

## II. Method of Collection

The applications can be completed on-screen, printed, and submitted by mail, fax, or hand delivery. However, some applications require notary certification and therefore cannot be faxed. The cost recovery information may be submitted online.

## III. Data

*OMB Number:* 0648–0514.

*Form Number:* None.

*Type of Review:* Regular submission.

*Affected Public:* Business or other for-profit organizations.

*Estimated Number of Respondents:* 1,480.

*Estimated Time per Response:* 2 hours to complete and submit Application for Crab Quota Share (QS) and Processor Quota Share (PQS); 2 hours to complete and submit Application for Crab Individual Fishing Quota (IFQ) Permit or Crab Individual Processor Quota (IPQ) permit; 2 hours and 30 minutes to complete and submit Application for Crab Harvesting Cooperative IFQ Permit; 30 minutes to complete and submit Application for Registered Crab Receiver (RCR) Permit; 30 minutes to complete and submit Application for Crab IFQ Hired Master; 21 minutes to complete and submit Application for Federal Crab Vessel Permit; 2 hours and 30 minutes to complete and submit Application To Become an Eligible Crab Community Organization (ECCO); 2 hours to complete and submit Application for Eligibility To Receive Crab QS/IFQ or PQS/IPQ by Transfer; 2 hours to complete and submit Application for Transfer of QS, IFQ, and IPQ; 2 hours to complete and submit Application for Transfer of Crab QS/IFQ to or From an ECCO; 2 hours to complete and submit Application for Inter-cooperative Transfer; 30 minutes to complete and submit RCR Fee Submission; 40 hours to prepare and submit Right of First Refusal Provisions (ROFR) Contracts; 30 minutes to complete and submit a ROFR Waiver; and 4 hours to complete and submit an appeal on NMFS decisions.

*Estimated Total Annual Burden Hours:* 8,466.

*Estimated Total Annual Cost to Public:* \$ 31,742.

### IV. Request for Comments

*Comments are invited on:* (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c)

ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: August 30, 2007.

#### Marine Mammals; File No. 1034–1685

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; issuance of permit amendment.

**SUMMARY:** Notice is hereby given that Dr. Markus Horning has been issued an amendment to scientific research Permit No. 1034–1685–01.

**ADDRESSES:** The amendment and related documents are available for review upon written request or by appointment in the following office(s):

Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301)713–2289; fax (301)427–2521; and Southwest Region, NMFS, 501 West Ocean Blvd., Suite 4200, Long Beach, CA 90802–4213; phone (562)980–4001; fax (562)980–4018.

**FOR FURTHER INFORMATION CONTACT:** Amy Sloan or Jaclyn Daly, (301)713–2289.

**SUPPLEMENTARY INFORMATION:** On June 20, 2007, notice was published in the **Federal Register** (72 FR 33981) that an amendment to Permit No. 1034–1685–01 had been requested by the above-named individual. The requested amendment has been granted under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*) and the regulations

governing the taking and importing of marine mammals (50 CFR part 216).

Permit No. 1034–1685–01, issued on November 12, 2004 (72 FR 69585), authorized the permit holder to surgically implant transmitters, attach tags, collect blood, and perform blubber biopsy and ultrasound and bioelectrical impedance analysis on up to 30 California sea lions (*Zalophus californianus*) undergoing rehabilitation at The Marine Mammal Center (TMMC). In addition, the permit authorized intramuscular injections of adrenocorticotrophic hormone (ACTH), pre-and post blood collection under anesthesia, and fecal sampling for up to 6 California sea lions at TMMC. The amended Permit No. 1034–1685–02 authorizes the permit holder to increase the number of California sea lions at The Marine Mammal Center that receive ACTH injections to 12 animals and inject 6 animals with a sterile saline solution as a control group. In addition, a new Co-investigator has been added to the permit.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), a final determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Dated: August 28, 2007.

**DEPARTMENT OF COMMERCE**

**National Oceanic and Atmospheric Administration**

**National Estuarine Research Reserve System**

**AGENCY:** Estuarine Reserves Division, Office of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce.

**ACTION:** Notice of Approval and Availability of the Revised Management Plan for the Wells (Maine) National Estuarine Research Reserve.

**SUMMARY:** Notice is hereby given that the Estuarine Reserves Division, Office of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration (NOAA), U.S. Department of Commerce has approved the revised management plan, which includes an expansion of the boundary of the reserve, for the Wells National Estuarine Research Reserve.

The Wells Reserve was designated in February 1984 pursuant to Section 315 of the Coastal Zone Management Act of 1972, as amended, 16 U.S.C. 1461. The reserve has been operating under a management plan approved in 1996. Pursuant to 15 CFR 921.33(c), a state must revise their management plan every five years. The submission of this plan fulfills this requirement and sets a course for successful implementation of the goals and objectives of the reserve.

Since the last management plan, the Wells Reserve acquired two key parcels of land, changed its boundary, constructed needed facilities, and implemented several system-wide programs. It acquired the 27-acre Alheim property and the 2½-acre Lord parcel, and changed its boundary to include 359 acres of the watershed areas of the Reserve. The Reserve built the Maine Coastal Ecology Center, new interpretive exhibits, the Alheim Commons dormitory, and the Forest Learning Shelter, and equipped and opened the Coastal Resource Library. This new management plan serves as the primary guidance document for the operation of the Wells Reserve's core and system-wide programs in research and monitoring, education and coastal training, and resource management and stewardship. The plan provides guidance on the acquisition of land to be added to the Reserve and on the construction and renovation of buildings and exhibits that support reserve programs. It also guides the
