FEDERAL COMMUNICATIONS COMMISSION**Notice of Public Information Collection(s) Being Submitted for Review to the Office of Management and Budget**

July 25, 2007.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act (PRA) of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) Whether the proposed collection of

information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before September 21, 2007. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Jasmeet K. Sehra, Office of Management and Budget, Room 10236 NEOB, Washington, DC 20503, (202) 395-3123, or via fax at 202-395-5167 or via Internet at Jasmeet_K_Sehra@omb.eop.gov and to Judith-B.Herman@fcc.gov, Federal Communications Commission, Room 1-B441, 445 12th Street, SW., DC 20554 or an e-mail to PRA@fcc.gov. If you would like to obtain or view a copy of this information collection, you may do so by visiting the FCC PRA Web page at: <http://www.fcc.gov/omd/pr>.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection(s), contact Judith

B. Herman at 202-418-0214 or via the Internet at Judith-B.Herman@fcc.gov.

SUPPLEMENTARY INFORMATION: OMB Control Number: 3060-0779.

Title: Amendment of Part 90 of the Commission's Rules to Provide for Use of the 220 MHz Band by the Private Land Mobile Radio Service (PLMRS), PR Docket No. 89-552.

Form No.: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit, not-for-profit institutions, and state, local or tribal government.

Number of Respondents: 2,313 respondents; 2,313 responses.

Estimated Time Per Response: 2-20 hours.

Frequency of Response: On occasion reporting requirement and third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits.

Total Annual Burden: 23,433 hours.

Total Annual Cost: \$430,600.

Privacy Act Impact Assessment: N/A.

Nature and Extent of Confidentiality: There is a need for confidentiality.

Needs and Uses: The Commission will submit this information collection to OMB as a revision during this comment period to obtain the full three-year clearance from them. The Commission is reporting a decrease in the total annual burden hours and annual costs because some of the rules are no longer applicable because Phase I licenses are no longer issued. In other respects, some areas of this collection are nil pending the potential influx of

re-auctioned licensees. This collection includes rules to govern the future operation and licensing of the 220–222 MHz band (220 MHz service). In establishing this licensing plan, FCC's goal is to establish a flexible regulatory framework that allows for efficient licensing of the 220 MHz service, eliminates unnecessary regulatory burdens, and enhances the competitive potential of the 220 MHz service in the mobile service marketplace. However, as with any licensing and operational plan for a radio service, a certain number of regulatory and information collection burdens are necessary to verify licensee compliance with FCC rules.

Federal Communications Commission.

Deputy Secretary.

Section 1.2105(c) prohibits auction applicants that are eligible to bid on any

of the same geographic areas from cooperating or collaborating with respect to, discussing or disclosing to each other in any manner the substance of their bids or bidding strategies from the short-form application filing deadline to the post-auction down payment deadline, unless such applicants are members of a bidding consortium or other joint bidding agreement(s) reported on their short-form application.

Section 1.2105(c) requires auction applicants that make or receive a communication of bids or bidding strategies prohibited by this rule section, to report such a communication to the Commission, in writing, immediately, but in no case later than five business days after the communication occurs.

The information collection requirement that is subject to OMB review and approval is to ensure that no bidder gains unfair advantage over other bidders in its spectrum auctions and thus enhance the competitiveness and fairness of its auctions. The information collected will be reviewed and, if warranted, referred to the Commission's Enforcement Bureau for possible investigation and administrative action. The Commission may also refer allegations of anticompetitive auction conduct to the Department of Justice for investigation.
