[Docket Nos. CP07-451-000; CP07-452-000; CP07-453-000]

Black Bayou Storage LLC; Notice of Application

October 9, 2007.

Take notice that on September 25, 2007, Black Bayou Storage LLC (Black Bayou), 6733 South Yale Avenue, Tulsa, Oklahoma 74136, filed with the Commission an application, pursuant to section 7(c) of the Natural Gas Act, and Subpart F of Part 157, and Subpart G of Part 284 of the Commission's Regulations for: (1) A certificate of public convenience and necessity in Docket No. CP07-451-000 authorizing Black Bayou to construct and operate a natural gas storage facility and pipeline facilities connecting with Transcontinental Gas Pipe Line (Transco) and Kinder Morgan Louisiana Pipeline LLC (Kinder Morgan) in Cameron Parish, Louisiana; (2) a blanket certificate in Docket No. CP07-452-000 authorizing Black Bayou to construct, acquire, operate and abandon facilities; and (3) a blanket certificate in Docket No. CP07-453-000 authorizing Black Bayou to provide open-access firm and interruptible interstate natural gas storage and storage related services and the associated pre-granted abandonment authorization, as more fully set forth in the application which is open to public inspection. This filing may be also viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERConline Support at FERConlineSupport@ferc.gov or toll free at (866) 208-3676, or TTY, contact (202) 502-8659.

Black Bayou proposes to construct, own, operate, and maintain a natural gas storage facility on the Black Bayou salt dome in Cameron Parish, approximately 15 miles west of Hackberry, Louisiana. Black Bayou states that it would construct and operate approximately 2.45 miles of 30-inch diameter pipeline connecting with Transco and approximately 4.7 miles of 24-inch diameter pipeline connecting with Kinder Morgan. Black Bayou also states that it would construct and operate a compressor station with a total of 18,940 HP. Black Bayou further states that the underground salt cavern storage facility would have a total working gas capacity of 15 billion cubic feet (Bcf) with a total

of approximately 1,200 MMcf of maximum daily injection capability and approximately 1,200 MMcf of maximum daily withdrawal capability. Black Bayou seeks authorization to charge market-based rates for its proposed services.

Any questions regarding this application should be directed to John R. Staffier, Stuntz, Davis & Staffier, P.C., 555 Eleventh Street, NW., Suite 550, Washington, DC 20004, or via telephone at (202) 638-6588, facsimile at (202) 638-6581, or e-mail jstaffier@sdsattv.com.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings

associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link. *Comment Date:* October 30, 2007.

Kimberly D. Bose,*Secretary.*

[Docket No. PR08-1-000]

Enogex Inc.; Notice of Petition for Rate Approval

October 9, 2007.

Take notice that on October 1, 2007, Enogex Inc., (Enogex) filed a petition for approval of zonal rates for interruptible transportation services, pursuant to section 284.123(b)(2) of the Commission's regulations. Enogex requests that the Commission approve a maximum interruptible transportation rate of \$0.3785 per MMBtu for service furnished in the East Zone and a maximum interruptible transportation rate of \$0.0969 per MMBtu for service furnished in the West Zone provided. Enogex requests the maximum interruptible transportation rates it proposes to charge for services, pursuant to section 311 of the Natural Gas Policy Act to become effective January 1, 2008.

Any person desiring to participate in this rate proceeding must file a motion to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party
