Agricultural Marketing Service

Title: Reporting Forms under Milk Marketing Order Programs.

OMB Control Number: 0581-0032.

Summary of Collection: Agricultural Marketing Service (AMS) oversees the administration of the Federal Milk Marketing Orders authorized by the Agricultural Marketing Agreement Act of 1937, as amended. The Act is designed to improve returns to producers while protecting the interests of consumers. The Federal Milk Marketing Order regulations require places certain requirements on the handling of milk in the area it covers. Currently, there are 10 milk marketing orders regulating the handling of milk in the respective marketing areas.

Need and Use of the Information: The information collected is needed to administer the classified pricing system and related requirements of each Federal Order. Forms are used for reporting purposes and to establish the quantity of milk received by handlers, the pooling status of the handler, and the class-use of the milk used by the handler and the butterfat content and amounts of other components of the milk. Without the monthly information, the market administrator would not have the information to compute each monthly price nor know if handlers were paying producers on dates prescribed in the order. Penalties are imposed for order violation, such as the failure to pay producers by the prescribed dates.

Description of Respondents: Business or other for-profit; Not-for-profit institutions; Individuals or households; Farms.

Number of Respondents: 740.

Frequency of Responses:

Recordkeeping; Reporting: On occasion; Quarterly; Monthly; Annually.

Total Burden Hours: 21,819.

Agricultural Marketing Service

Title: Reporting and Recordkeeping Requirements for 7 CFR, Part 29.

OMB Control Number: 0581-0056.

Summary of Collection: The Fair and Equitable Tobacco Reform Act of 2004 (7 U.S.C. 518) eliminated price supports and marketing quotas for all tobacco beginning with the 2005 crop year. Mandatory inspection and grading of

domestic and imported tobacco was eliminated as well as the mandatory pesticide testing of imported tobacco and the tobacco Market News Program. The Tobacco Inspection Act (U.S.C. 511) requires that all tobacco sold at designated auction markets in the U.S. be inspected and graded. Provision is also made for interested parties to request inspection, pesticide testing and grading services on an "as needed" basis.

Need and Use of the Information: Information is collected through various forms and other documents for the inspection and certification process. Upon receiving request information from tobacco dealers and/or manufacturers, tobacco inspectors will pull samples and apply U.S. Standard Grades to samples to provide a Tobacco Inspection Certificate (TB-92). Also, samples can be submitted to a USDA laboratory for pesticide testing and a detailed analysis is provided to the customer.

Description of Respondents: Business or other for-profit;

Number of Respondents: 50.

Frequency of Responses:

Recordkeeping; Reporting; On occasion, *Total Burden Hours:* 3,851.

Agricultural Marketing Service

Title: Lamb Promotion, Research and Information Program.

OMB Control Number: 0581-0198.

Summary of Collection: The authority for Lamb Promotion, Research, and Information Order is established under the Commodity Promotion, Research, and Information Act of 1996. These programs carry out projects relating to research, consumer information, advertising, producer information, market development, and product research with the goal of maintaining and expanding their existing markets and uses and strengthening their position in the marketplace.

Need and Use of the Information: Various forms will be used to collect information for reporting, background, certification, and nomination and is the minimum information necessary to effectively carry out the requirements of the program. The information is not available from other sources because it relates specifically to individual lamb producers, feeders, seed stock producers, exporters and first handlers.

Description of Respondents: Farms; Farms; Business or other for-profit; Not-for-profit institutions.

Number of Respondents: 3,953.

Frequency of Responses: Recordkeeping; Reporting: Monthly.

Total Burden Hours: 8,066.

Notice of the National Agricultural Research, Extension, Education, and Economics Advisory Board Specialty Crop Meeting and Executive Committee Meeting

AGENCY: Research, Education, and Economics, USDA.

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, 5 U.S.C. App 2, the United States Department of Agriculture announces a meeting of the National Agricultural Research, Extension, Education, and Economics Advisory Board Specialty Crop Committee and Executive Committee.

DATES: The National Agricultural Research, Extension, Education, and Economics Advisory Board Specialty Crop Committee will meet on August 29, 2007 and the Executive Committee will hold a meeting on August 29-30, 2007 at the Double Tree Hotel, 1150 Ninth Place, Modesto, California.

ADDRESSES: The public may file written comments before or up to two weeks after the meeting with the contact person. You may submit comments by any of the following methods: E-mail: smorgan@csreers.usda.gov; Fax: (202) 720-6199; Mail/Hand-Delivery or Courier: The National Agricultural Research, Extension, Education, and Economics Advisory Board; Research, Education, and Economics Advisory Board Office, Room 344-A, Jamie L. Whitten Building, United States Department of Agriculture, STOP 2255, 1400 Independence Avenue, SW., Washington, DC 20250-2255.

FOR FURTHER INFORMATION CONTACT: Shirley Morgan-Jordan, Program Support Coordinator, National Agricultural Research, Extension, Education, and Economics Advisory Board; telephone: (202) 720-8408.

SUPPLEMENTARY INFORMATION: On Wednesday, August 29, 2007, from 9 a.m. to 2 p.m., the Specialty Crop Committee will hold a listening session to study the scope and effectiveness of research, extension, and economics programs affecting the specialty crop industry. The purpose of this Specialty Crop meeting is to obtain regional input on research and education issues of high priority focusing on "Measures to Improve the Efficiency, Productivity and Profitability of Specialty Crop Production in the United States" and "Measures Designed to Improve Competitiveness to Research, Extension, and Economics Programs Affecting the Specialty Crop Industry." Particular emphasis will be placed on further elaborating on the committee's last report entitled "U.S. Specialty Crops: An Update on Opportunities and Challenges", which was released May 9, 2007.

On Wednesday, August 29, 2007 at 9 a.m., the general meeting will begin with introductory remarks provided by the Chair of the Specialty Crop Committee. The REE Under Secretary of Agriculture, Dr. Gale Buchanan, has been invited to provide opening remarks. Distinguished leaders and experts, organizations or institutions, local producers, or other groups interested in the issues with which the Specialty Crop Committee is charged are invited to provide comments on two or three of the most important recommendations from their perspective by which USDA can enhance its research, extension, education, and economic programs to address needs of our nation's specialty crop sector. Following the adjournment of the National Agricultural Research, Extension, Education, and Economics Advisory Board Specialty Crop Committee Listening Session on August 29, 2007, the Executive Committee will hold their meeting on Wednesday, 4 p.m. to 6:30 p.m. at the Double Tree Hotel, 1150 Ninth Place, Modesto, California. On Thursday, August 30, 2007, the Executive Committee will reconvene at 7:30 a.m. and complete all discussions to adjourn by 9:30 a.m. The Executive Committee will be discussing a number of issues relating to the Specialty Crop Committee and other forthcoming National Agricultural Research, Extension, Education, and Economics Advisory Board concerns.

Written comments by attendees or other interested stakeholders will be welcomed for the public record before and up to two weeks following the Board meeting (by close of business Wednesday, September 12, 2007). The findings of the Specialty Crop

Committee and Executive Committee will be based on input from speakers, other stakeholders, the general public, and Board discussions. These findings will be forwarded to the Advisory Board, which in turn will provide recommendations to the Secretary of Agriculture and the House and Senate agriculture-related committee/subcommittees of the U.S. Congress, as well as the land-grant colleges and universities, as mandated. All statements will become a part of the official record of the National Agricultural Research, Extension, Education, and Economics Advisory Board and will be kept on file for public review in the Research, Extension, Education, and Economics Advisory Board Office.

Done at Washington, DC this 7th day of August, 2007.

Merle Pierson,

Deputy Under Secretary, Research, Education, and Economics.

Animal and Plant Health Inspection Service

[Docket No. APHIS-2007-0021]

Louisiana State University; Availability of an Environmental Assessment and Finding of No Significant Impact for a Field Test of Two Non-Pathogenic, Genetically Engineered Strains of *Burkholderia glumae*.

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice.

SUMMARY: We are advising the public that the Animal and Plant Health Inspection Service has prepared an environmental assessment for a proposed field test involving two genetically engineered strains of the bacteria, *Burkholderia glumae*. *Burkholderia glumae* is a plant pathogen that causes panicle blight in rice (*Oryza sativa*). The purpose of this field test is to conduct experiments that will provide information on the pathogenicity of *Burkholderia glumae* and will assist in the development of control methods to reduce yield loss caused by panicle blight. After assessing the application, reviewing pertinent scientific information, and considering public comment, we have concluded that this field test will not present a plant pest risk, nor will it have a significant impact on the quality of the human environment. Based on its
