

communities and the growth of our economy without endangering the environment. Rural Development provides financial and technical assistance to help communities bring safe drinking water and sanitary, environmentally sound waste disposal facilities to rural Americans in greatest need.

The Revolving Fund Program (RFP) has been established to assist communities with water or wastewater systems. Qualified private non-profit organizations will receive RFP grant funds to establish a lending program for eligible entities. Eligible entities for the revolving loan fund will be the same entities eligible to obtain a loan, loan guarantee, or grant from Rural Development Water and Waste Disposal and Wastewater loan and grant programs. As grant recipients, the non-profit organizations will set up a revolving loan fund to provide loans to finance predevelopment costs of water or wastewater projects, or short-term small capital projects not part of the regular operation and maintenance of current water and wastewater systems.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 8.24 hour per response.

Respondents: Non-profit institutions.

Estimated Number of Respondents: 5.

Estimated Number of Responses per Respondent: 7.6

Estimated Total Annual Burden on Respondents: 313 Hours.

Copies of this information collection can be obtained from Gale Richardson, Management Analyst, Program Development and Regulatory Analysis, at (202) 720-0992; FAX: (202) 720-8435.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: September 12, 2007.

Curtis M. Anderson,

Deputy Administrator, Rural Utilities Service.

DEPARTMENT OF AGRICULTURE

Rural Utilities Service

East Kentucky Power Cooperative: Notice of Finding of No Significant Impact

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice of finding of no significant impact.

SUMMARY: The Rural Utilities Service (RUS), an agency delivering the United

States Department of Agriculture (USDA) Rural Development Utilities Programs, hereinafter referred to as Rural Development, has made a finding of no significant impact (FONSI) with respect to a request for possible financing assistance to East Kentucky Power Cooperative (EKPC) for the construction of two new Smith Station combustion turbine electric generating units (CTs), two new electric switching stations, and the 36-mile, Smith-West Garrard 345 kilovolt (kV) electric transmission line located in Clark, Madison, and Garrard Counties, Kentucky (Proposal).

ADDRESSES: The Environmental Assessment (EA) and FONSI are available for public review at USDA Rural Development, 1400 Independence Avenue, SW., Washington, DC 20250-1571; and at EKPC's headquarters office located at 4775 Lexington Road, Winchester, Kentucky 40391. To obtain copies of the EA, or for further information, contact: Stephanie Strength, Environmental Protection Specialist, USDA, Rural Development, Utilities Programs, 1400 Independence Avenue, SW., Stop 1571 Washington, DC 20250-1571, Telephone: (202) 720-0468 or e-mail: stephanie.strength@wdc.usda.gov.

SUPPLEMENTARY INFORMATION: EKPC proposes to construct 2 new CTs at EKPC's existing J. K. Smith Electric Generating Station in southern Clark County, Kentucky. The proposed CTs would be fueled by natural gas and would each have a net electrical output of between 82 and 98 megawatts. The proposed new units are needed to provide additional electric generating capacity that would allow EKPC to meet its projected electrical peaking demand for 2009-2011. The Proposal also includes the construction of 2 new electric switching stations, 1 at its existing J. K. Smith Generating Station (utilizing approximately 8 acres) and 1 in western Garrard County, Kentucky (disturbing between 5 and 10 acres), and a 36-mile, 345-kV electric transmission line (on a 150-foot right-of-way) that would extend through Clark, Madison, and Garrard Counties, Kentucky. The proposed new transmission facilities are needed to provide an outlet for the additional electric power that would be generated at the J. K. Smith Generating Station as a result of the installation of the proposed new CTs. The new transmission line would be supported by vertical H-frame steel pole structures that would range in height from 90 to 130 feet above ground. The construction of the Proposal is tentatively scheduled to begin in the fall of 2007 with

estimated construction duration of 2 years.

Alternatives considered by Rural Development and EKPC include: (a) No action, (b) alternative generation technology, (c) alternative transmission improvements, (d) alternative sites, and (e) alternate transmission line corridors. The alternatives are discussed in the Smith Station CT Units 9 & 10 and the Smith-West Garrard Transmission Line Project Environmental Report (ER).

Rural Development has accepted the ER as its EA for the proposed project. Rural Development held an agency meeting and a public scoping meeting in an open house format on Tuesday, July 11, 2006 in Richmond, Kentucky. Approximately 22 people attended the meeting. EKPC held 2 additional public open houses, and, as a result of the 3 meetings, 117 comments were received. The comments were subsequently addressed in the EA. The notice of availability of the EA for public review was published in the **Federal Register** Vol. 72, No. 122, Tuesday, June 26, 2007, and was also published in the local papers *Lexington Herald Leader*, Lexington, Kentucky; *Richmond Register*, Richmond, KY; *Garrard Central Record*, Lancaster, KY; and the *Winchester Sun*, Winchester, Kentucky. The EA was distributed for public and agency review. The 30-day comment period on the EA ended July 26, 2007. Comments were received from 2 parties and the concerns were addressed. Rural Development has determined that the Proposal will have no significant impact to water quality, wetlands, the 100-year floodplain, land use, aesthetics, transportation, or human health and safety.

The Proposal will have an adverse effect on 1 historic property eligible for listing on the National Register of Historic Places and 1 currently listed historic property. Mitigation measures for the Proposal are stipulated in a Memorandum of Agreement signed on July 23, 2007 by Rural Development, the Kentucky State Historic Preservation Officer, and EKPC.

Rural Development has also concluded that the Proposal is not likely to affect federally listed threatened and endangered species or designated critical habitat. The Proposal will not disproportionately affect minority and/or low-income populations. No other potential significant impacts resulting from the Proposal have been identified. Therefore, Rural Development has determined that this finding of no significant impact fulfills its obligations under the National Environmental Policy Act, as amended (42 U.S.C. 4321 *et seq.*), the Council on Environmental

Quality Regulations (40 CFR 1500–1508), and USDA Rural Development's Environmental Policies and Procedures (7 CFR Part 1794). Since Rural Development's Federal action would not result in significant impacts to the quality of the human environment, an environmental impact statement will not be prepared for its action related to the Proposal.

Dated: September 13, 2007.

James R. Newby,

Assistant Administrator, Electric Programs, Rural Utilities Service.

BILLING CODE 3410–15–P

DEPARTMENT OF COMMERCE

Economics and Statistics Administration

Bureau of Economic Analysis Advisory Committee

AGENCY: Bureau of Economic Analysis.

ACTION: Notice of Public Meeting.

SUMMARY: Pursuant to the Federal Advisory Committee Act (Pub. L. 92–463 as amended by Pub. L. 94–409, Pub. L. 96–523, Pub. L. 97–375 and Pub. L. 105–153), we are announcing a meeting of the Bureau of Economic Analysis Advisory Committee. The meeting's agenda focuses on prototypes estimates of quarterly GDP by industry and GDP by metro area, aspects involved with measuring R&D by industry and the treatment of exports and imports of R&D and intellectual property. In addition, there will be discussion of the bureau's long term plans.

DATE: Friday, November 2, 2007, the meeting will begin at 9 a.m. and adjourn at approximately 3:30 p.m.

ADDRESSES: The meeting will take place at the Bureau of Economic Analysis at 1441 L St. NW., Washington DC.

FOR FURTHER INFORMATION CONTACT: Robert Wehausen, Communications Program Analyst, Bureau of Economic Analysis, U.S. Department of Commerce, Washington, DC 20230; telephone number: (202) 606–9687.

Public Participation: This meeting is open to the public. Because of security procedures, anyone planning to attend the meeting must contact Robert Wehausen of BEA at (202) 606–9687 in advance. The meeting is physically accessible to people with disabilities. Requests for foreign language interpretation or other auxiliary aids should be directed to Robert Wehausen at (202) 606–9687.

SUPPLEMENTARY INFORMATION: The Committee was established September 2, 1999. The Committee advises the Director of BEA on matters related to the development and improvement of BEA's national, regional, industry, and international economic accounts, especially in areas of new and rapidly growing economic activities arising from innovative and advancing technologies, and provides recommendations from the perspectives of the economics profession, business, and government. This will be the Committee's sixteenth meeting.

Dated: September 12, 2007.

J. Steven Landefeld,

Director, Bureau of Economic Analysis.

International Trade Administration

[A–552–801]

Certain Frozen Fish Fillets From the Socialist Republic of Vietnam: Notice of Preliminary Results and Partial Rescission of the Third Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (“Department”) is conducting an administrative review of the antidumping duty order on certain frozen fish fillets from the Socialist Republic of Vietnam (“Vietnam”). See *Notice of Antidumping Duty Order: Certain Frozen Fish Fillets From the Socialist Republic of Vietnam*, 68 FR 47909 (August 12, 2003) (“Order”). We preliminarily find that QVD Food Company Ltd. (“QVD”) sold subject merchandise at less than normal value (“NV”) during the period of review (“POR”), August 1, 2005, through July 31, 2006. We also preliminarily determine that East Sea Seafoods Joint Venture Co., Ltd. (“East Sea”) has not made sales in the United States at prices below normal value. We continue to find that certain frozen fish fillets produced during the expanded POR¹ by Lian Heng Investment Co., Ltd. and Lian Heng Trading Co., Ltd. (collectively “Lian Heng”) were made from Vietnamese-origin fish and therefore, are covered by this review. In addition,

we are preliminarily rescinding the review for nine companies² which reported having no shipments of subject merchandise to the United States during the POR. We are also preliminarily rescinding the review for an affiliate of QVD, QVD Dong Thap Food Co., Ltd. (“QVD Dong Thap”), because QVD reported that QVD Dong Thap did not ship any subject merchandise to the United States during the POR.³ Finally, we continue to apply an adverse facts available rate of 80.88 percent to Can Tho Agricultural and Animal Products Import Export Company (“CATAGO”) because it failed to respond to the Department's two quantity and value questionnaires. If these preliminary results are adopted in our final results of review, we will instruct U.S. Customs and Border Protection (“CBP”) to assess antidumping duties on entries of subject merchandise during the POR for which the importer-specific assessment rates are above *de minimis*.

EFFECTIVE DATE: September 19, 2007.

FOR FURTHER INFORMATION CONTACT:

Cindy Lai Robinson (Respondent East Sea), Michael Holton (Respondent QVD), and Paul Walker (Respondent Lian Heng), AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482–3797, (202) 482–1324 and (202) 482–0413, respectively.

SUPPLEMENTARY INFORMATION:

Case History

General

On August 1, 2006, the Department published a notice of an opportunity to request an administrative review of the *Order*. See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review*, 71 FR 43441 (August 1, 2006). On August 31, 2006, the Department received a request from the Catfish Farmers of America and individual U.S. catfish processors (collectively, “Petitioners”) for a review covering 51 exporters/

² The nine companies are: Ben Tre Forestry and Aquaproduct Import-Export Company (“FAQUIMEX”); Hung Vuong Co., Ltd.; Nam Viet Company Limited (“NAVICO”); Phu Thuan Company; Sadec Aquatic Products Import Enterprise (“DOCIFISH”); Thuan Hung Co., Ltd. (“Thuan Hung”); United Seafood Packers Co., Ltd.; Van Duc Foods Export Joint Stock Co.; Viet Hai Seafood Company Limited (“Vietnam Fish-One”).

³ See QVD's Separate-Rate Certification dated December 11, 2006.

¹ Lian Heng has an expanded POR which covers the period October 22, 2004, through July 31, 2006. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 71 FR 57465 (September 29, 2006) (“Initiation Notice”).
