**Implementation of the Understandings Reached at the June 2007 Australia Group (AG) Plenary Meeting; Addition to the List of States Parties to the Chemical Weapons Convention (CWC)**

**AGENCY:** Bureau of Industry and Security, Commerce.

**ACTION:** Final rule.

**SUMMARY:** The Bureau of Industry and Security (BIS) is publishing this final rule to amend the Export Administration Regulations (EAR) to implement the understandings reached at the June 2007 plenary meeting of the Australia Group (AG). This final rule amends the EAR to reflect changes to the AG “Control List of Biological Agents” that the countries participating in the AG adopted at the plenary meeting. Specifically, this rule revises the Commerce Control List (CCL) entry that controls animal pathogens on the

AG “Control List of Biological Agents” by revising the listing for mycoplasma mycoides to include only the specific subspecies and strains of mycoplasma mycoides that are of most concern as the causative agents of disease in animals, i.e., *Mycoplasma mycoides* subspecies *mycoides* SC (small colony) and *Mycoplasma capricolum* subspecies *capripneumoniae* (“strain F38”). In addition, this rule makes conforming changes to the CCL entry that controls certain select agents not included on any of the AG Common Control Lists.

This rule also amends the EAR to reflect the admission of Croatia to the Australia Group and updates the definition of “Australia Group” in the EAR by adding Croatia to the list of participating countries.

In addition to the AG plenary meeting changes described above, this rule amends the EAR by revising the CCL entry that controls certain equipment capable of being used in handling biological materials. This rule revises a Technical Note in the CCL entry by updating the edition of the World Health Organization (WHO) “Laboratory Biosafety Manual” referenced therein to identify the current edition of the manual. This WHO manual contains safety requirements for P3 or P4 (BL3, BL4, L3, L4) complete containment facilities.

Finally, this rule amends the list of countries that currently are States Parties to the Chemical Weapons Convention (CWC) by adding “Barbados,” which recently became a State Party. As a result of this change, the CW (Chemical Weapons) license requirements and policies in the EAR that apply to Barbados now conform with those applicable to other CWC States Parties. This rule also clarifies the scope of the entry for “China” on the list of CWC States Parties by revising the footnote to this entry to indicate that, for CWC purposes only, China includes “Macau,” as well as “Hong Kong.”

**DATES:** This rule is effective September 12, 2007. Although there is no formal comment period, public comments on this regulation are welcome on a continuing basis.

**ADDRESSES:** You may submit comments, identified by RIN 0694-AE08, by any of the following methods:

- *E-mail:* [publiccomments@bis.doc.gov](mailto:publiccomments@bis.doc.gov). Include “RIN 0694-AE08” in the subject line of the message.
- *Fax:* (202) 482-3355. Please alert the Regulatory Policy Division, by calling (202) 482-2440, if you are faxing comments.
- *Mail or Hand Delivery/Courier:* Willard Fisher, U.S. Department of Commerce, Bureau of Industry and Security, Regulatory Policy Division, 14th St. & Pennsylvania Avenue, NW., Room 2705, Washington, DC 20230, ATTN: RIN 0694-AE08.

Send comments regarding this collection of information, including suggestions for reducing the burden, to David Rostker, Office of Management and Budget (OMB), by e-mail to [David\\_Rostker@omb.eop.gov](mailto:David_Rostker@omb.eop.gov), or by fax to (202) 395-7285; and to the Regulatory Policy Division, Bureau of Industry and Security, Department of Commerce, P.O. Box 273, Washington, DC 20044. Comments on this collection of information should be submitted separately from comments on the final rule (i.e., RIN 0694-AE08)—all comments on the latter should be submitted by one of the three methods outlined above.

**SUPPLEMENTARY INFORMATION:**

**Background**

The Bureau of Industry and Security (BIS) is amending the Export Administration Regulations (EAR) to implement the understandings reached at the annual plenary meeting of the Australia Group (AG) that was held in Paris on June 4-7, 2007. The Australia Group is a multilateral forum, consisting of 40 participating countries, that maintains export controls on a list of chemicals, biological agents, and related equipment and technology that could be used in a chemical or biological weapons program. The AG periodically

reviews items on its control list to enhance the effectiveness of participating governments' national controls and to achieve greater harmonization among these controls.

The understandings reached at the June 2007 annual plenary meeting included a decision to revise the AG "Control List of Biological Agents" by narrowing the scope of the listing for *Mycoplasma mycoides* to include only the specific subspecies and strains of *Mycoplasma mycoides* that are of most concern as the causative agents of disease in animals. This rule amends the EAR to reflect that decision by revising Export Control Classification Number (ECCN) 1C352, which controls certain animal pathogens, to narrow the scope of the listing for *Mycoplasma mycoides* in this ECCN to include only the following subspecies and strains: *Mycoplasma mycoides* subspecies *mycoides* SC (small colony) and *Mycoplasma capricolum* subspecies *capripneumoniae* ("strain F38"). *Mycoplasma mycoides* subspecies *mycoides* SC (small colony) causes severe respiratory disease primarily in cattle (i.e., contagious bovine pleuropneumonia (CBPP)), while *Mycoplasma capricolum* subspecies *capripneumoniae* ("strain F38") causes severe respiratory disease primarily in goats (i.e., contagious caprine pleuropneumonia (CCPP)).

Prior to the publication of this rule, ECCN 1C352 controlled all subspecies and strains of *Mycoplasma mycoides*. *Mycoplasma capricolum* and F38-type caprine *Mycoplasma* (i.e., *Mycoplasma* F38), however, were listed separately under ECCN 1C360, which contains unilaterally controlled select agents not included on any of the AG Common Control Lists. The Centers for Disease Control and Prevention (CDC), U.S. Department of Health and Human Services, and the Animal and Plant Health Inspection Service (APHIS), U.S. Department of Agriculture, maintain controls on the possession, use, and transfer within the United States of the unilaterally controlled select agents listed in ECCN 1C360, as well as certain AG agents and toxins listed in ECCN 1C352. Since *Mycoplasma* F38 (i.e., *Mycoplasma capricolum* subspecies *capripneumoniae* ("strain F38")) is now specifically identified and controlled under ECCN 1C352 and the select agent *Mycoplasma mycoides capri* is no longer controlled under this ECCN, this rule makes conforming changes to the list of unilaterally controlled select agents in ECCN 1C360 by removing *Mycoplasma* F38 from the listing of *Mycoplasma* controlled under this ECCN and adding *Mycoplasma*

*mycoides capri*. All *Mycoplasma capricolum*, except subspecies *capripneumoniae*, continues to be controlled under ECCN 1C360.

The EAR license requirements that apply to the specific items affected by the amendments to ECCN 1C352 and 1C360 (described above) remain unchanged. The affected items in these ECCNs continue to require a license for export or reexport to all countries or destinations indicated under CB Column 1 or AT Column 1 on the Commerce Country Chart (Supplement No. 1 to Part 738 of the EAR).

This rule also amends the EAR to reflect the addition of Croatia as the newest participating country in the Australia Group (which now includes a total of 40 countries). Supplement No. 1 to Part 738 (Commerce Country Chart) is revised by removing the license requirements indicated for Croatia, under CB Column 2, to conform with the country scope of the CB license requirements that apply to other AG participating countries (see Section 742.2 of the EAR). Supplement No. 1 to Part 740 (Country Groups) is revised to add Croatia to Country Group A:3 (Australia Group). The definition of "Australia Group" in Section 772.1 of the EAR is updated by adding Croatia to the list of participating countries.

In addition to the AG plenary meeting changes described above, this rule amends the EAR by revising the Technical Note to ECCN 2B352.a to update a reference therein to the World Health Organization (WHO) "Laboratory Biosafety Manual" to identify the current edition of the manual (i.e., 3rd edition, Geneva, 2004). This WHO manual contains safety requirements for P3 or P4 (BL3, BL4, L3, L4) complete containment facilities.

Finally, this rule amends Supplement No. 2 to Part 745 of the EAR (titled "States Parties to the Convention on the Prohibition of the Development, Production, Stockpiling, and Use of Chemical Weapons and on Their Destruction") by adding "Barbados," which became a State Party to the CWC on April 6, 2007. As a result of this change, the CW (Chemical Weapons) license requirements and policies that apply to Barbados now conform with those applicable to other CWC States Parties, as described in Section 742.18 of the EAR. This rule also clarifies the scope of the entry for "China" in the list of CWC States Parties by revising the footnote to this entry to indicate that, for CWC purposes only, China includes "Macau," as well as "Hong Kong."

Although the Export Administration Act expired on August 20, 2001, the President, through Executive Order

13222 of August 17, 2001, 3 CFR, 2001 Comp., p. 783 (2002), as extended by the Notice of August 15, 2007, 72 FR 46137 (August 16, 2007), has continued the Export Administration Regulations in effect under the International Emergency Economic Powers Act.

#### Saving Clause

Shipments of items removed from eligibility for export or reexport under a license exception or without a license (i.e., under the designator "NLR") as a result of this regulatory action that were on dock for loading, on lighter, laden aboard an exporting carrier, or en route aboard a carrier to a port of export, on October 12, 2007, pursuant to actual orders for export or reexport to a foreign destination, may proceed to that destination under the previously applicable license exception or without a license (NLR) so long as they are exported or reexported before October 29, 2007. Any such items not actually exported or reexported before midnight, on October 29, 2007, require a license in accordance with this regulation.

"Deemed" exports of "technology" and "source code" removed from eligibility for export under a license exception or without a license (under the designator "NLR") as a result of this regulatory action may continue to be made under the previously available license exception or without a license (NLR) before October 29, 2007. Beginning at midnight on October 29, 2007, such "technology" and "source code" may no longer be released, without a license, to a foreign national subject to the "deemed" export controls in the EAR when a license would be required to the home country of the foreign national in accordance with this regulation.

#### Rulemaking Requirements

1. This rule has been determined to be not significant for purposes of Executive Order 12866.

2. Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This rule contains a collection of information subject to the requirements of the PRA. This collection has been approved by OMB under Control Number 0694-0088 (Multi-Purpose Application), which carries a burden hour estimate of 58 minutes to prepare and submit form

BIS-748. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to David Rostker, Office of Management and Budget (OMB), and to the Regulatory Policy Division, Bureau of Industry and Security, Department of Commerce, as indicated in the ADDRESSES section of this rule.

3. This rule does not contain policies with Federalism implications as that term is defined in Executive Order 13132.

4. The provisions of the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, the opportunity for public participation, and a delay in effective date, are inapplicable because this regulation involves a military and foreign affairs function of the United States (Sec. 5 U.S.C. 553(a)(1)). Further, no other law requires that a notice of proposed rulemaking and an opportunity for public comment be given for this final rule. Because a notice of proposed rulemaking and an opportunity for public comment are not

required to be given for this rule under 5 U.S.C. 553 or by any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are not applicable.

Therefore, this regulation is issued in final form. Although there is no formal comment period, public comments on this regulation are welcome on a continuing basis.

**SUPPLEMENTARY INFORMATION:**

**Background**

The final regulations that are the subject of the correction are under Sections 6038 and 6038A of the Internal Revenue Code.

**Need for Correction**

As published, final regulations (TD 9338) contain an error that may prove to be misleading and is in need of clarification.

**Correction of Publication**

Accordingly, the publication of the final regulations (TD 9338), which were the subject of FR Doc. E7–13587, is corrected as follows:

On page 38475, in the document heading, the language “RIN 1545–
