**SUPPLEMENTARY INFORMATION:****Background**

Restoring endangered or threatened animals and plants to the point where they are again secure, self-sustaining members of their ecosystems is a primary goal of our endangered species program. To help guide the recovery effort, we are working to prepare recovery plans for most of the listed species native to the United States. Recovery plans describe actions considered necessary for the conservation of the species, establish criteria for the recovery levels for downlisting or delisting them, and estimate time and cost for implementing the recovery measures needed.

Section 4(f) of the Endangered Species Act (Act) (16 U.S.C. 1531 *et seq.*) requires us to provide public notice and an opportunity for public review and comment during recovery plan development. We made the draft recovery plan for the Carson wandering skipper available for public comment from March 2, 2006, through May 31, 2006 (71 FR 10703). We considered information we received during the public comment period in our preparation of this final recovery plan, and also summarized that information in an appendix of the recovery plan. We

will forward substantive comments regarding recovery plan implementation to appropriate Federal or other entities so they can take these comments into account in the course of implementing recovery actions.

The Carson wandering skipper (*Pseudocopa eunus obscurus*) is a small butterfly in the subfamily Hesperinae (grass skippers). This subspecies is federally listed as endangered. Only four extant populations are known from Washoe County and Douglas County, Nevada, and Lassen County, California. A fifth known population of the subspecies, from Carson City, Nevada, is considered extirpated as of 1998.

Our goal for this subspecies is to recover it to the point where downlisting and eventually delisting would be appropriate. Recovery criteria include protection and management in perpetuity of the existing populations, without downward population trends; development and implementation of adaptive management plans; and discovery or establishment of one or more additional populations.

**Authority**

The authority for this action is section 4(f) of the Endangered Species Act, 16 U.S.C. 1533(f).

Dated: September 6, 2007.

## DEPARTMENT OF THE INTERIOR

### National Park Service

#### Notice of Inventory Completion: Alutiiq Museum and Archaeological Repository, Kodiak, AK

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice.

Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains in the possession of Alutiiq Museum and Archaeological Repository, Kodiak, AK. The human remains were removed from unknown locations on Kodiak Island, AK.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003 (d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains. The National Park Service is not responsible for the determinations in this notice.

A detailed assessment of the human remains was made by Alutiiq Museum and Archaeological Repository professional staff in consultation with representatives of Afognak Native

Corporation; Native Village of Afognak (formerly the Village of Afognak); Native Village of Akhiok; Akhiok-Kaguyak, Inc.; Native Village of Karluk; Natives of Kodiak, Inc.; Koniag, Inc.; Native Village of Larsen Bay; Lesnoi Village (aka Woody Island); Old Harbor Native Corporation; Village of Old Harbor; Ouzinkie Native Corporation; Native Village of Ouzinkie; Native Village of Port Lions; and Sun'aq Tribe of Kodiak (formerly the Shoonaq' Tribe of Kodiak).

In 1995, human remains representing a minimum of one individual were transferred to the Alutiiq Museum and Archaeological Repository from Kodiak Area Native Association's Alutiiq Culture Center (number AM59). Information regarding the collection of the human remains is unknown, although it is reasonably believed that the human remains were removed from Kodiak Island. No known individual was identified. No associated funerary objects are present.

A review of the human remains suggests they are archeological. Humic staining on the bones and worn dentition with no evidence of modern dentistry suggests a prehistoric person, likely from one of Kodiak's many well preserved archeological sites.

At an unknown date, human remains representing a minimum of one individual were removed from an unknown location on Kodiak Island, AK. In 1991, the human remains were turned over to the Alaska State Troopers by Dr. Keith Hediger. In 1992, the Alaska State Office of History and Archaeology examined the human remains and determined the human remains were Native American and most likely Alutiiq. The Alaska State Troopers transferred the human remains to the Kodiak Area Native Association's Alutiiq Culture Center. In 1995, the human remains were transferred to the Alutiiq Museum and Archaeological Repository (number AM62). No known individual was identified. No associated funerary objects are present.

Archeological data indicate that modern Alutiiqs evolved from archeologically documented societies of the Kodiak region and can trace their ancestry back over 7,500 years in the region. As such, the human remains are reasonably believed to be Native American and most closely affiliated with the modern Kodiak Alutiiq people. Specifically, the human remains are from an area traditionally used by the Afognak Native Corporation; Native Village of Afognak; Native Village of Akhiok; Akhiok-Kaguyak, Inc.; Native Village of Karluk; Natives of Kodiak, Inc.; Koniag, Inc.; Native Village of Larsen Bay; Lesnoi Village (aka Woody Island); Old Harbor Native Corporation; Village of Old Harbor; Ouzinkie Native Corporation; Native Village of Ouzinkie; Native Village of Port Lions; and Sun'aq Tribe of Kodiak may proceed after that date if no additional claimants come forward.

Island); Old Harbor Native Corporation; Village of Old Harbor; Ouzinkie Native Corporation; Native Village of Ouzinkie; Native Village of Port Lions; and Sun'aq Tribe of Kodiak.

Officials of the Alutiiq Museum and Archaeological Repository have determined that, pursuant to 25 U.S.C. 3001 (9-10), the human remains described above represent the physical remains of two individuals of Native American ancestry. Officials of the Alutiiq Museum and Archaeological Repository also have determined that, pursuant to 25 U.S.C. 3001 (2), there is a relationship of shared group identity that can be reasonably traced between the Native American human remains and the Afognak Native Corporation; Native Village of Afognak; Native Village of Akhiok; Akhiok-Kaguyak, Inc.; Native Village of Karluk; Natives of Kodiak, Inc.; Koniag, Inc.; Native Village of Larsen Bay; Lesnoi Village (aka Woody Island); Old Harbor Native Corporation; Village of Old Harbor; Ouzinkie Native Corporation; Native Village of Ouzinkie; Native Village of Port Lions; and Sun'aq Tribe of Kodiak.

Representatives of any other Indian tribe that believes itself to be culturally affiliated with the human remains should contact Sven Haakanson, Jr., Executive Director, Alutiiq Museum and Archaeological Repository, 215 Mission Rd., Suite 101, Kodiak, AK 99615, telephone (907) 486-7004, before October 15, 2007. Repatriation of the human remains to the Afognak Native Corporation; Native Village of Afognak; Native Village of Akhiok; Akhiok-Kaguyak, Inc.; Native Village of Karluk; Natives of Kodiak, Inc.; Koniag, Inc.; Native Village of Larsen Bay; Lesnoi Village (aka Woody Island); Old Harbor Native Corporation; Village of Old Harbor; Ouzinkie Native Corporation; Native Village of Ouzinkie; Native Village of Port Lions; and Sun'aq Tribe of Kodiak may proceed after that date if no additional claimants come forward.

Alutiiq Museum and Archaeological Repository is responsible for notifying the Afognak Native Corporation; Native Village of Afognak; Native Village of Akhiok; Akhiok-Kaguyak, Inc.; Native Village of Karluk; Natives of Kodiak, Inc.; Koniag, Inc.; Native Village of Larsen Bay; Lesnoi Village (aka Woody Island); Old Harbor Native Corporation; Village of Old Harbor; Ouzinkie Native Corporation; Native Village of Ouzinkie; Native Village of Port Lions; and Sun'aq Tribe of Kodiak that this notice has been published.
