

Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in the furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NYSE-2007-65 on the subject line.

Paper Comments

- Send paper comments in triplicate to Nancy M. Morris, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-NYSE-2007-65. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room, 100 F Street, NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NYSE-2007-65 and should be submitted on or before September 4, 2007.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁹

Florence E. Harmon,

Deputy Secretary.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice Before Waiver With Respect to Land at Leesburg Executive Airport, Leesburg, VA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of intent of waiver with respect to land.

¹⁹ 17 CFR 200.30-3(a)(12).

SUMMARY: The FAA is publishing notice of proposed release from aeronautical use of approximately 22,170 square feet of land at the Leesburg Executive Airport, Leesburg, Virginia to the Town of Leesburg. The release will facilitate the widening of Sycolin Road that will improve access to the airport and provide needed capacity of the road system. There are no impacts to the Airport and the land is not needed for airport development as shown on the Airport Layout Plan.

DATES: Comments must be received on or before September 10, 2007.

ADDRESSES: Comments on this application may be mailed or delivered in triplicate to the FAA at the following address: Terry J. Page, Manager, FAA Washington Airports District Office, 23723 Air Freight Lane, Suite 210, Dulles, VA 20166.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Mr. Timothy B. Deike, Director, Leesburg Executive Airport, at the following address: Mr. Timothy B. Deike, Director, Leesburg Executive Airport, 1001 Sycolin Road, SE., Leesburg, Virginia 20175.

FOR FURTHER INFORMATION CONTACT: Mr. Terry Page, Manager, Washington Airports District Office, 23723 Air Freight Lane, Suite 210, Dulles, VA 20166; telephone (703) 661-1354, fax (703) 661-1370, e-mail Terry.Page@faa.gov.

SUPPLEMENTARY INFORMATION: On April 5, 2000, new authorizing legislation became effective. That bill, the Wendell H. Ford Aviation investment and Reform Act for the 21st Century, Public Law 10-181 (Apr. 5, 2000; 114 Stat. 61) (AIR 21) requires that a 30-day public notice must be provided before the Secretary may waive any condition imposed on an interest in surplus property.

Issued in Chantilly, Virginia, on August 6, 2007.

Terry J. Page,
Manager, Washington Airports District Office,
Eastern Region.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Noise Exposure Maps—Ronald Reagan Washington National Airport

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice.

SUMMARY: The Federal Aviation Administration (FAA) announces its determination that the noise exposure maps submitted by Metropolitan Washington Airport Authority (MWAA) for Ronald Reagan Washington National Airport under the provisions of 49 U.S.C. 47501 *et. seq* (Aviation Safety and Noise Abatement Act) and 14 CFR Part 150 are in compliance with applicable requirements. The FAA also announces that it is reviewing a proposed noise compatibility program that was submitted for Ronald Reagan Washington National Airport under Part 150 in conjunction with the noise exposure map, and that this program will be approved or disapproved on or before February 2, 2008.

EFFECTIVE DATE: The effective date of the FAA's determination on the noise exposure maps and of the start of its review of the associated noise compatibility program is August 6, 2007. The public comment period ends October 5, 2007.

FOR FURTHER INFORMATION CONTACT: Jennifer Mendelsohn, Eastern Region, Washington Airports District Office, Federal Aviation Administration, 23723 Air Freight Lane, Suite 210, Dulles, Virginia 20166, Telephone: 703-661-1362. Comments on the proposed noise compatibility program should also be submitted to the above office.

SUPPLEMENTARY INFORMATION: This notice announces that the FAA finds that the noise exposure maps submitted for Ronald Reagan Washington National Airport are in compliance with applicable requirements of Part 150, effective August 6, 2007. Further, FAA is reviewing a proposed noise compatibility program for that airport which will be approved or disapproved on or before February 2, 2008. This notice also announces the availability of this program for public review and comment.

Under 49 U.S.C., section 47503 (the Aviation Safety and Noise Abatement Act, hereinafter referred to as "the Act"), an airport operator may submit to the FAA noise exposure maps which meet applicable regulations and which depict non-compatible land uses as of the date of submission of such maps, a description of projected aircraft operations, and the ways in which such operations will affect such maps. The Act requires such maps to be developed in consultation with interested and affected parties in the local community, government agencies, and persons using the airport.

An airport operator who has submitted noise exposure maps that are found by FAA to be in compliance with

the requirements of Federal Aviation Regulations (FAR) Part 150, promulgated pursuant to the Act, may submit a noise compatibility program for FAA approval which sets forth the measures the operator has taken or proposes to take to reduce existing non-compatible uses and prevent the introduction of additional non-compatible uses.

MWAA submitted to the FAA on August 2, 2007 noise exposure maps, descriptions and other documentation that were produced during Ronald Reagan Washington National Airport's November 2004 noise compatibility study. It was requested that the FAA review this material as the noise exposure maps, as described in section 47503 of the Act, and that the noise mitigation measures, to be implemented jointly by the airport and surrounding communities, be approved as a noise compatibility program under section 47504 of the Act.

The FAA has completed its review of the noise exposure maps and related descriptions submitted by MWAA. The specific documentation determined to constitute the noise exposure maps includes: Exhibit V-1, "Noise Exposure Map—Existing Condition; and Exhibit VI-1, "Noise Exposure Map: 2009 with FAA TAF General Aviation Operations and Advanced Navigational Procedure." The FAA has determined that these maps for Ronald Reagan Washington National Airport are in compliance with applicable requirements. This determination is effective on August 6, 2007. FAA's determination on an airport operator's noise exposure maps is limited to a finding that the maps were developed in accordance with the procedures contained in appendix A of FAR Part 150. Such determination does not constitute approval of the applicant's data, information or plans, or constitute a commitment to approve a noise compatibility program or to fund the implementation of that program.

If questions arise concerning the precise relationship of specific properties to noise exposure contours depicted on a noise exposure map submitted under section 47503 of the Act, it should be noted that the FAA is not involved in any way in determining the relative locations of specific properties with regard to the depicted noise contours, or in interpreting the noise exposure maps to resolve questions concerning, for example, which properties should be covered by the provisions of section 47506 of the Act. These functions are inseparable from the ultimate land use control and planning responsibilities of local government. These local responsibilities
