

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Privacy Act of 1974 Republication of Systems of Records Notices

AGENCY: National Archives and Records Administration (NARA).

ACTION: Republication of Systems of Records Notices.

SUMMARY: The National Archives and Records Administration (NARA) is republishing 34 system of records notices in its existing inventory of record systems subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended, to incorporate minor corrective and administrative changes. NARA proposes to add one new system to its inventory, NARA 39, Visitor Ticketing Application (VISTA) Files; change the name of NARA 37 from "Order Online!" to "NARA Online Ordering System;" and to revise its routine uses (found in Appendix A) to incorporate routine use language recommended by the President's Task Force on Identity Theft. This routine use is being added to all of the systems in NARA's inventory. One system, among NARA's inventory of system notices, NARA 23, Office of Inspector General Investigative Case Files, was published in the **Federal Register** on June 6, 2007 [72 FR 31348]. That system notice is not republished here. The proposed changes are in compliance with OMB Circular No. A-130, Appendix I.

One system is being deleted from the inventory of systems notices because NARA no longer maintains the information (NARA 29, State Historical Records Advisory Board Member Files).

EFFECTIVE DATES: This proposed action will become effective without further notice on November 2, 2007, unless comments received on or before that date cause a contrary decision. If changes are made based on NARA's review of any comments received, a new final notice will be published.

ADDRESSES: NARA invites interested persons to submit comments on this system notice. Comments may be submitted by any of the following methods:

Mail: Send comments to: Privacy Act Officer, Office of General Counsel (NGC), Room 3110, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD, 20740-6001.

Fax: Submit comments by facsimile transmission to 301-837-0293.

E-Mail: Send comments to ramona.oliver@nara.gov.

FOR FURTHER INFORMATION CONTACT: Ramona Branch Oliver, Privacy Act

Officer, 301-837-2024 (voice) or 301-837-0293 (fax).

SUPPLEMENTARY INFORMATION: The NARA system of records notices subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended, have been published in the **Federal Register**. They are available on the Internet at <http://www.archives.gov/foia/privacy-program/inventory.html> or from the Privacy Act Officer, Office of General Counsel (NGC), Room 3110, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD, 20740-6001.

The notice for each system of records states the name and the location of the record system, the authority for and manner of its operation, the categories of individuals that it covers, the types of records that it contains, the sources of information in these records, and the proposed "routine uses" of each system of records. Each notice also includes the business address of the NARA official who will inform interested persons of the procedures for gaining access to and correcting records pertaining to themselves.

One of the purposes of the Privacy Act, as stated in section 2(b)(4) of the Act, is to provide certain safeguards for an individual against an invasion of personal privacy by requiring Federal agencies to disseminate any record of identifiable personal information in a manner that assures that such action is for a necessary and lawful purpose, that information is current and accurate for its intended use, and that adequate safeguards are provided to prevent misuse of such information. NARA intends to follow these principles in transferring information to another agency or individual as a "routine use", including assurance that the information is relevant for the purposes for which it is transferred.

The NARA notices and the inventory of routine uses, as amended, are published at the end of this notice.

Dated: September 25, 2007.

Allen Weinstein,
Archivist of the United States.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

Records maintained in the system are used only for order entry, order validation, order processing, payment processing, and order fulfillment. The public may use the NARA Online Ordering System to complete and submit a reproduction order to NARA. Each night, submissions to the NARA Online Ordering System are sent to NARA's Order Fulfillment and

Accounting System (OFAS—NARA 25) via an automated XML (extensible markup language) interface that operates within NARA's secure internal network. The NARA Online Ordering System maintains profile data (e.g., name, address, phone number) for researchers who initiate orders of reproductions. The profile data is used to automatically complete the payment and/or shipping address sections of the order form so that customers do not have to manually re-enter the information. Neither NARA nor its agents use customer profile data in the NARA Online Ordering System for other purposes. The routine use statements A, E, F, and H, described in Appendix A apply to this system of records.
