

PART 1626—RESTRICTIONS ON LEGAL ASSISTANCE TO ALIENS

■ 1. The authority citation for part 1626 continues to read as follows:

Authority: Pub. L. 104–208, 110 Stat. 1321; Pub L. 104–134, 110 Stat. 3009.

■ 2. Amend § 1626.10 by revising paragraph (a) to read as follows:

§ 1626.10 Special eligibility questions

(a)(1) This part is not applicable to recipients providing services in the Commonwealth of the Northern Mariana Islands, the Republic of Palau, the Federated States of Micronesia, or the Republic of the Marshall Islands.

(2) All citizens of the Republic of Palau, the Federated States of Micronesia, and the Republic of the Marshall Islands residing in the United States are eligible to receive legal assistance provided that they are otherwise eligible under the Act.

[Docket No. 070213033–7033–01]

RIN 0648–XC56

Fisheries of the Exclusive Economic Zone Off Alaska; Atka Mackerel With Gears Other than Jig in the Eastern Aleutian District and the Bering Sea Subarea in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for Atka mackerel with gears other than jig in the Eastern Aleutian District and the Bering Sea subarea in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the 2007 Atka mackerel total allowable catch (TAC) with gears other than jig in the Eastern Aleutian District and the Bering Sea subarea in the BSAI.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), September 11, 2007,

through 1200 hrs, A.l.t., December 31, 2007.

FOR FURTHER INFORMATION CONTACT:

Jennifer Hogan, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2007 Atka mackerel TAC for gears other than jig in the Eastern Aleutian District and the Bering Sea subarea in the BSAI is 22,015 metric tons (mt) as established by the 2007 and 2008 final harvest specifications for groundfish in the BSAI (72 FR 9451, March 2, 2007).

In accordance with § 679.20(d)(1)(i), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the 2007 Atka mackerel TAC for gears other than jig in the Eastern Aleutian District and the Bering Sea subarea in the BSAI will soon be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 21,915 mt, and is setting aside the remaining 100 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for Atka mackerel for gears other than jig in the Eastern Aleutian District and the Bering Sea subarea in the BSAI.

After the effective date of this closure the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would

delay the closure of Atka mackerel for gears other than jig in the Eastern Aleutian District and the Bering Sea subarea of the BSAI. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of September 10, 2007.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: September 11, 2007.

Alan D. Risenhoover

Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

RIN 0648–XC52

Fisheries of the Exclusive Economic Zone Off Alaska; Shallow-Water Species Fishery by Vessels Using Trawl Gear in the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; modification of a closure.

SUMMARY: NMFS is opening directed fishing for 12 hours for shallow-water species by vessels using trawl gear in the Gulf of Alaska (GOA). This action is necessary to allow the shallow-water species fishery in the GOA to resume.

DATES: Effective 0800 hrs, Alaska local time (A.l.t.), September 11, 2007, through 2000 hrs, A.l.t., September 11, 2007. Comments must be received at the following address no later than 4:30 p.m., A.l.t., September 26, 2007.

ADDRESSES: Send comments to Sue Salvesson, Assistant Regional Administrator, Sustainable Fisheries Division, Alaska Region, NMFS, Attn: Ellen Sebastian. Comments may be submitted by:

• Mail to: P.O. Box 21668, Juneau, AK 99802;

- Hand delivery to the Federal Building, 709 West 9th Street, Room 420A, Juneau, Alaska;
- FAX to 907-586-7557;
- E-mail to inseason.fakr@noaa.gov

and include in the subject line of the e-mail the document identifier: goaswx4sre2.fo.wpd (E-mail comments, with or without attachments, are limited to 5 megabytes); or

- Webform at the Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions at that site for submitting comments.

FOR FURTHER INFORMATION CONTACT: Jennifer Hogan, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The shallow-water fishery in the GOA opened for 12 hours on September 1, 2007 (72 FR 49229, August 28, 2007), and reopened again for 12 hours on September 6, 2007 (72 FR xxxxx). NMFS has determined that approximately 130 mt remain in the fourth seasonal apportionment of the 2007 Pacific halibut bycatch allowance specified for the shallow-water species fishery in the GOA. Therefore, in accordance with § 679.25(a)(1)(i), (a)(2)(i)(C) and (a)(2)(iii)(D), and to allow the shallow-water species fishery in the GOA to resume, NMFS is terminating the previous closure and is reopening directed fishing for shallow-water species for 12 hours by vessels using trawl gear in the GOA, effective 0800 hrs, A.l.t., September 11, 2007, through 2000 hrs, A.l.t., September 11, 2007. The species and species groups that comprise the shallow-water species fishery are pollock, Pacific cod, shallow-water flatfish, flathead sole, Atka mackerel, skates and "other species." Vessels fishing under a cooperative quota permit in the cooperative fishery in the Rockfish Pilot Program for the Central GOA can continue to fish under their permit as authorized.

Classification

This action responds to the best available information recently obtained

from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the opening of the shallow-water species fishery by vessels using trawl gear in the GOA. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of September 7, 2007.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

Without this inseason adjustment, NMFS could not allow the fishery for the shallow-water species fishery in the GOA to be harvested in an expedient manner and in accordance with the regulatory schedule. Under § 679.25(c)(2), interested persons are invited to submit written comments on this action to the above address until September 26, 2007.

This action is required by § 679.20 and § 679.25 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: September 10, 2007.

Emily H. Menashes,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

RIN 0648-XC57

Fisheries of the Exclusive Economic Zone Off Alaska; Atka Mackerel in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closures and openings.

SUMMARY: NMFS is announcing the opening and closing dates of the first and second directed fisheries within the harvest limit area (HLA) in Statistical Areas 542 and 543. This action is necessary to conduct directed fishing in the HLA in areas 542 and 543 and to prevent exceeding the HLA limits established for area 542 and area 543 pursuant to the 2007 Atka mackerel total allowable catch.

DATES: The effective dates are provided in Table 1 under the **SUPPLEMENTARY INFORMATION** section of this temporary action.

FOR FURTHER INFORMATION CONTACT: Jennifer Hogan, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

In accordance with § 679.20(a)(8)(iii)(C), the Regional Administrator is opening the first directed fisheries for Atka mackerel within the HLA in areas 542 and 543, 48 hours after the closure of the Eastern Aleutian District (area 541) and the Bering Sea subarea Atka mackerel directed fishery, also published in this issue. The Regional Administrator has established the opening date for the second HLA directed fisheries as 48 hours after the last closure of the first HLA fisheries in either area 542 or 543. Consequently, NMFS is opening and closing directed fishing for Atka mackerel in the HLA of areas 542 and 543 in accordance with the periods listed under Table 1 of this notice.
