Department of the Army; Corps of Engineers

Intent To Prepare an Environmental Impact Statement for the Southern Beltway Transportation Project From I-79 to the Mon/Fayette Expressway, Washington County, PA

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DOD.

ACTION: Notice of intent.

SUMMARY: The U.S. Army Corps of Engineers (Corps) is issuing this notice to advise the public that an Environmental Impact Statement (EIS) will be prepared for proposed transportation improvements between Interstate 79 (I-79) and the Mon/Fayette Expressway (Turnpike 43), known locally as a Southern Beltway Transportation Project, in Washington County, Pennsylvania.

FOR FURTHER INFORMATION CONTACT: Scott Hans, Acting Chief, Regulatory Branch, Department of the Army, Pittsburgh District Corps of Engineers, William S. Moorhead Federal Building, 1000 Liberty Avenue, Pittsburgh, Pennsylvania 15222-4186, Telephone: (412) 395-7154; or David P. Willis, Environmental Manager, Pennsylvania Turnpike Commission, P.O. Box 67676, Harrisburg, Pennsylvania 17106-7676, Telephone: (717) 939-9551.

SUPPLEMENTARY INFORMATION: The Corps, in cooperation with the Pennsylvania Turnpike Commission, will now prepare an Environmental Impact Statement (EIS) on a proposal for a limited access toll highway in Washington County, south of Pittsburgh, Pennsylvania. The proposed highway would extend from Interstate 79 south of the Allegheny County and Washington County line, easterly to the Mon/Fayette Expressway (Turnpike 43), near Finleyville, Washington County. The study corridor is approximately 19 kilometers (12 miles) long and 2.5 kilometers (1.5 miles) wide. Previously, the Federal Highway Administration (FHWA) served as the lead federal agency, with the Corps as a cooperating agency. The Financial Plan most recently submitted by the Pennsylvania Turnpike Commission to the Southwestern Pennsylvania Commission (SPC), the local Metropolitan Planning Organization, was not considered reasonable by SPC. As a result, the I-79 to Mon/Fayette Expressway Project was not included on SPC's Transportation Improvement Plan (TIP) when it was updated and adopted in July 2007. Subsequently, the FHWA
