

to issue assessment instructions to CBP 15 days after the publication date of these final results. Because the respondent did not report the entered value of its U.S. sales, pursuant to 19 CFR 351.212(b)(1), we have calculated importer-specific per-unit duty assessment rates by aggregating the total amount of antidumping duties calculated for the examined sales and dividing this amount by the total quantity of those sales. To determine whether the duty assessment rates are *de minimis*, in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we calculated importer (or customer)-specific *ad valorem* ratios based on the estimated entered value. Where an importer (or customer)-specific *ad valorem* rate is zero or *de minimis*, we will instruct CBP to liquidate appropriate entries without regard to antidumping duties.

The Department clarified its "automatic assessment" regulation on May 6, 2003 (68 FR 23954). This clarification will apply to entries of subject merchandise during the period of review produced by reviewed companies for which these companies did not know their merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

Cash Deposit Rates

On March 5, 2007, pursuant to section 751(d)(2) of the Tariff Act of 1930, as amended ("the Act"), and 19 CFR 351.222(i)(1)(ii), the Department revoked the antidumping duty order on furfuryl alcohol from Thailand (see *Furfuryl Alcohol from Thailand; Final Results of the Second Sunset Review of the Antidumping Duty Order and Revocation of the Order*, 72 FR 9729 (March 5, 2007)). The effective date of the revocation is May 4, 2006. As a result of this action, the Department does not intend to issue cash deposit instructions.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption

that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to Administrative Protective Order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanctions.

We are issuing and publishing these results and this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: October 14, 2007.

David M. Spooner,

Assistant Secretary for Import Administration.

Availability of Seats for the Cordell Bank National Marine Sanctuary Advisory Council

AGENCY: National Marine Sanctuary Program (NMSP), National Ocean Service (NOS), National Oceanic and Atmospheric Administration, Department of Commerce (DOC).

ACTION: Notice and request for applications.

SUMMARY: The Cordell Bank National Marine Sanctuary (CBNMS or Sanctuary) is seeking applicants for the following vacant seats on its Sanctuary Advisory Council (Council): *Education—Alternate*. Applicants are chosen based upon their particular expertise and experience in relation to the seat for which they are applying; community and professional affiliations; philosophy regarding the protection and management of marine resources; and possibly the length of residence in the area affected by the Sanctuary. Applicants who are chosen as members should expect to serve 2–3 year terms, pursuant to the Council's Charter.

DATES: Applications are due by November 1, 2007.

ADDRESSES: Application kits may be obtained from Cordell Bank National Marine Sanctuary, Rowena Forest, P.O. Box 159, Olema, CA 94950, and on the Cordell Bank Web site at: <http://cordellbank.noaa.gov>. Completed applications should be sent to the above mailing address, or faxed to (415) 663-0315.

FOR FURTHER INFORMATION CONTACT: Rowena Forest/CBNMS, P.O. Box 159, Olema, CA 94950, (415) 663-0314 x105, and Rowena.forest@noaa.gov.

SUPPLEMENTARY INFORMATION: The Advisory Council for Cordell Bank was established in 2002 to support the joint management plan review process currently underway for the CBNMS and its neighboring sanctuaries, Gulf of the Farallones and Monterey Bay National Marine Sanctuaries. The Council has members representing education, research, conservation, maritime activity, and community-at-large. The government seats are held by representatives from the National Marine Fisheries Service, the United States Coast Guard, and the managers of the Gulf of the Farallones, Monterey Bay and Channel Islands National Marine Sanctuaries. The Council holds four regular meetings per year, and one annual retreat.

Authority: 16 U.S.C. 1431, *et seq.*

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Amendment 2 to the Fishery Management Plan for the Queen Conch Fishery of Puerto Rico and the U.S. Virgin Islands

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; intent to prepare a draft environmental impact statement (DEIS); scoping meetings; request for comments.

SUMMARY: The Caribbean Fishery Management Council (Council) in

conjunction with NMFS intends to prepare a DEIS to describe and analyze management alternatives to be included in an amendment to the Fishery Management Plan (FMP) for the Queen Conch Fishery of Puerto Rico and the U.S. Virgin Islands (USVI). These alternatives will consider measures to reduce harvest of queen conch. The purpose of this notice of intent is to solicit public comments on the scope of issues to be addressed in the DEIS.

DATES: Written comments on the scope of issues to be addressed in the DEIS must be received by the Council or NMFS (see **ADDRESSES** below) by November 13, 2007. A series of scoping meetings will be held in October 2007. See **SUPPLEMENTARY INFORMATION** below for the specific dates, times, and locations of the scoping meetings.

ADDRESSES: You may submit comments on the proposed rule by any of the following methods:

- E-mail: 0648-AW15.Proposed@noaa.gov. Include in the subject line the following document identifier: 0648-AW15.
- Mail: Jason Rueter, Southeast Regional Office, NMFS, 263 13th Avenue South, St. Petersburg, FL 33701.
- Fax: 727-824-5308.
- Mail: Graciela Garcia-Moliner, Caribbean Fishery Management Council, 268 Muñoz Rivera Avenue, Suite 1108, San Juan, PR 00918-25772203;
- Fax: 787-766-6239.
- E-mail: Graciela.Garcia-Moliner@noaa.gov.

FOR FURTHER INFORMATION CONTACT: Graciela Garcia-Moliner; phone: 787-766-5927; fax: 787-766-6239; e-mail: Graciela.Garcia-Moliner@noaa.gov; or Jason Rueter; phone: 727-824-5350; fax: 727-824-5308; or e-mail: Jason.Rueter@noaa.gov.

SUPPLEMENTARY INFORMATION: St. Croix queen conch landings by commercial fishermen alone have exceeded sustainable harvest levels since the 2000-2001 fishing season. In 2005-2006 the commercial harvest was over four times sustainable levels. Additionally, there is an unknown but significant recreational harvest.

According to the NMFS Report on the Status of the U.S. Fisheries for 2006, queen conch is overfished and undergoing overfishing. Under current fishing practices, reductions in mortality are not expected to be sufficient in the queen conch fishery. Without a reduction in mortality, queen conch are not expected to achieve the rebuilding goals established in the Sustainable Fisheries Amendment of 2005. Therefore, a change in fishing

practices is needed to help achieve the necessary reductions in queen conch fishing mortality.

The Council in conjunction with NMFS will develop a DEIS to describe and analyze management alternatives to implement harvest restrictions in the queen conch fishery. The DEIS will provide updates to the best available scientific information regarding the queen conch stock, and based on the information, the Council, in conjunction with NMFS, will determine what actions and alternatives are necessary to protect queen conch. Those alternatives may include, but are not limited to: a "no action" alternative regarding the fishery, which would not require any harvest reductions; alternatives to extend existing closed seasons; and an alternative to close the area east of 64°34' W. longitude that includes Lang Bank east of St. Croix, U.S. Virgin Islands to the harvest of queen conch.

In accordance with NOAA's Administrative Order NAO 216-6, Section 5.02(c), the Council, in conjunction with NMFS, has identified this preliminary range of alternatives as a means to initiate discussion for scoping purposes only. This may not represent the full range of alternatives that eventually will be evaluated by the Council and NMFS.

Once the Council and NMFS completes the DEIS associated with the amendment to the Caribbean queen conch FMP, NMFS will submit the DEIS for filing with the Environmental Protection Agency (EPA). The EPA will publish a notice of availability of the DEIS for public comment in the **Federal Register**. The DEIS will have a 45-day comment period. This procedure is pursuant to regulations issued by the Council on Environmental Quality (CEQ) for implementing the procedural provisions of the National Environmental Policy Act (NEPA; 40 CFR parts 1500-1508) and to NOAA's Administrative Order 216-6 regarding NOAA's compliance with NEPA and the CEQ regulations.

The Council and NMFS will consider public comments received on the DEIS in developing the final environmental impact statement (FEIS) and before adopting final management measures for the amendment. The Council will submit both the final amendment and the supporting FEIS to NMFS for review under the Magnuson-Stevens Fishery Conservation and Management Act, i.e., Secretarial review.

NMFS will announce, through a notice published in the **Federal Register**, the availability of the final amendment for public review during the Secretarial review period. During

Secretarial review, NMFS will also file the FEIS with the EPA for a final 30-day public comment period. This comment period will be concurrent with the Secretarial review period and will end prior to final agency action to approve, disapprove, or partially approve the final amendment.

NMFS will announce, through a notice published in the **Federal Register**, all public comment periods on the final amendment, its proposed implementing regulations, and its associated FEIS. NMFS will consider all public comments received during the Secretarial review period, whether they are on the final amendment, the proposed regulations, or the FEIS, prior to final agency action.

Scoping Meeting Dates, Times, and Locations

All scoping meetings are scheduled to be held from 7 p.m. to 10 p.m. The meetings will be physically accessible to people with disabilities. Request for sign language interpretation or other auxiliary aids should be directed to the Council (see **ADDRESSES**).
