SUPPLEMENTARY INFORMATION:

Background

The Department of Commerce (the Department) published the preliminary results and partial rescission of the 2005-2006 antidumping duty administrative review of heavy forged hand tools, finished or unfinished, with or without handles (Hand Tools), from the People's Republic of China (PRC) on March 8, 2007. *See Heavy Forged Hand Tools, Finished or Unfinished, With or Without Handles, From the People's Republic of China: Preliminary Results and Partial Rescission of the 2005-2006 Administrative Reviews*, 72 FR 10492 (March 8, 2007). We received a case brief from respondent Shandong Machinery Import & Export Company (SMC) on April 9, 2007. Separate rebuttal briefs were received from both petitioners, Ames True Temper (Ames) and Council Tool Company (Council Tools) on April 16, 2007. On April 24, 2007, we placed on the record certain documents received from the U.S. Customs and Border Protection (CBP). *See Memorandum to the File from Mark Flessner, Case Analyst, entitled "Heavy Forged Hand Tools, Finished or Unfinished, With or Without Handles, From the People's Republic of China (A-580-803): U.S. Entry Documents and Opportunity to Comment,"* dated April 24, 2007. SMC, Ames, and Council Tools filed comments concerning these CBP documents on May 9, 2007. SMC requested and was granted time to file a rebuttal to the Ames and Council Tools comments; SMC's rebuttal was received on May 16, 2007. On July 6, 2007, the Department published in the **Federal Register** a notice of extension for the final results. *See Notice of Extension of Time Limit for Final Results and Partial Rescission of the 2005-2006 Antidumping Duty Administrative Review of Heavy Forged Hand Tools, Finished or Unfinished, With or Without Handles, from the People's Republic of China*, 72 FR 36959 (July 6, 2007). This partially extended the time limit for the final results until August 6, 2007.

Extension of Time Limits for Final Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Tariff Act), and 19 CFR 351.213(h)(1), the Department shall issue the preliminary results of an administrative

review within 245 days after the last day of the anniversary month of the date of publication of the order. The Tariff Act further provides that the Department shall issue the final results of review within 120 days after the date on which the notice of the preliminary results was published in the **Federal Register**. However, if the Department determines that it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Tariff Act and 19 CFR 351.213(h)(2) allow the Department to extend the 245-day period to 365 days and the 120-day period to 180 days.

Due to the addition of important new information to the record, the complexity of the issues involved, and the time required to analyze the numerous submissions and arguments raised in parties' briefs, the Department has determined that it is not practicable to complete these reviews within the period of the partial extension indicated by the **Federal Register** notice published on July 6, 2007.

Section 751(a)(3)(A) of the Tariff Act and 19 CFR 351.213(h) allow the Department to extend the deadline for the final results of a review to a maximum of 180 days from the date on which the notice of the preliminary results was published. The current deadline for the final results is August 6, 2007. For the reasons noted above, the Department is fully extending the time limit for the completion of the final results for the 2005-2006 antidumping duty administrative review of Hand Tools from the PRC until no later than September 4, 2007, which is 180 days from the date on which the notice of the preliminary results was published.

This notice is issued and published in accordance with section 777(i)(1) of the Tariff Act.

Dated: August 2, 2007.

Gary Taverman,

Acting Deputy Assistant Secretary for Import Administration.

Stainless Steel Wire Rods From India: Extension of Time Limit for the Preliminary Results of the Antidumping Duty New-Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: August 8, 2007.

FOR FURTHER INFORMATION CONTACT:

Catherine Cartsos or Mino Hatten, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1757 and (202) 482-1690, respectively.

SUPPLEMENTARY INFORMATION:

Background

On March 20, 2007, the Department of Commerce (the Department) published a notice of initiation of a new-shipper review of the antidumping duty order on stainless steel wire rods from India for Sunflag Iron and Steel Co., Ltd. (Sunflag). *See Stainless Steel Wire Rod From India: Notice of Initiation of Antidumping Duty New-Shipper Review*, 72 FR 13088 (March 20, 2007). The period of review is December 1, 2005, through November 30, 2006. The preliminary results of this new-shipper review are currently due no later than September 9, 2007.

Extension of Time Limit for Preliminary Results

Section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended (the Act), provides that the Department will issue the preliminary results of a new-shipper review of an antidumping duty order within 180 days after the date on which the review is initiated. The Act provides further that, if the case is extraordinarily complicated, the Department may extend the 180-day period to 300 days.

The Department has determined that this new-shipper review is extraordinarily complicated and it is not possible to complete the preliminary results by the current deadline of September 9, 2007. Specifically, there are a number of complex factual issues pertaining to the sales practices, manufacturing costs, and the determination of potential comparison-market matches which affect the calculation of the antidumping margin in this new-shipper review. We require additional time to analyze the questionnaire responses, issue supplemental questionnaires, and conduct verification. Therefore, in accordance with section 751(a)(2)(B)(iv) of the Act and 19 CFR 351.214(i)(2), the Department is extending the time limit for the preliminary results by 40 days to October 19, 2007. The final results of the new-shipper review continue to be due 90 days after the date of issuance of the preliminary results of new-shipper review.

We are issuing this notice in accordance with sections 751(a)(2)(B)(iv) and 777(i)(1) of the Act.

Dated: August 2, 2007.

Gary Taverman,
Acting Deputy Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Oceanic and Atmospheric Administration (NOAA) plans to collect information needed to assess the understanding and awareness of NOAA and its programs among the general public, especially as it relates to the collection and dissemination of scientific, operational, and life-saving data. NOAA's mission includes understanding and predicting changes in the Earth's environment; being an international leader in changing the way integrated environmental observations and information are captured, managed, stored, shared, and used to benefit the

world; and protecting life and property. NOAA will consider the findings in tailoring its outreach activities and to provide statistical basis for measuring the utilization of tax-funded data products. Respondents will be a cross-section of the U.S. population.

II. Method of Collection

NOAA will survey respondents electronically via the Internet. Sixteen one-hour focus groups will also be conducted with small groups of respondents in person.

III. Data

OMB Number: None.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Individuals or households.

Estimated Number of Respondents: 4,110.

Estimated Time per Response: 20 minutes per electronic survey; one hour per focus group participant.

Estimated Total Annual Burden Hours: 1,333.

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and

(d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: August 2, 2007.

National Oceanic and Atmospheric Administration

Evaluation of State Coastal Management Programs and National Estuarine Research Reserves

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Office of Ocean and Coastal Resource Management, National Ocean Service, Commerce.

ACTION: Notice of intent to evaluate and notice of availability of final findings.

SUMMARY: The NOAA Office of Ocean and Coastal Resource Management (OCRM) announces its intent to evaluate the performance of the Alaska Coastal Management Program.

The Coastal Zone Management Program evaluation will be conducted pursuant to section 312 of the Coastal Zone Management Act of 1972, as amended (CZMA) and regulations at 15 CFR part 923, subpart L. The CZMA requires continuing review of the performance of states with respect to coastal program implementation. Evaluation of a Coastal Management Program requires findings concerning the extent to which a state has met the national objectives, adhered to its Coastal Management Program document approved by the Secretary of Commerce, and adhered to the terms of financial assistance awards funded under the CZMA.

Each evaluation will include a site visit, consideration of public comments, and consultations with interested Federal, state, and local agencies and members of the public. A public meeting will be held as part of the site visit. Notice is hereby given of the dates of the site visit for the listed evaluation, and the date, local time, and location of the public meeting during the site visit.

Date and Time: The Alaska Coastal Management Program evaluation site visit will be held August 13-18, 2007. The public meeting will be held on Monday, August 13, 2007, at 4 p.m. at the Department of Natural Resources Office of Project Management and Permitting, 302 Gold Street, Suite 202, Juneau, Alaska. Members of the public may also participate in the public meeting via teleconference by calling 1-800-315-6338. The call-in code is 1111#.

ADDRESSES: Copies of a state's most recent performance reports, as well as OCRM's evaluation notification and supplemental information request letters to the state, are available upon request from OCRM. Written comments
