Southeast Oregon Resource Advisory Council: Meeting

Pursuant to the Federal Advisory Committee Act, the Department of the Interior Bureau of Land Management (BLM) announces the following advisory committee meeting:

Name: Southeast Oregon Resource Advisory Council.

Time and Date: 1 p.m. November 8, 2007; 8 a.m. November 9, 2007.

Place: Bureau of Land Management, Burns District Office, 28910 Hwy 20 West, Hines, Oregon 97738.

Status: Open to the public.

Matters to be Considered: The Resource Advisory Council will consider ecology based ecosystem restoration initiatives, fire rehabilitation grazing criteria and transportation planning efforts for Oregon and Washington Bureau of Land Management (BLM) and U.S. Forest Service administered lands. Council members will also hear updates from Designated Federal Officials, attend a Fremont-Winema National Forests Travel Management Planning presentation, give liaison and subgroup reports, establish meeting priorities, develop agenda items for the next meeting and tour Oregon's Wild Horse Corral Facility. Any other matters that may reasonably come before the SEORAC may also be addressed.

The public is welcome to attend all portions of the meeting and may contribute during the public comment period at 4 p.m. on November 9, 2007. Those who verbally address the SEORAC during the public comment period are asked to also provide a written statement of their comments or presentation. Unless otherwise approved by the SEORAC Chair, the public comment

period will last no longer than 30 minutes, and each speaker may address the SEORAC for a maximum of 5 minutes.

Contact Person for More Information: Program information, meeting records and a roster of council members may be obtained from Scott Stoffel, Public Affairs Specialist, 1301 S. G Street, Lakeview, OR 97630; (541) 947-6237. The meeting agenda will be posted at <http://www.blm.gov/or/rac/seorac-minutes.php> when available.

Should you require reasonable accommodation, please contact the BLM Lakeview District at (541) 947-2177 as soon as possible.

Shirley Gammon,

District Manager.

Notice of Proposed Withdrawal Extension and Opportunity for Public Meeting; Montana

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The Department of the Interior proposes to extend the duration of Public Land Order (PLO) No. 6664 for an additional 20-year term. PLO No. 6664 withdrew 840 acres of public lands in Carbon County, Montana, from settlement, sale, location, or entry under the general land laws, including the United States mining laws to protect the Bureau of Land Management (BLM) Petroglyph Canyon and Weatherman Draw archeological sites. This notice also gives an opportunity to comment on the proposed action and to request a public meeting. The lands have been and will remain open to mineral leasing.

DATES: Comments and requests for a public meeting must be received by January 22, 2008.

ADDRESSES: Comments and meeting requests should be sent to the BLM Billings Field Office Manager, 5001 Southgate Drive, Billings, Montana 59101-4669.

FOR FURTHER INFORMATION CONTACT: Tom Carroll, BLM, Billings Field Office, (406) 896-5242, or at the above address, or Sandra Ward, BLM, Montana State Office, (406) 896-5052.

SUPPLEMENTARY INFORMATION: The withdrawal created by PLO No. 6664 (53 FR 7186-7) will expire March 6, 2008, unless extended. The Assistant Secretary for Land and Minerals Management has approved the BLM

petition to file an application to extend PLO No. 6664 for an additional 2-year period. The withdrawal was made to protect the Petroglyph Canyon and Weatherman Draw archeological sites on public lands described as follows:

Principal Meridian, Montana, (Weatherman Draw)

T. 8 S., R. 24 E.,

Sec. 20, S¹/₂SE¹/₄ and SE¹/₄SW¹/₄;

Sec. 29, E¹/₂ and E¹/₂W¹/₂.

(Petroglyph Canyon)

T. 9 S., R. 26 E.,

Sec. 35, lots 2, 3, 6, 7, SW¹/₄NE¹/₄ and

SE¹/₄NW¹/₄.

The areas described aggregate 840 acres in Carbon County.

The purpose of the proposed extension is to continue the withdrawal created by PLO No. 6664 for an additional 20-year term to protect the archeological sites at Petroglyph Canyon and Weatherman Draw.

As extended, the withdrawal would not alter the applicability of those public land laws governing the use of lands under lease, license, or permit or governing the disposal of the mineral or vegetative resources other than under the mining laws.

The use of a right-of-way or interagency or cooperative agreement would not adequately protect the cultural resources in these areas.

There are no suitable alternative sites available. Significant cultural resources are located at the Petroglyph Canyon and Weatherman Draw sites in the above-described public land.

Water will not be needed to fulfill the purpose of the requested withdrawal.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal extension may present their views in writing to the BLM Billings Field Office at the address noted above.

Comments, including names and street addresses of respondents, will be available for public review at the BLM Billings Field Office at the address noted above during regular business hours 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. Before including your address, phone number, e-mail address, or other personal identifying information in your comments, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Notice is hereby given that an opportunity for a public meeting is afforded in connection with the proposed withdrawal extension. All interested persons who desire a public meeting for the purpose of being heard on the proposed withdrawal extension must submit a written request to the BLM Billings Field Manager within 90 days from the date of publication of this notice. If the authorized officer determines that a public meeting will be held, a notice of the time and place will be published in the **Federal Register** at least 30 days before the scheduled date of the meeting. This withdrawal extension proposal will be processed in accordance with the applicable regulations set forth in 43 CFR 2310.4.

(Authority: 43 CFR 2310.3-1(b)(1))

Dated: October 11, 2007.

Theresa M. Hanley,

Deputy State Director, Division of Resources.

Notice of Realty Action: Proposed Direct (Non-Competitive) Sale of Public Lands in Siskiyou County, CA

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of realty action.

SUMMARY: The Bureau of Land Management (BLM) proposes to sell a 0.07 acre parcel of federally owned land in Siskiyou County, located in Yreka, California. The public land has been examined and found suitable for disposal utilizing direct sale procedures. The authority for the sale is established under sections 203 and 209 of the Federal Land Policy and Management Act of 1976 (FLPMA) (43 U.S.C. 1713 and 1719) and the Federal Land Transaction Facilitation Act (FLTFA) of July 25, 2000, (43 U.S.C. 2301).

DATES: Comments regarding the proposed sale must be received by the BLM Redding Field Office on or before December 7, 2007.

ADDRESSES: Written comments concerning the proposed sale must be submitted to: Field Manager, Bureau of Land Management, Redding Field Office, 355 Hemsted Drive, Redding, CA 96002.

FOR FURTHER INFORMATION CONTACT: You may contact the Redding Field Office, (530) 224-2100 from 7:30 a.m. to 4:30 p.m., Monday through Friday (except

Federal Holidays), and ask to have your call directed to Ilene Emry, Realty Specialist.

SUPPLEMENTARY INFORMATION: The public land is located in Yreka, California and will be offered for sale utilizing non-competitive (direct sale) procedures in Siskiyou County.

Mount Diablo Meridian, California

T. 45 N., R. 7 W.,

Section 22, lot 13.

The area described contains 0.07 acres more or less in Siskiyou County.

This parcel of public land is proposed for sale to Tom and Kris McCullough, the adjacent landowners, at not less than appraised fair market value (FMV) as determined by the authorized officer after appraisal.

As stated, the public land is proposed for sale subject to the applicable provisions of sections 203 and 209 of the FLPMA, as well as regulations at 43 CFR Parts 2710 and 2720. The sale disposal is carried out in accordance with section 205 of the Federal Land Transaction Facilitation Act of July 25, 2000 (FLTFA) (43 U.S.C. 2304), in which the proceeds from the sale of the lands will be deposited into the Federal Land Disposal account.

Consistent with FLPMA section 203, the tract of public land may be sold as a result of approved land use planning if the sale of the tract meets the disposal criteria.

The subject parcel is identified as suitable for disposal in the BLM Redding Resource Management Plan (RMP) approved July 27, 1993. The identified land is not needed for any Federal purpose.

This sale also meets the criteria found in Title 43 CFR 2710.0-3(a)(2) which states "Disposal of such tract shall serve important public objectives, including but not limited to, expansion of communities and economic development which cannot be achieved prudently or feasibly on lands other than public lands and which outweigh other public objectives and values, including, but not limited to recreation and scenic values, which would be served by maintaining such tract in Federal ownership."

The disposal (sale) of lands also meets the criteria found under 43 CFR 2710.0-3(a)(3) where "such a tract, because of its location or other characteristics is difficult and uneconomic to manage as part of the public lands, and is not suitable for management by another Federal department or agency".

BLM regulations at 43 CFR 2711.3-3(a) provide: "Direct sales (without competition) may be utilized, when in

the opinion of the authorized officer, a competitive sale is not appropriate and the public interest would best be served by a direct sale".

The BLM Redding Field Manager has determined that a non-competitive (direct sale) will be in the best interest of the public in facilitating overall administration of public lands. The FLPMA authorized the use of direct sale of public lands to recognize public policies by giving preference to users such as the adjoining landowners. The BLM parcel is a small uneconomic remnant that is surrounded by private land owned by the McCulloughs in a developing subdivision.

The potential buyer of the parcel will make application under section 209 of the Federal Land Policy and Management Act of October 21, 1976, to purchase the mineral estate along with the surface.

Conveyance of the available mineral interests pursuant to Section 209 of the FLPMA would occur simultaneously with the sale of the land. The mineral interests being offered for conveyance have no known mineral value. Acceptance of a direct sale offer will constitute an application for conveyance of those mineral interests. The applicant will be required to pay a \$50.00 non-returnable filing fee for conveyance of the available mineral interests.

The patent, if issued, will be subject to the following terms, conditions and reservations: A reservation to the United States for ditches and canals constructed by the authority of the United States, Act of August 30, 1890 (43 U.S.C. 945).

No representation, warranty or covenant of any kind, express or implied, will be given or made by the United States, its officers or employees, as to access to or from the above described parcel of land, the title to the land, whether or to what extent the land may be developed, its physical condition or its past, present or potential uses, and the conveyance of any such parcel will not be on a contingency basis. It is the buyer's responsibility to be aware of all applicable Federal, State, any local government policies and regulations that would affect the subject lands. It is also the buyer's responsibility to be aware of existing or prospective uses of nearby properties. Any land lacking access from a public road or highway will be conveyed as such, and future access acquisition will be the responsibility of the buyer.

The environmental assessment and approved appraisal report covering the proposed sale are available for review at
