

nor had any hazardous substances been disposed of or released on the subject property.”

6. *Indemnification Term*: “All lessees, purchasers, or patentees, by accepting a lease or patent, covenant and agree to indemnify, defend, and hold the United States harmless from any costs, damages, claims, causes of action, penalties, fines, liabilities, and judgments of any kind or nature arising from the past, present, and future acts or omissions of the patentees or their employees, agents, contractors, or lessees, or any third-party, arising out of or in connection with the patentees’ use, occupancy, or operations on the patented real property. This indemnification and hold harmless agreement includes, but is not limited to, acts and omissions of the patentees and their employees, agents, contractors, or lessees, or any third party, arising out of or in connection with the use and/or occupancy of the patented real property which has already resulted or does hereafter result in: (1) Violations of Federal, State, and local laws and regulations that are now or may in the future become, applicable to the real property; (2) Judgments, claims, or demands of any kind assessed against the United States; (3) Costs, expenses, or damages of any kind incurred by the United States; (4) Releases or threatened releases of solid or hazardous waste(s) and/or hazardous substances(s), as defined by Federal or State environmental laws, off, on, into or under land, property and other interests of the United States; (5) Activities by which solids or hazardous substances or wastes, as defined by Federal and State environmental laws are generated, released, stored, used or otherwise disposed of on the patented real property, and any cleanup response, remedial action or other actions related in any manner to said solid or hazardous substances or wastes; or (6) Natural resource damages as defined by Federal and State law. Patentee shall stipulate that it will be solely responsible for compliance with all applicable Federal, State and local environmental and regulatory provisions, throughout the life of the facility, including any closure or post-closure requirements that may be imposed with respect to any physical plant or facility upon the real property under any Federal, State or local environmental laws or regulatory provisions. This covenant shall be construed as running with the above described parcel of land patented or otherwise conveyed by the United States, and may be enforced by the

United States in a court of competent jurisdiction.

7. Terms and conditions identified through the site-specific environmental analysis.

Classification Comments: Interested persons may submit comments involving the suitability of the land for development of public school building(s). Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Application Comments: Interested persons may submit comments regarding the specific use proposed in the application and Plan of Development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the lands for public school building(s). Any adverse comments will be reviewed by the BLM State Director. In the absence of any adverse comments, the classification will become effective on November 13, 2007. The lands will not be offered for conveyance until after the classification becomes effective.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

BILLING CODE 4310-32-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[UT-070-1610-DP-011J]

Notice of Availability of the Price Field Office Supplemental Draft Resource Management Plan and Environmental Impact Statement for Non-Wilderness Study Area (WSA) Lands with Wilderness Characteristics

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969 (NEPA, 42 U.S.C. 4321 *et seq.*) and the Federal Land Policy and Management Act of 1976 (FLPMA, 43 U.S.C. 1701 *et seq.*), the Bureau of Land Management (BLM) has prepared the Price Field Office Supplemental Draft Resource Management Plan and Environmental Impact Statement (Supplemental DRMP/EIS) to augment the analysis of managing non-Wilderness Study Area (WSA) lands with wilderness characteristics. This Notice announces the availability of the document and the beginning of a 90-day comment period.

DATES: To ensure that public comments will be considered, the BLM must receive written comments on the Supplemental DRMP/EIS within 90 days following the date the Environmental Protection Agency publishes the Notice of Availability in the **Federal Register**.

ADDRESSES: Comments may be submitted by any of the following methods:

- Mail: Bureau of Land Management, Price Field Office, 125 South 600 West, Price, Utah 84501.
- E-mail: UT_Pr_Comments@blm.gov.
- Fax: (435) 636-3657.

FOR FURTHER INFORMATION CONTACT:

Floyd Johnson, Assistant Field Manager, Bureau of Land Management, Price Field Office, 125 South 600 West, Price, Utah 84501; telephone (435) 636-3600; e-mail: floyd_johnson@blm.gov. Or, the public may go to <http://www.blm.gov/rmp/ut/price> for additional information.

SUPPLEMENTARY INFORMATION: The Price Field Office planning area encompasses public lands managed by the BLM in Carbon and Emery Counties, Utah. This includes approximately 2.5 million acres of BLM-administered surface lands and 2.8 million acres of federal mineral estate underlying federal, State, and private lands. The Price Field Office Draft Resource Management Plan and Environmental Impact Statement (DRMP/EIS), prepared to guide management of these lands, was released for public review on July 16, 2004. (The DRMP/EIS is available on the internet at: <http://www.blm.gov/rmp/ut/price/>).

There are multiple areas (totaling 933,440 acres) outside of existing WSAs, which have wilderness characteristics. The BLM’s land use planning handbook (Manual Handbook H-1601-1) provides guidance for consideration of non-WSA lands with wilderness characteristics in land use planning. The handbook

provides that the BLM may consider these lands and resource values in planning, and prescribes measures to manage for their wilderness characteristics. These characteristics include the appearance of naturalness, outstanding opportunities for solitude, and outstanding opportunities for primitive and unconfined recreation.

The DRMP/EIS analyzed five alternatives for management of public lands in the Price Field Office, and disclosed the impacts of implementing each alternative. The Price Field Office Supplemental DRMP/EIS will prescribe specific actions to manage for the wilderness characteristics of non-WSA lands with wilderness characteristics in a new alternative to ensure that: (1) Adequate consideration is given to wilderness characteristics; (2) an adequate range of alternatives is considered for these lands; and (3) an adequate analysis is prepared from which to base future land use decisions. Comments, including names and addresses of respondents, will be available for public review at the Price Field Office. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Copies of the Supplemental DRMP/EIS are available in the Price Field Office and on the Internet at the address provided above.

Jeff Rawson,

Associate State Director.

BILLING CODE 4310-DP-P

DEPARTMENT OF THE INTERIOR

Office of Surface Mining Reclamation and Enforcement

Notice of Proposed Information Collection for 1029-0114

AGENCY: Office of Surface Mining Reclamation and Enforcement.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Office of Surface Mining Reclamation and Enforcement (OSM) is announcing its intention to renew authority to

collect information for a series of customer surveys to evaluate OSM's performance in meeting the performance goals outlined in its annual plans developed pursuant to the Government Performance and Results Act (GPRA). The Office of Management and Budget (OMB) previously approved the collection and assigned it clearance number 1029-0114.

DATES: Comments on the proposed information collection must be received by November 13, to be assured of consideration.

ADDRESSES: Comments may be mailed to John Trelease, Office of Surface Mining Reclamation and Enforcement, 1951 Constitution Ave., NW. Room 202-SIB, Washington, DC 20240. Comments may also be submitted electronically to jtrelease@osmre.gov.

FOR FURTHER INFORMATION CONTACT: To receive a copy of the information collection request contact John Trelease, at (202) 208-2783 or electronically at jtrelease@osmre.gov.

SUPPLEMENTARY INFORMATION: OMB regulations at 5 CFR 1320, which implementing provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities [see 5 CFR 1320.8(d)]. This notice identifies the information collection that OSM will be submitting to OMB for approval. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection of information is 1029-0114 and is on the forms along with the expiration date. OSM will request a 3-year term of approval for this information collection activity.

Comments are invited on: (1) The need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the agency's burden estimates; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information. A summary of the public comments will accompany OSM's submission of the information collection request to OMB.

This notice provides the public with 60 days in which to comment on the following information collection activity:

Title: Technical Evaluations Series.

OMB Control Number: 1029-0114.

Summary: The series of surveys are needed to ensure that technical assistance activities, technology transfer activities and technical forums are useful for those who participate or receive the assistance. Specifically, representatives from State and Tribal regulatory and reclamation authorities, representatives of industry, environmental or citizen groups, or the public, are the recipients of the assistance or participants in these forums. These surveys will be the primary means through which OSM evaluates its performance in meeting the performance goals outlined in its annual plans developed pursuant to the Government Performance and Results Act.

Bureau Form Number: None.

Frequency of Collection: Once.

Description of Respondents: 26 State and Tribal governments, industry organizations and individuals who request information or assistance.

Total Annual Responses: 750.

Total Annual Burden Hours: 63.

Dated: September 10, 2007.

John R. Craynon,

Chief, Division of Regulatory Support.
