to EPA, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. **Tips for preparing your comments.** When submitting comments, remember to:

- i. Identify the document by docket ID number and other identifying information (subject heading, **Federal Register** date, and page number).
- ii. Follow directions. The Agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.
- iii. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.
- iv. Describe any assumptions and provide any technical information and/or data that you used.
- v. If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.
- vi. Provide specific examples to illustrate your concerns and suggest alternatives.
- vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.
- viii. Make sure to submit your comments by the comment period deadline identified.

II. What Action is the Agency Taking?

There is a growing need for the public health community to recognize and respond to unique threats from newly-identified microbial pathogens (e.g., severe acute respiratory syndrome (SARS Co-V) and re-emerging infectious disease agents of importance (e.g., *Vancomycin-Resistant Staphylococcus aureus* (VRSA)). Based upon contemporary understanding of the physiochemical structure of microorganisms and their respective inactivation kinetics, microorganisms can be ranked with respect to their susceptibility to hard surface disinfectants.

The guidance proposes to utilize an organism hierarchy to identify products for use with emerging pathogens and to permit registrants, in accordance with EPA regulations, to make limited label statements. The guidance applies only to emerging enveloped and non-enveloped viruses and may be implemented after the Centers for Disease Control and Prevention has identified the taxonomic genera of the emerging virus. Limitations, label recommendations and the process for implementation are discussed in detail in the supporting guidance document. The supporting implementation guidance is available in the docket at EPA-HQ-OPP-2007-0086.

List of Subjects

Environmental protection, Pesticides and pests, Disinfection hierarchy, Emerging pathogens, Antimicrobial products.

Dated: July 13, 2007.

Betty Shackelford,

Acting Director, Antimicrobials Division, Office of Pesticide Programs.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission for Extension Under Delegated Authority

July 18, 2007.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burdens, invites the general public and other Federal agencies to take this opportunity to (PRA) of 1995 (PRA), Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a
