DATES: Comments must be submitted on or before August 29, 2007.

FOR FURTHER INFORMATION CONTACT: Riva Spear Adriance, Division of Market Oversight, U.S. Commodity Futures Trading Commission, 1155 21st Street, NW., Washington, DC 20581, (202) 418-5494; FAX: (202) 418-5527; e-mail: radriance@cftc.gov and refer to OMB Control No. 3038-0054.

SUPPLEMENTARY INFORMATION:

Title: Establishing Procedures for Entities Operating as Exempt Markets, OMB Control No. 3038-0054. This is a request for extension of a currently approved information collection.

Abstract: Sections 2(h)(3) through (5) of the Commodity Exchange Act (Act) provides that exempt commercial markets are markets excluded from the Act's other requirements. The rules implement the qualifying conditions of the exemption. Rule 36.3(a) implements the notification requirements, and rule 36.3(b)(1) establishes information requirements for exempt commercial markets consistent with section 2(h)(5)(B) of the Act. An exempt commercial market may provide the Commission with access to transactions conducted on the facility or it can satisfy its reporting requirements by complying with the Commission's reporting requirements. The Act affirmatively vests the Commission with comprehensive anti-manipulation enforcement authority over these trading facilities. The Commission is

charged with monitoring these markets for manipulation and enforcing the anti-manipulation provisions of the Act. The informational requirements imposed by proposed rules are designed to ensure that the Commission can effectively perform these functions. Section 5d of the Act establishes a category of market exempt from Commission oversight referred to as an "exempt board of trade." Rule 36.2 implements regulations that define those commodities that are eligible to trade on an exempt board of trade. Rule 36.2(b) implements the notification requirements of section 5d of the Act. Rule 36.2(b)(1) requires exempt boards of trade relying on this exemption to disclose to traders that the facility and trading on the facility is not regulated by the Commission. This requirement is necessary to make manifest the nature of the market and to avoid misleading the public.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for the CFTC's regulations were published on December 30, 1981. See 46 FR 63035 (Dec. 30, 1981).
