SUPPLEMENTARY INFORMATION:

Background

SBA is in the process of reassessing its rules relating to the 8(a) BD program, particularly those directly affecting tribally-owned and ANC-owned 8(a) firms. 13 CFR 124.506, 124.513, and 124.519. Part of SBA's analysis pertains to a recent report issued by the Government Accountability Office (GAO) titled "Increased Use of Alaska Native Corporations' Special 8(a) Provisions Calls for Tailored Oversight" (GAO-06-399). This GAO report concluded that SBA needs to tailor its regulations and policies to provide greater oversight over its ANCs' 8(a) procurements. GAO determined that without sufficient oversight, there is the potential for unintended consequences or abuse.

In response, SBA is considering regulatory changes to the 8(a) BD program to address the issues and concerns raised in the report, particularly those relating to ANC and tribal participation in the 8(a) BD mentor/protégé program. It is SBA's intent that any changes contemplated and instituted will incorporate the business development intent and mission of the 8(a) BD program as established by the Small Business Act. This notice provides information for the purpose, format, scheduling, and registration for the tribal consultation meeting.

Tribal Consultation Meeting

The purpose of this tribal consultation meeting is to conform to the requirements of Executive Order 13175,

Tribal Consultations; to provide interested parties with an opportunity to discuss their views on the issues; and for SBA to obtain the views of these SBA's stakeholders on approaches to the 8(a) BD program regulations. SBA considers tribal consultation meetings a valuable component of its deliberations and believes that this tribal consultation meeting will allow for constructive dialogue with the tribal community, Tribal Leaders, Elders and elected members of Alaska Native Villages or their appointed representatives.

The format will consist of a panel of SBA representatives who will represent the Agency and moderate the discussions. Oral and written testimony will become part of the record for SBA's consideration. Written testimony may be submitted in lieu of oral testimony. SBA will analyze the testimony, both oral and written, along with any written comments received. SBA officials may ask questions of a presenter to clarify or further explain the testimony. The purpose of the tribal consultation meeting is to assist SBA with gathering information to potentially develop new proposals. SBA respectfully requests that the testimony focus on the issues as discussed in the GAO report, general issues as they pertain to the 8(a) BD program regulations and the mentor protégé program, or the unique concerns of the tribal communities. SBA respectfully requests that presenters do not raise issues pertaining to other SBA small business programs. Presenters may provide a written copy of their testimony. SBA will accept written material that the presenter wishes to provide that further supplements his or her testimony. Electronic or digitized copies are encouraged.

The tribal consultation meeting will be held for one day. The meeting will begin at 9 a.m. and end at 4 p.m. (ATZ), with a break from 12 p.m. to 1 p.m. SBA will adjourn early if all those scheduled have delivered their testimony.

RIN 2120-AA64

Airworthiness Directives; Boeing Model 737-100, -200, -200C, -300, -400, and -500 Series Airplanes

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: The FAA proposes to adopt a new airworthiness directive (AD) for all

Boeing Model 737-100, -200, -200C, -300, -400, and -500 series airplanes. This proposed AD would require repetitive inspections for cracking in and around the upper and lower hinge cutouts of the forward entry and forward galley service doorways, and corrective actions if necessary. This proposed AD results from multiple reports of cracks found in the skin, bearstrap, and/or frame outer chord in the hinge cutout areas of the forward entry and forward galley service doorways. We are proposing this AD to detect and correct such cracking, which could result in rapid decompression of the airplane.

DATES: We must receive comments on this proposed AD by November 26, 2007.
