

be impacted by as much as a 15 percent reduction in gross receipts under the preferred Alternative 3. A 15 percent reduction would occur only if all corals currently harvested in Federal waters are harvested under the base requirement exemption. Otherwise, gross receipt reductions of 0 to 15 percent would occur under the preferred alternative depending upon the relative contribution of currently exempted products to the overall harvest. Excluding the no-action Alternative 1, which represents no change in net benefits to the affected small entities, all other alternatives considered (and described in detail in the IRFA accompanying the proposed rule) could yield potential beneficial impacts to the fishery because they eliminate certain size requirements for black coral harvest. However, these alternatives were not chosen since they would not be consistent with the objectives of the FMP and the MSA in that they would weaken the regulatory protection to black corals resources by removing size restrictions.

Small Business Compliance Guide

Section 212 of the Small Business Regulatory Enforcement Fairness Act of 1996 states that, for each rule or group of related rules for which an agency is required to prepare a FRFA, the agency shall publish one or more guides to assist small entities in complying with the rule, and shall designate such publications as "small entity compliance guides." The agency shall explain the actions a small entity is required to take to comply with a rule or group of rules. As part of this rulemaking process, a letter to permit holders was prepared that also serves as a small entity compliance guide, which will be sent to all holders of permits for the precious coral fishery. Copies of the small business compliance guide are available from William L. Robinson, NMFS Pacific Islands Region, 1601 Kapiolani Blvd., Suite 1110, Honolulu, HI 96814, or from the NMFS PIRO web site www.fpir.noaa.gov.

RIN 0648-XD33

Fisheries of the Economic Exclusive Zone Off Alaska; Trawl Gear in the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; modification of a closure.

SUMMARY: NMFS is opening directed fishing for groundfish by vessels using trawl gear in the Gulf of Alaska (GOA), effective 1200 hrs, Alaska local time, October 10, 2007. This action is necessary to fully use the 2007 Pacific halibut prohibited species catch (PSC) limit specified for vessels using trawl gear in the GOA.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), October 10, 2007, through 2400 hrs, A.l.t., December 31, 2007. Comments must be received at the following address no later than 4:30 p.m., A.l.t., October 25, 2007.

ADDRESSES: You may submit comments, identified by "RIN 0648-XD33," by any one of the following methods:

• Mail to: P.O. Box 21668, Juneau, AK 99802;

• Hand delivery to the Federal Building, 709 West 9th Street, Room 420A, Juneau, Alaska;

• Electronic Submissions: Submit all electronic public comments via the Federal eRulemaking Portal <http://www.regulations.gov>

• FAX to 907-586-7557, Attn: Ellen Sebastian

• Mail to the Federal Building, 709 West 9th Street, Room 420A, Juneau, Alaska

• Instructions: All comments received are a part of the public record and will generally be posted to <http://www.regulations.gov> without change. All Personal Identifying Information (for example, name, address, etc.) voluntarily submitted by the commenter may be publicly accessible. Do not submit Confidential Business Information or otherwise sensitive or protected information.

NMFS will accept anonymous comments. Attachments to electronic comments will be accepted in Microsoft Word, Excel, WordPerfect, or Adobe PDF file formats only.

FOR FURTHER INFORMATION CONTACT:

Jennifer Hogan, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2007 Pacific halibut bycatch allowance specified for trawl gear in the GOA is 2,000 metric tons (mt) as established by the 2007 and 2008 harvest specifications for groundfish of the GOA (72 FR 9676, March 5, 2007, as corrected by 72 FR 13217, March 21, 2007).

NMFS closed directed fishing for groundfish by vessels using trawl gear in the GOA under § 679.21(d)(7)(i) on October 8, 2007 (published on October 11, 2007 in the **Federal Register**). As of October 9, 2007, NMFS has determined that 330 metric tons of the 2007 Pacific halibut bycatch allowance for the fishery remains. Therefore, in accordance with § 679.25(a)(1)(i), (a)(2)(i)(C), and (a)(2)(iii)(D), and to fully use the 2007 Pacific halibut PSC limit specified for vessels using trawl gear in the GOA, NMFS is terminating the

previous closure and is opening directed fishing for groundfish by vessels using trawl gear in the GOA, effective 1200 hrs, A.l.t., October 10, 2007.

After the effective date of this closure the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public

interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the opening of the groundfish fishery by vessels using trawl gear in the GOA. Immediate notification is necessary to allow for the orderly conduct and efficient operation of this fishery, to allow the industry to plan for the fishing season, and to avoid potential disruption to the fishing fleet and processors. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of October 9, 2007.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

Without this inseason adjustment, NMFS could not allow the fishery for groundfish by vessels using trawl gear in the GOA to be harvested in an expedient manner and in accordance with the regulatory schedule. Under § 679.25(c)(2), interested persons are invited to submit written comments on this action to the above address until October 25, 2007.

This action is required by § 679.25 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: October 9, 2007.

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
