specified below:**Federal Funding Accountability and  
Transparency Act (FFATA) - Reporting  
Requirement of Subcontractor Award  
Data (FAR Case 2006–029)**

This final rule amends the Federal Acquisition Regulation (FAR) to require that contractors report specific subcontract awards to a public database. The Federal Funding Accountability and Transparency Act of 2006 (FFATA) (Pub. L. 109–282) requires the existence and operation of a searchable website that provides public access to information about Federal expenditures. This final rule establishes a pilot program to test the collection and accession of subcontract award data. As a result, subcontracts awarded and funded with Federal appropriated funds will eventually be disclosed to the public in a single searchable website. However, information reported under the pilot program will not be disclosed to the public.
