Services, Kleenaway Services, Waste Management Upstream, PMI, Inc., Coolant Controls, Pitney Bowes and CNC Logistics; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273), and section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance on April 23, 2007, applicable to workers of Visteon Systems, LLC, Climate Control Division, Evaporators, Connersville, Indiana and Visteon Systems, LLC Climate Control Division Radiator/Heat Exchange, Connersville,

Indiana. The notice was published in the **Federal Register** on May 9, 2007 (72 FR 26424).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of evaporators and radiators/heat exchanges for the automotive industry.

The investigation revealed that the leased workers of the above listed firms were contracted to work on-site at the Connersville, Indiana location of Visteon Systems, LLC Climate Control Division. The Department has determined that the above listed on-site worker groups are in support of the production of evaporators and radiator/heat exchange units at the subject firm and are sufficiently under the control of the subject firm.

The intent of the Department's certification is to include all workers employed at Visteon Systems, LLC, Climate Control Division, Evaporators and Radiator/Heat Exchange, Connersville, Indiana who were adversely affected by a shift in production to Mexico.
