Title: BIE Higher Education Grant Program Annual Report Form.

Brief Description of Collection: Respondents who receive a grant are required to submit an annual report. Submission of an annual report is mandatory for receiving a benefit.

Type of Review: Renewal. Respondents: Tribal higher education program directors.

Number of Respondents: 125. Estimated Time per Response: 3

Frequency of Response: Annual. Total Annual Burden to Respondents:

OMB Approval Number: 1076-0101. Title: BIE Higher Education Grant Program Application.

Brief Description of Collection: Respondents receiving a benefit must annually complete the form to demonstrate unmet financial need for consideration of a grant.

Type of Review: Renewal. Respondents: Students through the tribally controlled institutions of higher education. Submission of an annual application is required for consideration in receiving a benefit.

Number of Respondents: 14,000. Estimated Time per Response: 1 hour. Frequency of Response: Annual. Total Annual Burden to Respondents: 14,000 hours.

Dated: October 3, 2007.

Assistant Secretary—Indian Affairs. [FR Doc. E7-20283 Filed 10-15-07; 8:45 am] BILLING CODE 4310-6W-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[UT-020-5101-ER-J217]

Notice of Intent To Prepare an **Environmental Impact Statement To** Analyze PacifiCorp's Mona to Oquirrh Double-Circuit 500/345 Kilovolt (kV) Transmission Line, UT-82829, and Amend the Pony Express Resource Management Plan for the Salt Lake Field Office, Utah

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Intent.

SUMMARY: Pursuant to section 102(2) of the National Environmental Policy Act of 1969, 40 Code of Federal Regulations (CFR) subparts 1500–1508, and 43 CFR subpart 2800 (Right-of-Way), notice is hereby given that the Bureau of Land Management (BLM), Salt Lake Field Office (SLFO) and Fillmore Field Office

(FFO) will be preparing an Environmental Impact Statement (EIS) to amend the Pony Express Resource Management Plan to consider a right-ofway application for the Mona to Oquirrh Double-Circuit 500/345 Kilovolt (kV) Transmission Line, located on public lands in Juab, Tooele, Utah and Salt Lake Counties, Utah. This notice initiates the public scoping period and announces public scoping meetings. DATES: The public will be notified of scoping meetings through the local news media at least 15 days prior to the first meeting. It is anticipated at least five scoping meetings (Copperton, Tooele, Cedar Fort, Eureka and Nephi, Utah) will be held during this scoping period. The BLM will announce public scoping meetings to identify relevant issues through local newspapers, newsletters, and the PacifiCorp Web site: http://www.pacificorp.com. The project status, including meeting dates/ times, will also be available on the BLM's Electronic Notification Bulletin Board (https://www.ut.blm.gov/enbb/ index.php).

ADDRESSES: Written comments on the scope of the EIS should be post-marked or hand delivered to the BLM Salt Lake Field Office or Fillmore Field Office by 4:30 p.m., no later than 30 days after the date of publication of this notice in the Federal Register to ensure full consideration. Written scoping comments should be sent to BLM, Salt Lake Field Office, 2370 South 2300 West, Salt Lake City, Utah 84119, ATTN: Mike Nelson; or Fillmore Field Office, 35 East 500 North, Fillmore, Utah 84631, ATTN: Clara Stevens. Comments may also be submitted in writing to the BLM at one of the scoping meetings or via e-mail at: UT_M2OTL_EIS@blm.gov.

FOR FURTHER INFORMATION CONTACT: For additional information contact Mike Nelson (Project Lead) Realty Specialist at the BLM Salt Lake Field Office, at (801) 977–4300; or Clara Stevens, Realty Specialist at the BLM Fillmore Field Office, at (435) 743-3100.

SUPPLEMENTARY INFORMATION: PacifiCorp proposes to establish a new doublecircuit 500/345 kilovolt (kV) transmission line from the Mona Substation near Mona in Juab County, Utah to new expanded facilities at the existing Oquirrh Substation located in West Jordan and the Terminal Substation located in Salt Lake City, in Salt Lake County, Utah.

As part of long-range planning, this project will also include the identification of a right-of-way for a double-circuit 500/345kV line and the

siting of two 500/345kV substations. Corridors, large enough to allow for a 1mile separation between the proposed double-circuit 500/345kV line and the future double-circuit 500/345kV line would be considered.

The estimated lengths of the proposed transmission line route and future line would be determined through the environmental studies but could range from 60 to 120 miles. A right-of-way of up to 250 feet in width and a right-ofway grant for 50 years would be required to construct, operate, and maintain the transmission line and structures. Specific acreages of access roads and temporary work areas would be determined through the environmental studies. The proposed project would take approximately eighteen months to construct, with an in-service date of June 2012. Once constructed, the project would be in operation year round transporting electrical power to the Wasatch Front.

The preliminary plan of development

will be presented to the public during scoping meetings and newsletters mailed to interested parties. It will be available for public review at BLM's Salt Lake and Fillmore Field Offices and the EPG Web site. The BLM invites public comment on the scope of the analysis, including issues to consider and alternatives to the proposed action. The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis and EIS alternatives—in addition to the proposed action, the BLM will explore and evaluate all reasonable alternatives, including the no action alternative, pursuant to Council on Environmental Quality (CEQ) regulations 1502.14(a) and 1502.14(d). The issues and alternatives will also guide the plan amendment process.

An interdisciplinary approach will be used to develop the EIS, in order to consider a variety of resource issues and concerns identified. The amendment to the governing land use plan would be based upon the following planning criteria:

- The amendment will be completed in compliance with FLPMA, NEPA and all other relevant Federal Law, Executive Orders and management policies of the BLM;
- Where existing planning decisions are still valid, those decisions may remain unchanged and be incorporated into the new amendment; and

The amendment will recognize

valid existing rights.

Potential significant direct, indirect, residual, and cumulative impacts from the proposed action and alternatives

will be analyzed. Important issues to be addressed in the EIS could include land uses, wildlife, transportation, visual resources and socioeconomics. Additional issues may be identified during the scoping process. BLM personnel will be present at the scoping meetings to explain the environmental review process, the right-of-way regulations, and other requirements for processing the proposed transmission line and the associated EIS. Representatives from PacifiCorp will also be available to describe their proposal.

Comments and information submitted on the EIS, including names, e-mail addresses, and street addresses of respondents, will be available for public review and disclosure at the above address. The BLM will not accept anonymous comments. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment-including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. Formal scoping comments must be submitted within 30 days after the last public meeting. Comments received and a list of attendees for each scoping meeting will be made available for public inspection and open for 30 days following each meeting for any participant(s) who wish to clarify their views. Comments and documents pertinent to this proposal, including names and street addresses of respondents, may be examined at the Salt Lake or Fillmore Field Offices during regular business hours (7:30 a.m.-4:30 p.m. Monday through Friday, except holidays). Comments may be published as part of the EIS.

Federal, State, and local agencies, as well as individuals or organizations that may be interested in or affected by the BLM's decision on this project are invited to participate in the scoping process and, if eligible, may request or be requested by the BLM to participate as a cooperating agency.

Dated: October 9, 2007.

Selma Sierra,

Utah State Director.

Bureau of Land Management

[(NM-921-1301-FI-08); (OKNM 113435)]

Notice of Proposed Reinstatement of Terminated Oil and Gas Lease OKNM 113435

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of reinstatement of terminated oil and gas lease.

SUMMARY: Under the Class II provisions of Title IV, Public Law 97–451, and 43 CFR 3108.2–3, the Bureau of Land Management (BLM) received a petition for reinstatement of Competitive oil and gas lease OKNM 113435 from the lessee, Greenwood Energy, Inc., for lands in Woods County, Oklahoma. The petition was filed on time and it was accompanied by all the rentals due since the date the lease terminated under the law.

FOR FURTHER INFORMATION CONTACT: Bernadine T. Martinez, BLM, New Mexico State Office, at (505) 438–7530.

SUPPLEMENTARY INFORMATION: No valid lease has been issued that affect the lands. The lessee agrees to new lease terms for rentals and royalties of \$10.00 per acre or fraction thereof, per year, and 162/3 percent, respectively. The lessee paid the required \$500.00 administrative fee for the reinstatement of the lease and \$166.00 cost for publishing this Notice in the Federal Register. The lessee met all the requirements for reinstatement of the lease as set out in Sections 31(d) and (e) of the Mineral Leasing Act of 1920 (30 U.S.C. 188). We are proposing the reinstate lease OKNM 113435, effective the date of termination, March 1, 2007, under the original terms and conditions of the lease and the increased rental and royalty rates cited above.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: October 15, 2007.

Bernadine T. Martinez,

Land Law Examiner.

Bureau of Land Management

(NV-056-5853-ES; N-80113-01; 7-08807)

Notice of Realty Action: Lease/ Conveyance for Recreation and Public Purposes in Clark County, NV

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Realty Action.

SUMMARY: Recreation and Public Purposes (R&PP) Act request for lease and subsequent conveyance of approximately 41.48 acres of public land in Clark County, Nevada. The City of North Las Vegas proposes to use the land for a public park and a police substation.

DATES: Interested parties may submit written comments regarding the proposed lease/conveyance of the lands until November 30, 2007.

ADDRESSES: Mail written comments to BLM Field Manager, Las Vegas Field Office, 4701 N. Torrey Pines Drive, Las Vegas, NV 89130–2301.

FOR FURTHER INFORMATION CONTACT: Frederick Marcell, (702) 515–5164.

SUPPLEMENTARY INFORMATION: The following described public lands in North Las Vegas, Clark County, Nevada have been examined and found suitable for lease and subsequent conveyance under the provision of the R&PP Act, as amended (43 U.S.C. 869 et seq.). The City of North Las Vegas proposes to use 41.48 acres of land for a public park and a police substation. The park amenities will include indoor/outdoor swimming pools, multi-generational center, gymnasiums, dance/aerobics rooms, dog park, parking areas, baseball fields, basketball court, playground areas, walking trails, and barbeque areas. The park and police substation facility will serve citizens in the northeast sector of North Las Vegas where rapid growth has occurred. The parcel of land is located north of Centennial Parkway and south of Rome Boulevard, and is legally described as:

Mount Diablo Meridian, Nevada,

T. 19 S., R. 61 E., Section 24, lot 12.

The area described contains 41.48 acres, more or less

The land is not required for any federal purpose. The proposed action is in conformance with the Las Vegas Resource Management Plan approved on October 5, 1998, and would be in the public interest. The Plan of Development has been reviewed and it has been determined the proposed
