BILLING CODE 9211-03-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[CGD01-07-116]

RIN 1625-AA00

Safety Zone: Labor Day Celebration Fireworks, Village Beach Fishing Pier, Hog Island Channel, Island Park, NY

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for the Labor Day Celebration Fireworks off Village Beach Fishing Pier, Island Park, NY. The safety zone is necessary to protect the life and property of the maritime community from the hazards posed by the fireworks display. Entry into or movement within this safety zone during the enforcement period is prohibited without approval of the Captain of the Port, Long Island Sound.

DATES: This rule is effective from 8 p.m. on September 1, 2007 until 10 p.m. on September 2, 2007.

ADDRESSES: Documents indicated in this preamble as being available in the

docket, are part of docket CGD01-07-116 and will be available for inspection or copying at Sector Long Island Sound, New Haven, CT, between 9 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT:

Lieutenant D. Miller, Chief, Waterways Management Division, Coast Guard Sector Long Island Sound at (203) 468-4596.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. The Coast Guard did not receive an Application for Approval of Marine Event for this event in sufficient time to conduct a notice and comment period, thereby making an NPRM impracticable. A delay or cancellation of the fireworks display in order to accommodate a full notice and comment period would be contrary to the public interest.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Any delay encountered in this regulation's effective date would be impracticable and contrary to public interest since immediate action is needed to prevent vessel traffic from transiting a navigable portion of Hog Island Channel off Village Beach Fishing Pier, Island Park, NY and to protect the maritime public from the hazards associated with this fireworks event.

The temporary zone should have minimal negative impact on the public and navigation because it will only be enforced for a two hour period on a single day and the area closed by the safety zone is minimal, thus allowing vessels to transit around the zone on Hog Island Channel off Village Beach Fishing Pier, Island Park, NY.

Background and Purpose

The Labor Day Celebration Fireworks display will be taking place off Village Beach Fishing Pier, Island Park, NY from 8 p.m. to 10 p.m. on September 1, 2007. If the fireworks display is cancelled due to inclement weather on September 1, 2007, it will take place from 8 p.m. to 10 p.m. on September 2, 2007. This safety zone is necessary to protect the life and property of the maritime public from the hazards posed by the fireworks display. It will protect the maritime public by prohibiting entry into or movement within this portion of

Hog Island Channel one hour prior to, during and one hour after the stated event.

Discussion of Rule

This regulation establishes a temporary safety zone on the navigable waters off Village Beach Fishing Pier, Island Park, NY within a 300-foot radius of the fireworks launch site located at approximate position 40°36'30.947" N, 073°39'22.226" W. The temporary safety zone will be outlined by temporary marker buoys installed by the event organizers.

This action is intended to prohibit vessel traffic in a navigable portion of Hog Island Channel off Village Beach Fishing Pier, Island Park, NY to provide for the protection of life and property of the maritime public. The safety zone will be enforced from 8 p.m. until 10 p.m. on September 1, 2007 and if the event is postponed due to inclement weather, from 8 p.m. to 10 p.m. on September 2, 2007. Marine traffic may transit safely outside of the safety zone during the event thereby allowing navigation of the rest of the Hog Island Channel except for the portion delineated by this rule.

The Captain of the Port anticipates minimal negative impact on vessel traffic because of this safety zone due to the limited area covered by this safety zone and the short enforcement period. Public notifications will be made prior to the effective period via local notice to mariners and marine information broadcasts.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

This regulation may have some impact on the public, but the potential impact will be minimized for the following reasons: vessels will only be excluded from the area of the safety zone for two hours and vessels will be able to operate in other areas of Hog Island Channel, Island Park, NY during the enforcement period.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule will have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations
