Federal Energy Regulatory Commission

[Docket No. NJ01-9-001]

Umatilla Electric Cooperative Association; Notice of Filing

July 31, 2007.

Take notice that on July 13, 2007, the Umatilla Electric Cooperative Association filed a notice of withdrawal of its Safe Harbor Reciprocity Tariff, pursuant to Order No. 890, and accepted by Commission Order issued November 23, 2001. *Umatilla Electric Cooperative Association*, 97 FERC ¶ 61,235.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant and all the parties in this proceeding.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

[Project No. 2206-030]

Carolina Power & Light Company (d/b/a Progress Energy Carolinas, Inc.); Notice of Settlement Agreement and Soliciting Comments

July 31, 2007.

Take notice that the following settlement agreement has been filed with the Commission and is available for public inspection.

a. *Type of Application:* Settlement Agreement.

b. *Project No.:* P-2206-030.

c. *Date filed:* July 30, 2007.

d. *Applicant:* Carolina Power & Light Company (d/b/a Progress Energy Carolinas, Inc.).

e. *Name of Project:* Yadkin-Pee Dee Hydroelectric Project.

f. *Location:* On the Yadkin and Pee Dee Rivers in Montgomery, Stanly, Anson, and Richmond Counties, North Carolina. The project does not occupy federal lands.

g. *Filed Pursuant to:* Rule 602 of the Commission's Rules of Practice and Procedure, 18 CFR 385.602.

h. *Applicant Contact:* E. Michael Williams, Senior Vice President for Power Operations, Progress Energy, 410 S. Wilmington Street PEB 13, Raleigh, North Carolina 27602, Phone: (919) 546-6640.

i. *FERC Contact:* Stephen Bowler, 888 First St., NE., Washington, DC 20426, (202) 502-6861.

j. *Deadline for filing comments:* Twenty days from the filing date. Reply comments due 30 days from the filing date.

All documents (original and eight copies) should be filed with: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

The Commission's Rules of Practice require all intervenors filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

Comments may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.

k. Progress Energy filed a settlement on behalf of itself and 12 other entities that signed the settlement. Other parties signing the settlement included state agencies, homeowners associations, environmental organizations, and various other stakeholders involved in the relicensing proceeding. The purpose of the settlement agreement is to resolve issues that have been raised by the settling parties in connection with the Progress Energy's application for a new license for the project and to establish Progress Energy's obligations for the protection, mitigation, and enhancement of resources affected by the project. Major issues covered in the settlement include: (1) Providing minimum instream flows, (2) developing and implementing a Low Inflow Protocol, (3) modifying reservoir water levels, (4) developing and implementing a dissolved oxygen plan, (5) improving recreational facilities and relocating and existing access site, (6) providing additional stream and riparian habitat protection measures, and (7) developing and implementing a Shoreline Management Policy and Historic Properties Management Plan for the Blewett Falls Development.

l. A copy of the settlement agreement is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1-866-208-3676, or for TTY, (202) 502-8659. A copy is also available

for inspection and reproduction at the address in item h above.

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via e-mail of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

Kimberly D. Bose,
Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8451-1]

Clean Water Act Section 303(d): Availability of List Decisions

AGENCY: Environmental Protection Agency.

ACTION: Notice of Availability.

SUMMARY: This notice announces the availability of EPA's Responsiveness Summary Concerning EPA's October 31, 2006 Public Notice of Final Decisions To Add Waters and Pollutants to Arkansas' 2004 Section 303(d) List.

On October 31, 2006, EPA published a notice in the *Federal Register* at Volume 71, Number 210, pages 63759-63760 providing the public the opportunity to review its final decisions to add waters and pollutants to Arkansas' 2004 Section 303(d) List as required by EPA's Public Participation regulations (40 CFR part 25). Based on the Responsiveness Summary, no further action is warranted regarding EPA's Final Action on Arkansas' 2004 Section 303(d) List.

ADDRESSES: Copies of EPA's Responsiveness Summary Concerning EPA's October 31, 2006 Public Notice of Final Decisions to Add Waters and Pollutants to Arkansas; 2004 Section 303(d) Lists can be obtained at EPA Region 6's Web site at <http://www.epa.gov/earth1r6/6wq/tmdl.htm>, or by writing or calling Ms. Diane Smith at Water Quality Protection Division, U.S. Environmental Protection Agency Region 6, 1445 Ross Ave., Dallas, TX 75202-2733, telephone (214) 665-2145, facsimile (214) 665-6490, or e-mail: smith.diane@epa.gov. Underlying documents from the administrative record for these decisions are available for public inspection at the above address. Please contact Ms. Smith to schedule an inspection.

FOR FURTHER INFORMATION CONTACT: Diane Smith at (214) 665-2145.

SUPPLEMENTARY INFORMATION: Section 303(d) of the Clean Water Act (CWA) requires that each state identify those waters for which existing technology-based pollution controls are not stringent enough to attain or maintain state water quality standards. For those waters, states are required to establish Total Maximum Daily Loads (TMDLs) according to a priority ranking.

EPA's Water Quality Planning and Management regulations include requirements related to the implementation of Section 303(d) of the CWA (40 CFR 130.7). The regulations require states to identify water quality limited waters still requiring TMDLs every two years. The list of waters still needing TMDLs must also include priority rankings and must identify the waters targeted for TMDL development during the next two years (40 CFR 130.7). On March 31, 2000, EPA promulgated a revision to this regulation that waived the requirement for states to submit Section 303(d) Lists in 2000 except in cases where a court

order, consent decree, or settlement agreement required EPA to take action on a list in 2000 (65 FR 17170).

Consistent with EPA's regulations, Arkansas submitted to EPA its listing decisions under Section 303(d) on May 20, 2004 with subsequent revisions submitted on August 17, 2004, November 12, 2004, July 20, 2005, and October 11, 2005. On October 16, 2006, EPA approved Arkansas' listing of 271 water body-pollutant combinations and associated priority rankings and deferred action on 129 water body-pollutant combinations. EPA disapproved Arkansas' decision not to list 5 water body-pollutant combinations and associated priority rankings. EPA identified these additional water body-pollutant combinations along with priority rankings for inclusion on the 2004 Section 303(d) List.

Dated: July 30, 2007.

William K. Honker,

Acting Director, Water Quality Protection Division, Region 6.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OW-2007-0697; FRL-8450-2]

Office of Water; Notice of Availability and Comment Period for Draft Federal Geographic Data Committee (FGDC) Wetland Mapping Standard

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of data availability and request for comment.

SUMMARY: Notice of Availability for a 90 Day Review and Comment Period is Hereby Given for the Draft Federal Geographic Data Committee's Wetland Mapping Standard.

This document provides Federal, State, Tribal and local wetland managers and others with information on what data to collect when mapping wetlands that will be uploaded to the National Wetland Inventory (NWI) and incorporated as part of the wetlands layer of the National Spatial Data Infrastructure (NSDI) in the USGS National Map. The intent of this standard is to support a consistent/seamless transition from traditional paper-based map products to technology-based mapping products and serve as the national standard for mapping wetland inventories for building the wetlands layer of the NSDI.

Although, this standard will not change the National Wetlands Inventory
