The DHS S&T Directorate issues RFIs in accordance with Federal Acquisition Regulation (FAR) 15.201(e) and accepts responses to those RFIs from the public. DHS S&T also issues BAAs in accordance with FAR 6.102(d)(2)(i) and FAR 35.016 and accepts white papers and proposals from the public in response to those BAAs. DHS S&T evaluates white papers and proposals received from the public in response to a DHS S&T BAA using the evaluation criteria specified in the BAA through a peer or scientific review process in accordance with FAR 35.016(d). White paper evaluation determines those research ideas that merit submission of a full proposal, and proposal evaluation determines those proposals that merit selection for contract award.

Unclassified white papers and proposals are typically collected via the DHS S&T BAA secure Web site, while classified white papers and proposals must be submitted via proper classified courier or classified mailing procedures as described in the National Security Program Operating Manual (NISPOM).

DHS is particularly interested in comments that:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Suggest ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Suggest ways to minimize the burden of the data collection on those who respond, including the use of appropriate automated, electronic, mechanical, or other technological

collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
