Food and Nutrition Service

Title: Food Stamp Forms: Applications, Periodic Reporting, Notices.

OMB Control Number: 0584-0064.

Summary of Collection: The Food Stamp Act of 1977 (the Act) establishes a program whereby needy households may apply for and receive food stamp benefits. The Act requires certain reporting and recordkeeping requirements in administering the program. The Act specifies national eligibility standards and imposes certain administrative requirements on State agencies in administering the program. Information must be collected from households to assure that they are eligible for the program and that they receive the correct amount of food stamp benefits. Information collected is limited to that necessary for the administration and enforcement of the Food Stamp Program. The Food and Nutrition Service (FNS) will use an application to collect information.

Need and Use of the Information: FNS will collect information to determine the eligibility of households for the food stamp program and to determine the correct benefit levels for eligible households. The social security number will be used to check the identity of household members, to prevent duplicate participation, to make mass food stamp changes, and to verify information. If information is not collected to certify households in accordance with the Act or changing the frequency of information or reporting requirements as they relate to the application, certification, and continue eligibility of households would result in a direct violation of the Act and its implementing regulations. Further, benefits could be overissued or underissued for a long period of time if necessary information is not collected or actions are not taken timely.

Description of Respondents: State, Local, and Tribal Government; Individuals or household.

Number of Respondents: 21,577,336.

Frequency of Responses: Recordkeeping; reporting: On occasion; monthly; quarterly.

Total Burden Hours: 24,017,997.
