DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

Fee Schedule for Processing Requests for Map Changes, for Flood Insurance Study Backup Data, and for National Flood Insurance Program Map and Insurance Products

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: This notice contains the revised fee schedules for processing certain types of requests for changes to national Flood Insurance Program (NFIP) maps, for processing requests for Flood Insurance Study (FIS) technical and administrative support data, and for processing requests for particular NFIP map and insurance products. The changes in the fee schedules will allow the Federal Emergency Management Agency (FEMA) to reduce further the expenses to the NFIP by recovering more fully the costs associated with processing conditional and final map change requests; retrieving, reproducing, and distributing technical and administrative support data related to FIS analyses and mapping; and producing, retrieving, and distributing particular NFIP map and insurance products.

EFFECTIVE DATE: The revised fee schedules are effective for all requests dated October 1, 2007, or later.

FOR FURTHER INFORMATION CONTACT: William Blanton Jr., CFM, Section Chief, Engineering Management Section, Risk Analysis Branch, 500 C Street, SW., Washington, DC 20472; by telephone at (202) 646-3151 or by facsimile at (202) 646-2787 (not toll-free calls); or by e-mail at william.blanton@dhs.gov.

SUPPLEMENTARY INFORMATION: This notice contains the revised fee schedules for processing certain types of requests for changes to NFIP maps, requests for FIS technical and administrative support data, and requests for particular NFIP map and insurance products.

Effective Dates. The revised fee schedule for map changes is effective for all requests dated October 1, 2007, or later. The revised fee schedule supersedes the current fee schedule, which was established on October 30, 2005.

The revised fee schedule for requests for FIS backup data also is effective for all requests dated October 1, 2007, or later. The revised fee schedule supersedes the current fee schedule,

which was established on October 30, 2005.

The revised fee schedule for requests for particular NFIP map and insurance products, which are available through the FEMA Map Service Center (MSC) is effective for all written requests, on-line Internet requests made through the FEMA Flood Map Store, and all telephone requests received on or after October 1, 2007. The revised fee schedule supersedes the current fee schedule, which was established on October 30, 2005.

Evaluations Performed. To develop the revised fee schedule for conditional and final map change requests, FEMA evaluated the actual costs of reviewing and processing requests for Conditional Letters of Map Amendment (CLOMAs), Conditional Letters of Map Revision Based on Fill (CLOMR-Fs), Conditional Letters of Map Revision (CLOMRs), Letters of Map Revision Based on Fill (LOMR-Fs), and Letters of Map Revision (LOMRs).

To develop the revised fee schedule for requests for FIS technical and administrative support data, FEMA evaluated the actual costs of reviewing, reproducing, and distributing archived data in seven categories. These categories are discussed in more detail below.

To develop the revised fee schedule for requests for particular NFIP map and insurance products, FEMA: (1) Evaluated the actual costs incurred at the MSC for producing, retrieving, and distributing those products; (2) analyzed historical sales, cost data, and product unit cost for unusual trends or anomalies; and, (3) analyzed the effect of program changes, new products, technology investments, and other factors on future sales and product costs. The products covered by this notice are discussed in detail below.

Periodic Evaluations of Fees. A primary component of the fees is the prevailing private-sector rates charged to FEMA for labor and materials. Because these rates and the actual review and processing costs may vary from year to year, FEMA will evaluate the fees periodically and publish revised fee schedules, when needed, as notices in the **Federal Register**.

Fee Schedule for Requests for Conditional Letters of Map Amendment and Conditional and Final Letters of Map Revision Based on Fill

Based on a review of actual cost data for Fiscal Year 2005 and Fiscal Year 2006, FEMA maintained the following review and processing fees, which are to be submitted with all requests:

Request for single-lot/single-structure CLOMA and CLOMR-F: \$500.

Request for single-lot/single-structure LOMR-F: \$425.

Request for single-lot/single-structure LOMR-F based on as-built information (CLOMR-F previously issued by FEMA): \$325.

Request for multiple-lot/multiple-structure CLOMA: \$700.

Request for multiple-lot/multiple-structure CLOMR-F and LOMR-F: \$800.

Request for multiple-lot/multiple-structure LOMR-F based on as-built information (CLOMR-F previously issued by FEMA): \$700.

Fee Schedule for Requests for Conditional Map Revisions

Based on a review of actual cost data for Fiscal Year 2005 and Fiscal Year 2006, FEMA established the following review and processing fees, which are to be submitted with all requests that are not otherwise exempted under 44 CFR 72.5:

Request based on new hydrology, bridge, culvert, channel, or combination thereof: \$4,400.

Request based on levee, berm, or other structural measure: \$5,500.

Fee Schedule for Requests for Map Revisions

Based on a review of actual cost data for Fiscal Year 2005 and Fiscal Year 2006, FEMA established the following review and processing fees, which are to be submitted with all requests that are not otherwise exempted under 44 CFR 72.5, requesters must submit the review and processing fees shown below with requests for LOMRs dated October 1, 2007, or later that are not based on structural measures on alluvial fans.

Request based on bridge, culvert, channel, hydrology, or combination thereof: \$4,800.

Request based on levee, berm, or other structural measure: \$6,500.

Request based on as-built information submitted as follow-up to CLOMR: \$4,800.

Fees for Conditional and Final Map Revisions Based on Structural Measures on Alluvial Fans

Based on a review of actual cost data for Fiscal Year 2005 and Fiscal Year 2006, FEMA has maintained \$5,600 as the initial fee for requests for CLOMRs and LOMRs based on structural measures on alluvial fans. FEMA will also continue to recover the remainder of the review and processing costs by invoicing the requester before issuing a determination letter, consistent with current practice. The prevailing private-sector labor rate charged to FEMA (\$60

per hour) will continue to be used to calculate the total reimbursable fees.

Fee Schedule for Requests for Flood Insurance Study Backup Data

Non-exempt requestors of FIS technical and administrative support data must submit fees shown below with requests dated October 1, 2007, or later. These fees are based on the complete recovery costs to FEMA for retrieving, reproducing, and distributing the data, as well as maintaining the library archives, and for collecting and depositing fees. Based on a review of actual cost data for Fiscal Year 2005 and Fiscal Year 2006, FEMA maintained the following review and processing fees from the October 30, 2005, fee schedule, which are to be submitted with all requests.

All entities except the following will be charged for requests for FIS technical and administrative support data:

- Private architectural-engineering firms under contract to FEMA to perform or evaluate studies and restudies;
- Federal agencies involved in performing studies and restudies for FEMA (i.e., U.S. Army Corps of Engineers, U.S. Geological Survey, Natural Resources Conservation Service, and Tennessee Valley Authority);
- Communities that have supplied the Digital Line Graph base to FEMA and request the Digital Line Graph data (Category 6 below);
- Communities that request data during the statutory 90-day appeal period for an initial or revised FIS for that community;
- Mapped participating communities that request data at any time other than during the statutory 90-day appeal period, provided the data are requested for use by the community and not a third-party user; and
- State NFIP Coordinators, provided the data requested are for use by the State NFIP Coordinators and not a third-party user.

FEMA has established seven categories into which requests for FIS backup data are separated. These categories are:

- (1) Category 1—Paper copies, microfiche, or diskettes of hydrologic and hydraulic backup data for current or historical FISs;
- (2) Category 2—Paper or mylar copies of topographic mapping developed during FIS process;
- (3) Category 3—Paper copies or microfiche of survey notes developed during FIS process;
- (4) Category 4—Paper copies of individual Letters of Map Change (LOMCs);

(5) Category 5—Paper copies of Preliminary Flood Insurance Rate Map or Flood Boundary and Floodway Map panels;

(6) Category 6—Computer tapes or CD-ROMs of Digital Line Graph files, Digital Flood Insurance Rate Map files, or Digital LOMR attachment files; and

(7) Category 7—Computer diskettes and user's manuals for FEMA computer programs.

FEMA established the initial non-refundable fee of \$135 non-exempt requestors of FIS technical and administrative support data pay to initiate their request under Categories 1, 2, and 3 above. This fee covers the preliminary costs of research and retrieval. If the data requested are available and the request is not cancelled, the final fee due is calculated as a sum of standard per-product charge plus a per-case surcharge of \$93, designed to recover the cost of library maintenance and archiving. The total costs of processing requests in Categories 1, 2, and 3 will vary based on the complexity of the research involved in retrieving the data and the volume and medium of data to be reproduced and distributed. The initial fee will be applied against the total costs to process the request, and FEMA will invoice the requester for the balance plus the per-case surcharge before the data are provided. No data will be provided to a requester until all required fees have been paid.

No initial fee is required to initiate a request for data under Categories 4 through 7. Requesters will be notified by telephone about the availability of the data and the fees associated with the requested data.

As with requests for data under Categories 1, 2, and 3, no data will be provided to requesters until all required fees are paid. A flat user fee for each of these categories of requests, shown below, will continue to be required.

Request Under Category 4 (First Letter): \$40.

Request Under Category 4 (Each additional letter): \$10.

Request Under Category 5 (First panel): \$35.

Request Under Category 5 (Each additional panel): \$2.

Request Under Category 6 (per county/digital LOMR attachment shapefiles): \$150.

Request Under Category 7 (per copy): \$25.

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: Each year the Federal Emergency Management Agency (FEMA) is required by the Write-Your-

Own (WYO) program Financial Assistance/Subsidy Arrangement (Arrangement) to notify the private insurance companies (Companies) and make available to the Companies the terms for subscription or re-subscription to the Arrangement. In keeping with that requirement, this notice provides the terms to the Companies to subscribe or re-subscribe to the Arrangement.

FOR FURTHER INFORMATION CONTACT:

Edward L. Connor, FEMA, 500 C Street, SW., Washington, DC 20472, 202-646-3429 (phone), 202-646-3445 (facsimile), or *Edward.Connor@dhs.gov* (e-mail).

SUPPLEMENTARY INFORMATION: Under the Arrangement, approximately 90 private sector property insurers issue flood insurance policies and adjust flood insurance claims under their own names based on the Arrangement with the Federal Insurance Administration (FIA) (44 CFR part 62, appendix A). The WYO insurers receive an expense allowance and remit the remaining premium to the Federal Government. The Federal Government pays WYO insurers for flood losses and pays loss adjustment expenses based on a fee schedule. Litigation costs, including court costs, attorney fees, judgments, and settlements, are paid by FIA based on submitted documentation. The Arrangement provides that under certain circumstances reimbursement for litigation costs will not be made. The complete Arrangement is published in 44 CFR part 62, appendix A. Each year

FEMA is required to publish in the **Federal Register** and make available to the Companies the terms for subscription or re-subscription to the Financial Assistance/Subsidy Arrangement. During the 2006-2007 Arrangement year FEMA published (71 FR 54678, Sept. 18, 2006) notice of the changes to the Arrangement. No changes have been made to the Arrangement since the publication of the previous notice; however changes to the arrangement are contemplated for the future.

During September 2007, FEMA will send a copy of the offer for the 2007-2008 Arrangement year, together with related materials and submission instructions, to all private insurance companies participating under the current 2006-2007 Arrangement. Any private insurance company not currently participating in the WYO Program but wishing to consider FEMA's offer for 2007-2008 may request a copy by writing: Federal Emergency Management Agency, Mitigation Division, Attn: WYO Program, 500 C Street, SW., Washington, DC 20472, or contact Edward Connor at 202-646-3445 (facsimile), or *Edward.Connor@dhs.gov* (e-mail).
