Needs and Uses: Executive Order (EO) 12829, "National Industrial Security Program (NISP)" stipulates that the Secretary of Defense shall serve as the Executive Agent for inspecting and monitoring the contractors, licensees, and grantees who require or will require access to or who store or will store classified information; and for determining the eligibility for access to classified information of contractors, licensees, and grantees and their respective employees. The specific requirements necessary to protect classified information released to private industry are set forth in DoD 5200.22-M. "National Industrial Security Program Operating Manual (NISPOM)." The execution of the DD Form 441, 441-1 and SF 328 is a factor in making a determination as to whether a contractor is eligible to have a facility security clearance. It is also a legal basis for imposing NISP security requirements on eligible contractors. These requirements are necessary in order to preserve and maintain the security of the United States through establishing standards to prevent the improper disclosure of classified information.
