SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-56656; File No. SR-NYSEArca-2007-94]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change and Amendment No. 1 Thereto To Eliminate Position and Exercise Limits for Options on the Russell 2000 Index, and To Specify That Certain Reduced-Value Options on Broad-Based Security Indexes Have No Position and Exercise Limits

October 12, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 14, 2007, NYSE Arca, Inc. (“NYSE Arca” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been substantially prepared by NYSE Arca. On October 1, 2007, NYSE Arca submitted Amendment No. 1 to the proposed rule change. The Exchange has filed the proposal as a “non-controversial” rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change, as amended, from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

NYSE Arca proposes to amend its rules to eliminate the position and

exercise limits for options on the Russell 2000 Index (“RUT”), and to specify that reduced-value options on broad-based security indexes for which full-value options have no position and exercise limits will similarly have no position and exercise limits. The text of the proposed rule change is available at NYSE Arca, the Commission’s Public Reference Room, and <http://www.nysearca.com>.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, NYSE Arca included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. NYSE Arca has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NYSE Arca proposes to amend Rules 5.15(a) and 5.17(a)(13) in order to: (1) Eliminate position and exercise limits for options on RUT, a multiply listed and heavily traded broad-based security index; and (2) specify that reduced-value options on broad-based security indexes for which full-value options have no position limits will similarly have no position limits.

Eliminate Position and Exercise Limits for RUT Options

NYSE Arca presently trades options on one broad-based index, RUT. However, the Exchange believes that the circumstances and considerations that the Commission relied upon in approving the elimination of position and exercise limits for another heavily traded broad-based index options (e.g., NASDAQ-100 Index (“NDX”), listed on the Chicago Board Options Exchange (“CBOE”))⁵ equally apply to NYSE Arca’s proposal to eliminate position and exercise limits for options on RUT. In addition, the Commission recently approved similar proposals by CBOE and the American Stock Exchange LLC

(“Amex”) to eliminate position and exercise limits for RUT options.⁶

In approving the elimination of position and exercise limits for NDX options on CBOE, the Commission considered the capitalization of this index and the deep and liquid markets for the securities underlying the index that significantly reduced the concerns of market manipulation or disruption in the underlying markets.⁷ The Commission also noted the active trading volume for options on the index. The Exchange believes that RUT shares these factors in common with NDX. As of July 31, 2007, the approximate market capitalization of NDX was \$2.28 trillion, the average daily trading volume (“ADTV”) for the component of NDX was 572 million shares and the ADTV for options on NDX was approximately 64,000 contracts per day. NYSE Arca believes that RUT has comparable characteristics. The market capitalization for RUT is \$1.73 trillion, the ADTV for the underlying securities is 535 million shares, and the ADTV for the option is approximately 79,000 contracts.

In approving the elimination of position and exercise limits for NDX, the Commission also noted that financial requirements imposed by the options exchanges and the Commission serve to address concerns that an exchange member, an Options Trading Permit (“OTP”) Holder⁸ in the case of NYSE Arca, or its customer, may try to maintain an inordinately large unhedged position in NDX options. These same financial requirements also apply to RUT options. Under NYSE Arca rules, the Exchange also has the authority to impose additional margin upon accounts maintaining underhedged positions, and is further able to monitor accounts to determine when such action is warranted. As noted in the Exchange’s rules, the clearing firm carrying such an account would be subject to capital charges under Rule 15c3-1 under the Act⁹ to the extent of any resulting margin deficiency.¹⁰

In approving the elimination of position and exercise limits for NDX, the Commission relied heavily on

⁷ See NDX Approval Order, *supra* note 5.

⁸ OTP Holder is defined in NYSE Arca Rule 1.1(q). OTP Holders have the status of a “member” of the Exchange as that term is defined in Section 3 of the Act. See 15 U.S.C. 78c.

CBOE's ability to provide surveillance and reporting safeguards to detect and deter trading abuses arising from the elimination of position and exercise limits on the index. NYSE Arca represents that the current Exchange surveillance procedures are adequate to continue monitoring RUT options, once the position and exercise limits are eliminated. In addition, the Exchange intends to impose a reporting requirement on NYSE Arca OTP Holders and OTP Firms (other than NYSE Arca market-makers) that trade RUT options. This reporting requirement would require OTP Holders and OTP Firms who maintain in excess of 100,000 RUT option contracts on the same side of the market, for their own accounts or for the account of customers, to report information as to whether the positions are hedged and provide documentation as to how such contracts are hedged, in a manner and form required by the Exchange's Options Surveillance Department. The Exchange would take prompt action, including timely communication with the Commission and other marketplace self-regulatory organizations responsible for oversight of trading in component stocks, should any unanticipated adverse market effects develop.¹¹ The Exchange may also specify other reporting requirements, as well as the limit at which the reporting requirement may be triggered.

The Exchange believes that eliminating position and exercise limits for RUT options is consistent with approved rules relating to similar broad-based index products currently trading on other exchanges. The Exchange believes that eliminating the position and exercise limits for options on RUT will allow NYSE Arca OTP Holders and OTP Firms greater hedging and investment opportunities.

Elimination of Position Limits for reduced value Options on Broad-Based Indexes for which there are not Position and Exercise Limits for Full Value Options

The Exchange may list and trade reduced-value options on broad-based indexes for which the Exchange also lists and trades full-value options.¹² The Exchange proposes to amend Rule 5.15(a) to state that reduced-value options on broad-based security indexes for which full value options have no position and exercise limits will

similarly have no position and exercise limits.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with Section 6(b) of the Act,¹³ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹⁴ in particular, in that it is designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts and practices, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments on the proposed rule change were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the forgoing rule change does not: (1) Significantly affect the protection of investors or the public interest; (2) impose any significant burden on competition; and (3) become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁵ and Rule 19b-4(f)(6) thereunder.¹⁶

A proposed rule change filed under 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing.¹⁷ However, Rule 19b-4(f)(6)(iii)¹⁸ permits the Commission to designate a shorter time if such action

¹⁶ 17 CFR 240.19b-4(f)(6).

¹⁷ CFR 240.19b-4(f)(6)(iii). In addition, Rule 19b-4(f)(6)(iii) requires that a self-regulatory organization submit to the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has requested the Commission to waive this five-day pre-filing notice requirement. The Commission hereby grants this request.

is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver will allow NYSE Arca members and their customers greater hedging and investment opportunities in RUT options without further delay. The Commission notes that it recently approved substantially similar proposals filed by Amex and CBOE.¹⁹ The Commission believes that NYSE Arca's proposal to eliminate position and exercise limits for RUT options raises no new issues. For these reasons, the Commission designates the proposed rule change to be operative upon filing with the Commission.²⁰

At any time within 60 days of the filing of such proposed rule change the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors or otherwise in furtherance of the purposes of the Act.²¹

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

U.S. Department of State Advisory Committee on Private International Law: Study Group on Consumer Protection

One of the goals of the Organization of American States is to harmonize private international law through Inter-American Specialized Conferences on Private International Law (CIDIP). Currently states are drafting instruments for "CIDIP-VII," which will focus inter alia on consumer protection. States are currently reviewing a draft Brazilian treaty on choice of law, a Canadian draft model law on choice of law and jurisdiction, and a U.S. proposal for a model law on the availability of consumer dispute resolution and redress. OAS member states discussed the three proposals at an initial meeting held in Porto Alegre, Brazil in December 2006. No dates have been set for future meetings, but the views of participating states have been requested.

The Department of State Advisory Committee on Private International Law (ACPIL) will hold a public meeting to review the results of the Porto Alegre meeting and to obtain views on the three proposals with regard to consumer protection.

Time: The public meeting will take place at the Department of State, Office of Private International Law, 2430 E Street, NW., Washington, DC on Wednesday October 31, 2007 from 10 a.m. to 3 p.m. EST. If you are unable to attend the public meeting and you would like to participate by teleconferencing, please contact Trisha Smeltzer to receive the conference call in number and the relevant materials (the Brazilian proposal for a treaty on choice of law, the Canadian proposal for a model law on jurisdiction and choice of law, and the U.S. proposal for a model law on the availability of consumer dispute resolution and redress.)

Public Participation: Advisory Committee Study Group meetings are open to the public. Persons wishing to attend should contact Trisha Smeltzer at smeltzertk@state.gov or at 202-776-8423 and provide your name, mailing address, e-mail address, and affiliation(s) no later than October 29th. Since access to the building is controlled, clearance for admission to the meeting will be needed. Additional meeting information can also be obtained from Ms. Smeltzer. Persons who cannot attend but who wish to comment on any of the proposals are
