

However, the MRVP provides a reasonable means of addressing rule violations that do not rise to the level of requiring formal disciplinary proceedings, while providing greater flexibility in handling certain violations. The Commission expects that CBOE will continue to conduct surveillance with due diligence and make a determination based on its findings, on a case-by-case basis, whether a fine of more or less than the recommended amount is appropriate for a violation under the MRVP or whether a violation requires formal disciplinary action under CBOE Rules 17.1–17.10.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act⁸ and Rule 19d–1(c)(2) under the Act,⁹ that the proposed rule change (SR–CBOE–2007–84), as amended, be, and hereby is, approved and declared effective.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁰

Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–56467; File No. SR–CBOE–2007–108]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to the Appointment Costs for Options on the CBOE Russell 2000 Volatility Index and the CBOE Nasdaq-100 Volatility Index

September 19, 2007

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on September 11, 2007, the Chicago Board Options Exchange, Incorporated (“Exchange” or “CBOE”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been substantially prepared by the Exchange. The Exchange filed the proposal as a “non-controversial” proposed rule change pursuant to Section

19(b)(3)(A)(iii) of the Act³ and Rule 19b–4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The CBOE proposes to amend CBOE rules relating to the appointment cost for options on the CBOE Russell 2000 Volatility Index (RVX) and the CBOE Nasdaq-100 Volatility Index (VXN). The text of the proposed rule change is available on the Exchange’s Web site (<http://www.cboe.org/Legal>), at the CBOE’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this rule change is to amend CBOE Rule 8.3 and Rule 8.4 to establish appointment costs for RVX and VXN options before trading commences in those options classes on the Hybrid 2.0 Platform.⁵ CBOE proposes to amend Rule 8.3(c)(i) and Rule 8.4(d) to specifically reference RVX and VXN options as Tier A+ option classes trading on the Hybrid 2.0 Platform, with an appointment cost of .25 each. CBOE notes that these new appointment costs for RVX and VXN options will be the initial appointment costs because these two classes are not currently trading.⁶

⁴ 17 CFR 240.19b–4(f)(6).

⁵ CBOE Rule 1.1(aaa) defines the Hybrid 2.0 Platform.

⁶ CBOE has separately received approval to list and trade these products. See Securities Exchange Act Release No. 49563 (April 14, 2004), 69 FR 21589 (April 21, 2004) (order approving SR–CBOE–2003–40 to list and trade VXN options); see also Securities Exchange Act Release No. 55425 (March

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations under the Act applicable to a national securities exchange and, in particular, the requirements of section 6(b) of the Act.⁷ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁸ requirements that the rules of an exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization’s Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposal.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, provided that the Exchange has given the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change or such shorter time as designated by the Commission,⁹ the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and Rule 19b–4(f)(6) thereunder.¹¹

Under Rule 19b–4(f)(6) of the Act,¹² the proposal does not become operative for 30 days after the date of its filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public

interest. The Exchange has requested that the Commission waive the 30-day operative date, so that the proposal may take effect upon filing and it may begin trading RVX and VXN options without delay. The Commission believes that it is consistent with the protection of investors and the public interest to waive the 30-day operative delay. The Commission notes that the Exchange has already received approval to list and trade RVX and VXN options, and waiving the 30-day operative delay would allow the Exchange to begin trading these products without delay. For these reasons, the Commission designates the proposal to be operative upon filing.¹³
