

Procedural. Working groups have been formed to examine the following issues: dredging and related issues, electronic navigation systems, AtoN knockdowns, impact of passing vessels on moored ships, boater education issues, facilitating deep draft movements, mooring infrastructure, and safe refuge during hurricanes. Not all working groups will provide a report at this session. Further, working group reports may not necessarily include discussions on all issues within the particular working group's area of responsibility. All meetings are open to the public. Members of the public may make presentations, oral or written, at either meeting. Requests to make oral or written presentations should reach the Coast Guard five (5) working days before the meeting at which the presentation will be made. If you would like to have written materials distributed to each member of the committee in advance of the meeting, you should send your request along with nineteen (19) copies of the materials to the Coast Guard at least ten (10) working days before the meeting at which the presentation will be made.

Information on Services for the Handicapped: For information on facilities or services for the handicapped or to request special assistance at the meetings, contact the Executive Secretary or Assistant to the Executive Secretary as soon as possible.

Dated: July 25, 2007.

Joel R. Whitehead,

Rear Admiral, U.S. Coast Guard, Commander, Eighth Coast Guard District.

Office of the Secretary

Blackstone River Valley National Heritage Corridor Commission; Notice of Meeting

Notice is hereby given in accordance with Section 552b of Title 5, United States Code, that a meeting of the John H. Chafee Blackstone River Valley National Heritage Corridor Commission will be held on Thursday, September 20, 2007.

The Commission was established pursuant to Public Law 99-647. The purpose of the Commission is to assist federal, state and local authorities in the development and implementation of an integrated resource management plan for those lands and waters within the Corridor.

The meeting will convene on September 20, 2007 at 9 a.m. at the Department of Environmental Management at 235 Promenade Street, Providence, RI.

1. Approval of Minutes.
2. Chairman's Report.
3. Executive Director's Report.
4. Financial Budget.
5. Public Input.

It is anticipated that about twenty-five people will be able to attend the session in addition to the Commission members.

Interested persons may make oral or written presentations to the Commission or file written statements. Such requests should be made prior to the meeting to: Thomas Ross, Acting Executive Director, John H. Chafee, Blackstone River Valley National Heritage Corridor Commission, One Depot Square, Woonsocket, RI 02895, Tel.: (401) 762-0250.

Further information concerning this meeting may be obtained from Thomas E. Ross, Acting Executive Director of the Commission at the aforementioned address.

Thomas E. Ross,

Acting Executive Director, BRVNHCC.

BILLING CODE 4310-RK-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Modoc National Wildlife Refuge, Modoc County, CA

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of intent to prepare a comprehensive conservation plan and environmental assessment.

SUMMARY: The U.S. Fish and Wildlife Service (Service) is preparing a Comprehensive Conservation Plan (CCP) and Environmental Assessment (EA) for the Modoc National Wildlife Refuge (Refuge) located in Modoc County of California. This notice advises the public that the Service intends to gather information necessary to prepare a CCP and EA pursuant to the National Wildlife Refuge System Administration Act of 1966, as amended, and the National Environmental Policy Act (NEPA). The public and other agencies are encouraged to participate in the planning process by sending written comments on management actions that the Service should consider. The Service is also furnishing this notice in compliance with the Service CCP policy

to obtain suggestions and information on the scope of issues to include in the CCP and EA. Opportunities for public input will be announced throughout the CCP/EA planning and development process.

DATES: To ensure that the Service has adequate time to evaluate and incorporate suggestions and other input into the planning process, comments should be received on or before September 30, 2007.

ADDRESSES: Send written comments or requests to be added to the mailing list to the following address: Jackie Ferrier, Refuge Planner, Sacramento National Wildlife Refuge, 752 County Road 99W, Willows, CA 95988. Written comments may also be faxed to (530) 934-7814, or sent by electronic mail to jackie_ferrier@fws.gov. You may find additional information concerning the Refuge at the Internet site <http://www.fws.gov/modoc/>.

FOR FURTHER INFORMATION CONTACT: Jackie Ferrier, Refuge Planner, at (530) 934-2801 or Steve Clay, Refuge Manager, at (530) 233-3572.

SUPPLEMENTARY INFORMATION: The National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997, requires the Service to develop a CCP for each National Wildlife Refuge. The purpose in developing a CCP is to provide refuge managers with a 15-year strategy for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and Service policies. In addition to outlining broad management direction on conserving wildlife, plants and their habitats, the CCP will identify compatible wildlife-dependent recreational opportunities available to the public. The recreational opportunities that will receive priority consideration are hunting, fishing, wildlife observation and photography, and environmental education and interpretation. The planning process will consider many other elements, including cultural resource protection, environmental effects, and administrative resources. Public input into this planning process is very important. The CCP will provide other agencies and the public with a clear understanding of the desired conditions for the Refuge and how the Service will implement management strategies.

Comments received will be used to help develop goals and objectives, as well as identify key issues evaluated in the NEPA document. All comments

received, including names and addresses, will become part of the administrative record and may be made available to the public. Opportunities for public participation will occur throughout the process.

The Service will send Planning Updates to people who are interested in the CCP process. These mailings will provide information on how to participate in the CCP process. Interested federal, state, and local agencies, organizations, and individuals are invited to provide input. The Service expects to complete the CCP in 2009.

Background

The 7,021 acre Modoc National Wildlife Refuge is located southeast of Altus, California. The Refuge was established in 1961 pursuant to the Migratory Bird Conservation Act (16 U.S.C. 715d) and the Refuge Recreation Act (16 U.S.C. 460k–460K.4). Lands within the Refuge have been set aside for use as an inviolate sanctuary, and other management purposes, for migratory birds, for incidental fish and wildlife-oriented recreational development, for the protection of natural resources, and for the conservation of endangered species or threatened species.

Located near the confluence of the north and south forks of the Pit River, the Refuge conserves, protects, and manages a mosaic of freshwater lakes and ponds, seasonal wetlands, irrigated meadows, grasslands, and sagebrush/juniper upland habitats. These habitats provide important resting, feeding, and nesting areas for ducks, geese, and other migratory birds including the greater sandhill crane.

The Service anticipates a draft CCP and EA to be available for public review and comment in 2008.

Dated: August 3, 2007.

Ken McDermond,

*Acting Manager, CA/NV Operations,
Sacramento, California.*

BILLING CODE 4310–55–P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[UT–920–07–5101–ER–J108; UTU–79766, NVN–82385]

Notice of Intent To Prepare an Environmental Impact Statement for a Proposed Liquid Petroleum Products Pipeline From Woods Cross, UT, to Northeast Las Vegas, NV

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Intent (NOI) to prepare an Environmental Impact Statement (EIS) and initiate public scoping for UNEV, LLC's proposal to construct and operate a liquid petroleum products pipeline from Woods Cross, Utah, to northeast Las Vegas, Nevada.

SUMMARY: Pursuant to 42 U.S.C. 4332, the National Environmental Policy Act of 1969, as amended (NEPA), the Bureau of Land Management (BLM) will be directing the preparation of an EIS and conducting public scoping meetings for the proposed construction of a 12" liquid petroleum products pipeline. UNEV, LLC was established by Holly Corporation to construct and operate the pipeline. The proposed route for the UNEV Pipeline is approximately 400 miles in length and would, except for the northernmost portion of the route, generally follow the existing Kern River pipeline corridor. The pipeline inlet would be located near Holly Corporation's Woods Cross, Utah, refinery, which announced last year its intent to upgrade its crude oil processing capabilities, enabling the refinery to process high value, low priced black wax crude oil and heavy Canadian crude oils.

The outlet terminals for the proposed pipeline would be located northwest of Cedar City, Utah, and northeast of Las Vegas, Nevada. In addition to the inlet pumping station, one additional pumping station is proposed with pressure reduction stations located at the terminals. The corridor contains two Kern River Pipeline Company natural gas pipelines, the newest of which was constructed in 2003. The Kern River Pipeline Environmental Impact Statement was completed in 2002. In Utah the proposed UNEV Pipeline would originate in Davis County and cross Salt Lake, Tooele, Juab, Millard, Beaver, Iron, and Washington Counties. In Nevada the pipeline would cross Lincoln County and terminate in Clark County. A map of the proposed project is available for viewing at http://www.blm.gov/ut/st/en/prog/more/lands_and_realty/

[unev_pipeline_eis.html](#) and the Utah and Nevada State Offices.

The UNEV Pipeline project as proposed would function as a "common carrier" pipeline. In general terms, common carrier is an entity that transports goods or products and offers its transportation services to others. This means that the UNEV Pipeline would provide an alternative means of transportation from other modes, *i.e.*, truck or rail, etc., for refined products from other refineries in the area as well as Holly's refinery.

DATES: This notice initiates the 30-day public scoping process. Those having concerns, issues, or alternatives for consideration in the EIS should submit written comments by September 10, 2007. The BLM will host public scoping meetings in the following locations: Salt Lake City, Delta, and Cedar City, Utah, and Las Vegas, Nevada. Times and dates of these meetings will be announced through the Utah BLM Web site listed above, press releases, local newspapers, and other local media. At the scoping meetings, the public is invited to submit comments and resource information, and identify issues or concerns to be considered in the NEPA process. All comments received at the public scoping meetings or through written comments submitted will aid the BLM in identifying alternatives and mitigating measures and will help assure that all issues are analyzed in the EIS. The BLM will announce public meetings and other opportunities to submit comments on this project at least 15 days prior to the event.

ADDRESSES: Written comments and issues related to the proposed EIS should be mailed to Rhonda Flynn, Bureau of Land Management, Utah State Office, Bureau of Land Management, Division of Lands and Minerals, P.O. Box 45155–0155, Salt Lake City, Utah 84145–0155. Comments may also be transmitted by facsimile to the attention of Rhonda Flynn at: (801) 539–4200, sent via e-mail to: UT_UNEV_Pipeline_EIS@blm.gov or delivered by hand to the: Salt Lake Field Office, 2370 South 2300 West, Salt Lake City, Utah; Fillmore Field Office, 35 East 500 North, Fillmore, Utah; Cedar City Field Office, 176 East D.L. Sargent Drive, Cedar City, Utah; St. George Field Office, 345 East Riverside Drive, St. George, Utah; Utah State Office, 440 West 200 South, Suite 500, Salt Lake City, Utah; Ely Field Office, 702 N. Industrial Way, Ely, Nevada; Las Vegas Field Office, 4701 N. Torrey Pines Drive, Las Vegas, Nevada; or the Nevada State Office, 1340 Financial Blvd., Reno,
