BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

Public Information Collection Requirement Submitted to OMB for Review and Approval

August 28, 2007.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden, invites the general public and other Federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before October 5, 2007. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser of Office of Management and Budget (OMB), via Internet at Nicholas_A_Fraser@omb.eop.gov or via fax at (202) 395-5167 and to Cathy Williams, Federal Communications Commission, Room 1-C823, 445 12th Street, SW., Washington, DC.

If you would like to obtain or view a copy of this information collection, you may do so by visiting the FCC PRA Web page at: <http://www.fcc.gov/omd/pr>.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection(s), contact Cathy Williams at (202) 418-2918 or via the Internet at PRA@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0250.

Title: Sections 73.1207, 74.784 and 74.1284, Rebroadcasts.

Form Number: Not applicable.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities; Not-for-profit institutions; State, local or tribal government.

Number of Respondents: 6,062.

Estimated Time per Response: 30 minutes.

Frequency of Response: Recordkeeping requirement; On occasion reporting requirement; Semi-annual reporting requirement; Third party requirement.

Total Annual Burden: 5,306 hours.

Total Annual Cost: None.

Nature of Response: Required to obtain or retain benefits.

Confidentiality: No need for confidentiality required.

Privacy Impact Assessment: No impact(s).

Needs and Uses: 47 CFR 73.1207 requires that licensees of broadcast stations obtain written permission from an originating station prior to retransmitting any program or any part thereof. A copy of the written consent must be kept in the station's files and made available to the FCC upon request. Section 73.1207 also specifies procedures that broadcast stations must follow when rebroadcasting time signals, weather bulletins, or other material from non-broadcast services.

47 CFR 74.784 requires licensees of low power television and TV translator stations to notify the FCC when rebroadcasting programs or signals of another station occurs. They are also required to certify that written consent has been obtained from originating station. FCC staff uses the data to ensure compliance with Section 325(a) of the Communications Act, as amended.

47 CFR 74.1284 requires that the licensee of a FM translator station obtain prior consent to rebroadcast programs of any FM broadcast station or other FM translator. The licensee must notify the Commission of the call letters of each station rebroadcast and must certify that written consent has been received from the licensee of that station.

The Commission is revising this information collection to consolidate rule Section 47 CFR 73.1207 into OMB

control number 3060-0250. The rule section is currently approved under OMB control number 3060-0173.

OMB Control Number: 3060-0633.

Title: Sections 73.1230, 74.165, 74.432, 74.564, 74.664, 74.765, 74.832, 74.1265, Posting or Filing of Station Licenses.

Form Number: Not applicable.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities, Not-for-profit institutions.

Number of Respondents: 2,584.

Estimated Hours per Response: 0.083 hours.

Frequency of Response: Recordkeeping requirement; On occasion reporting requirement; Third party disclosure requirement.

Total Annual Burden: 214 hours.

Total Annual Cost: \$24,860.

Nature of Response: Required to obtain or retain benefits.

Confidentiality: No need for confidentiality required.

Privacy Impact Assessment: No impact(s).

Needs and Uses: 47 CFR 73.1230 requires that the station license and any other instrument of station authorization for an AM, FM or TV station be posted in a conspicuous place where the licensee considers to be the principal control point of the transmitter.

47 CFR 74.165 requires that the instrument of authorization for an experimental broadcast station be available at the transmitter site.

47 CFR 74.432(j) (remote pickup broadcast station) and 74.832(j) (low power auxiliary station) requires that the license of a remote pickup broadcast/low power auxiliary station shall be retained in the licensee's files, posted at the transmitter, or posted at the control point of the station. These sections also require the licensee to forward the station license to the FCC in the case of permanent discontinuance of the station.

47 CFR 74.564 (aural broadcast auxiliary stations) requires that the station license and any other instrument of authorization be posted in the room where the transmitter is located, or if operated by remote control, at the operating position.

47 CFR 74.664 (television broadcast auxiliary stations) requires that the station license and any other instrument of authorization be posted in the room where the transmitter is located. Sections 74.765 (low power TV, TV translator and TV booster) and 74.1265 (FM translator stations and FM booster

stations), require that the station license and any other instrument of authorization be retained in the station's files. In addition, the call sign of the station, together with the name, address and telephone number of the licensee or the local representative of the licensee, and the name and address of the person and place where the station records are maintained, shall be displayed at the transmitter site on the structure supporting the transmitting antenna.

The Commission is revising this information collection to remove 47 CFR 74.965 from the information collection. The rule section was removed from the CFR. It is no longer in existence.

Federal Communications Commission.

Marlene H. Dortch,

Secretary.

FEDERAL COMMUNICATIONS COMMISSION

Public Information Collection Requirement Submitted to OMB for Emergency Review and Approval

August 30, 2007.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden, invites the general public and other Federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before September 12,

2007. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, Office of Management and Budget, via e-mail to nfraser@omb.eop.gov or via fax at 202-395-5167, and to the Federal Communications Commission via e-mail to PRA@fcc.gov or by U.S. mail to Jerry Cowden, Federal Communications Commission, Room 1-B135, 445 12th Street, SW., Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: For additional information contact Jerry Cowden via e-mail at PRA@fcc.gov or at 202-418-0447. If you would like to obtain or view a copy of this information collection you may do so by visiting the FCC PRA Web page at: <http://www.fcc.gov/omd/pr>.

SUPPLEMENTARY INFORMATION: The Commission is requesting emergency OMB processing of this information collection and has requested OMB approval by September 19, 2007.

OMB Control Number: None.

Title: Information collection for Emergency Communications Back-Up System Report to Congress.

Form No.: Not applicable.

Type of Review: New collection.

Respondents: Businesses or other for-profit; not-for-profit institutions; and state, local or tribal governments.

Number of Respondents: 45 respondents; 45 responses.

Estimated Time per Response: 40 hours.

Frequency of Response: One-time reporting.

Obligation to Respond: Voluntary.

Total Annual Burden: 1,800 hours.

Total Annual Cost: \$33,000. This is based on an estimate that half the respondents (22) will fly a representative (or representatives) the equivalent of a coast-to-coast round trip to Washington, DC and will have lodging for one night. The average cost of a single round trip fare and one night lodging is estimated to be \$1500.

Nature and Extent of Confidentiality: The Commission will work with respondents to ensure that their concerns regarding the confidentiality of any proprietary or business-sensitive information are resolved in a manner consistent with the Commission's rules.

Privacy Act Impact Assessment: This information collection does not affect individuals or households, and therefore a privacy impact assessment is not required.

Needs and Uses: The information collection sought will enable the

Commission to fulfill its obligation under the Implementing Recommendations of the 9/11 Commission Act of 2007 (Act), Public Law 110-53. The purpose of the Act is to "provide for the implementation of the recommendations of the National Commission on Terrorist Attacks Upon the United States." Towards this end, the Act mandates that the Commission "shall conduct a vulnerability assessment of the Nation's critical communications and information systems infrastructure and shall evaluate the technical feasibility of creating a back-up emergency communications system that complements existing communications resources and takes into account next generation and advanced communications technologies." The Commission must submit a report to Congress that details the findings of this evaluation not later than 180 days after the date of enactment of the Act (since the Act was enacted on August 3, 2007, the report will be due to Congress on January 30, 2008).

To complete this report, the Commission seeks to collect information primarily through face-to-face meetings, phone calls (including conference calls), and e-mail correspondence with commercial service and network operators (*i.e.*, private satellite, wireline, and wireless operators, circuit and packet network operators), users (or owners) of emergency communication systems and networks, (*e.g.*, emergency responders including first responders, 9-1-1 system and dispatch operators, federal, state and local emergency agencies), and their associations, manufacturers of public safety equipment and emergency communications networks and systems, operators of networks for emergency responders, and standards organizations and industry groups working on public safety equipment and emergency communications networks and systems and standards. Information will be sought concerning emergency communications networks, including user devices, network equipment, operations processes and operations systems, and concerning the feasibility of commercial service providers to support the needs of public safety, including: (1) Technical capabilities and characteristics of equipment (*e.g.*, analog/digital, power, range, access protocol, broadband/wideband/narrowband, etc.), (2) technical capabilities and characteristics of commercial services to support the needs of public safety, (3) cost and deployment of commercial services for
