I. Funding Opportunity Description

Purpose of Program: The purpose of the Technology and Media Services for Individuals with Disabilities program is to: (1) Improve results for students with disabilities by promoting the development, demonstration, and use of technology; (2) support educational media services activities designed to be of educational value in the classroom for students with disabilities; and (3) provide support for captioning and video description that is appropriate for use in the classroom.

Priority: In accordance with 34 CFR 75.105(b)(2)(v), this priority is from allowable activities specified in sections 674(c)(1)(D) and 681(d) of the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. 1400 *et seq.*

Absolute Priority: For FY 2007, this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

This priority is:

Technology and Media Services for Individuals with Disabilities—

Educational Materials in Accessible Formats for Students with Visual Impairments and Other Print Disabilities.

Priority:

The purpose of this priority is to provide free educational materials, including textbooks, in accessible media for use by students with visual impairments and other print disabilities in elementary and secondary schools and in postsecondary and graduate schools. These materials may be provided using CD-ROMs, audiotapes, and similar technologies, including electronic text and digital audio synchronization.

To be considered for funding under this priority, the project must—

(a) Provide educational materials in accessible formats to State educational agencies (SEAs) and local educational agencies (LEAs) for use by elementary and secondary education students with visual impairments or other print disabilities. The educational materials, including specialized equipment needed to use the materials, must be provided at no cost. For example, the project may not assess membership fees to individual students or to institutions, including schools, SEAs, or LEAs;

(b) Provide educational materials in accessible formats for students with visual impairments or other print disabilities attending postsecondary and graduate schools. Materials may be provided directly to eligible students or to postsecondary and graduate institutions and vocational rehabilitation agencies requesting materials in accessible formats on behalf of eligible students. The materials and equipment needed to use the materials must be provided free of charge. For example, the project may not assess fees to individual students or to institutions, including, vocational rehabilitation agencies, post-secondary schools, and graduate schools;

(c) Obtain statements of eligibility signed by professionals who certify the eligibility of postsecondary and graduate students with visual impairments and other print disabilities and the students' specific need for educational materials in accessible formats;

(d) Coordinate and collaborate with publishers, software developers, other manufacturers of accessible materials for individuals with visual impairments or print disabilities, and the National Instructional Materials Access Center (NIMAC) to ensure that the project uses the most effective and economical technology available to provide access to educational materials, including textbooks;

(e) To the fullest extent possible and appropriate, produce accessible materials using files that are compliant with the National Instructional Materials Accessibility Standard (NIMAS);

(f) Coordinate with SEAs, LEAs, other government agencies, and disability and educational organizations, including the NIMAC, to ensure non-duplication of effort in the production or acquisition of accessible materials and in the delivery of these materials to SEAs, LEAs, and eligible postsecondary and graduate students;

(g) Cooperate with SEA and LEA efforts to implement or improve State systems for providing educational materials in accessible formats to students with visual impairments or other print disabilities;

(h) Ensure that project activities are conducted in compliance with section 121 of the Copyright Act, as amended;

(i) Establish an advisory group consisting of SEA and LEA representatives, parents of individuals with visual impairments and other print disabilities ages birth through 26, consumers with visual impairments and consumers with other print disabilities who use educational materials in accessible formats, and schools or other institutions where educational materials in accessible formats are used. The purpose of this advisory group is to provide the project with input and ongoing advice on the project's goals, objectives, program activities, and services;

(j) Budget for a one and one-half day kick-off meeting to be held in Washington, DC, within four weeks after receipt of the award. The primary purposes of this meeting will be to review the Department's grantee requirements, discuss the project's planned activities and budget, and confirm the expectations for the project's performance measures and evaluation;

(k) Budget for a three-day Project Director's meeting in Washington, DC, during each year of the project, and one additional two-day trip to Washington, DC, to meet with the Project Officer for the Office of Special Education Program (OSEP) and other funded projects for purposes of cross-project collaboration and information exchange; and

(l) Include on its Web site, if the project maintains a Web site, relevant information and documents in a format that meets a government or industry-recognized standard for accessibility.

Fourth and Fifth Years of Project

In deciding whether to continue this project for the fourth and fifth years, the

Secretary will consider the requirements of 34 CFR 75.253(a), and in addition—

(a) The recommendations of a review team consisting of experts selected by the Secretary. The review will be conducted during the last half of the project's second year in Washington, DC. Projects must budget for travel expenses associated with this one-day intensive review;

(b) The timeliness and effectiveness with which all requirements of the negotiated cooperative agreement have been, or are being, met by the project; and

(c) Evidence of the quality, relevance, and usefulness of the project's activities and the degree to which the project's activities have contributed to improved results for students with disabilities.

Waiver of Proposed Rulemaking: Under the Administrative Procedure Act (APA) (5 U.S.C. 553), the Department generally offers interested parties the opportunity to comment on proposed priorities. However, section 681(d) of IDEA makes the public comment requirements of the APA inapplicable to the priority in this notice.

Program Authority: 20 U.S.C. 1474 and 1481.

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99.

You may access the electronic grant application for the Educational Materials in Accessible Formats for Students with Visual Impairments and

Other Print Disabilities competition at <http://www.Grants.gov>. You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.327, not 84.327K).

Please note the following:

- Your participation in *Grants.gov* is voluntary.

- When you enter the *Grants.gov* site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by *Grants.gov* are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the *Grants.gov* system no later than 4:30 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not consider your application if it is date and time stamped by the *Grants.gov* system later than 4:30 p.m., Washington, DC time, on the application deadline date. When we retrieve your application from *Grants.gov*, we will notify you if we are rejecting your application because it was date and time stamped by the *Grants.gov* system after 4:30 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through *Grants.gov*.

- You should review and follow the Education Submission Procedures for submitting an application through *Grants.gov* that are included in the application package for this competition to ensure that you submit your application in a timely manner to the *Grants.gov* system. You can also find the Education Submission Procedures pertaining to *Grants.gov* at <http://e-Grants.ed.gov/help/GrantsgovSubmissionProcedures.pdf>

- To submit your application via *Grants.gov*, you must complete all steps in the *Grants.gov* registration process (see http://www.grants.gov/applicants/get_registered.jsp). These steps include (1) Registering your organization, a multi-part process that includes registration with the Central Contractor Registry (CCR); (2) registering yourself as an Authorized Organization Representative (AOR); and (3) getting

authorized as an AOR by your organization. Details on these steps are outlined in the *Grants.gov* 3-Step Registration Guide (see <http://www.grants.gov/section910/Grants.govRegistrationBrochure.pdf>). You also must provide on your application the same D-U-N-S Number used with this registration. Please note that the registration process may take five or more business days to complete, and you must have completed all registration steps to allow you to submit successfully an application via *Grants.gov*. In addition you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you submit your application in paper format.

- If you submit your application electronically, you must submit all documents electronically, including all information you typically provide on the following forms: Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications. Please note that two of these forms—the SF 424 and the Department of Education Supplemental Information for SF 424—have replaced the ED 424 (Application for Federal Education Assistance).

- If you submit your application electronically, you must attach any narrative sections of your application as files in a .DOC (document), .RTF (rich text), or .PDF (Portable Document) format. If you upload a file type other than the three file types specified in this paragraph or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from *Grants.gov* an automatic notification of receipt that contains a *Grants.gov* tracking number. (This notification indicates receipt by *Grants.gov* only, not receipt by the Department.) The Department then will retrieve your application from *Grants.gov* and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

• We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through *Grants.gov*, please contact the *Grants.gov* Support Desk, toll-free, at 1-800-518-4726. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30 p.m., Washington, DC time, on the application deadline date, please contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII in this notice and provide an explanation of the technical problem you experienced with *Grants.gov*, along with the *Grants.gov* Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the *Grants.gov* system and that that problem affected your ability to submit your application by 4:30 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the *Grants.gov* system. We will not grant you an extension if you failed to fully register to submit your application to *Grants.gov* before the application deadline date and time or if the technical problem you experienced is unrelated to the *Grants.gov* system.

V. *Application Review Information*

1. *Selection Criteria:* The selection criteria for this competition are from 34 CFR 75.210 and are listed in the application package.

2. *Peer Review:* In the past, there have been problems in finding peer reviewers without conflicts of interest for competitions in which many entities throughout the country submit applications. The Standing Panel requirements under IDEA also have placed additional constraints on the availability of reviewers. Therefore, the Department has determined that, in order to avoid potential conflicts of interest for some discretionary grant competitions, applications may be separated into two or more groups and ranked and selected for funding within the specific group. This procedure will ensure the availability of a much larger group of reviewers without conflicts of interest. It also will increase the quality, independence, and fairness of the review process and permit panel members to review applications under discretionary grant competitions for which they also have submitted applications. However, if the Department selects for funding an equal number of applications in each group, different cut-off points for fundable applications in each group may result.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notice (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by

the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

4. *Performance Measures:* Under the Government Performance and Results Act of 1993 (GPRA), the Department has developed measures that will yield information on various aspects of the quality of the Technology and Media Services for Individuals with Disabilities program. These measures focus on the extent to which projects are of high quality, are relevant to the needs of children with disabilities, and contribute to improving results for children with disabilities. We will collect data on these measures from the projects funded under this competition.

Grantees also will be required to report information on their projects' performance in annual reports to the Department (34 CFR 75.590).

I. Funding Opportunity Description

Purpose of Program: The purpose of the Technology and Media Services for Individuals with Disabilities program is to: (1) Improve results for children with disabilities by promoting the development, demonstration, and use of technology; (2) support educational media services activities designed to be of educational value in the classroom setting for children with disabilities; and (3) provide support for captioning and video description that is appropriate for use in the classroom setting.

Priority: In accordance with 34 CFR 75.105(b)(2)(v), this priority is from allowable activities specified in the statute (see sections 674 and 681(d) of the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. 1400 *et seq.*).

Absolute Priority: For FY 2007, and any subsequent year in which we make awards based on the list of unfunded applicants from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

Technology and Media Services for Individuals with Disabilities—

Educational Media Activities to Improve State Systems for Providing Educational Materials in Accessible Formats.

Background

The IDEA requires States to provide a free appropriate public education (FAPE) to all students with disabilities. This includes the provision of educational materials in accessible formats for students with disabilities eligible for services under Part B of IDEA, including students with visual impairments or other print disabilities and learning disabilities.

The 2004 amendments to IDEA added several new provisions to improve the timely production and dissemination of educational materials in accessible formats for students who are blind and other students with print disabilities, including the following:

- Section 612(a)(23) of IDEA requires States, including the Outlying Areas (OAs) (United States Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands) and the Freely Associated States (FAS) (Palau, the Marshall Islands, and the Federated States of Micronesia), to adopt the National Instructional Materials Accessibility Standard (NIMAS) for the purpose of providing instructional materials to persons who are blind and other persons with print disabilities, and to ensure that these materials are provided in a timely manner. (Section 613(a)(6) of IDEA includes similar requirements for local educational agencies (LEAs)).

- Section 674(e) of IDEA requires the Department of Education (Department) to establish a National Instructional Materials Access Center (NIMAC) to act as a repository for electronic files of print instructional materials created in the NIMAS format.

- Section 612(a)(23) of IDEA requires States, including the OAs and FAS, that choose to coordinate with the NIMAC, as part of any materials adoption process, procurement contract, or other practice or instrument used for purchase of print instructional materials, to enter into a written contract with the publisher of the print instructional materials to: (1) Require the publisher to prepare and provide, on or before delivery of the print instructional materials, the NIMAC with NIMAS-compliant electronic files of print instructional materials (section 613(a)(6) of IDEA contains similar requirements for LEAs) or (2) purchase instructional materials from the publisher that are produced in, or may be rendered in, specialized formats.

Educational materials obtained from the NIMAC only may be provided to
