

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Docket No. CP07-457-000]

Iroquois Gas Transmission System, L.P.; Notice of Filing

October 16, 2007.

Take notice that on September 28, 2007, and supplemented on October 15, 2007, Iroquois Gas Transmission System, L.P. (Iroquois), One Corporate Drive, Suite 600, Shelton, CT 06484-6211, filed an abbreviated application pursuant to section 7(c) of the Natural Gas Act (NGA) and part 157 of the Commission's Rules and Regulations, for a certificate of public convenience and necessity to construct and operate the 08/09 Expansion Project (Project) in New York and Connecticut. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Iroquois requests authority to construct and operate: (1) Three sections of new, 36-inch diameter pipeline looping and associated above ground facilities along its existing mainline in New York and Connecticut; (2) a new compressor station, 10,300 horsepower, in Milford, Connecticut; and (3) additional compression, 10,300 horsepower, and cooling facilities at the Brookfield compressor station in Brookfield, Connecticut. Iroquois also seeks a predetermination that the rates applicable to the 08/09 Expansion project to be rolled in with Iroquois' existing Eastchester Expansion Project rate case following the in-service date for the proposed facilities in which the Eastchester rates are subject to change. The estimated cost of the Project is approximately \$163,000,000. Iroquois proposes the in-service date, under Phase I, of November 1, 2008.

Any questions regarding the application are to be directed to Paul W. Diehl, Senior Attorney, Iroquois Pipeline Operating Company, One Corporate Drive, Suite 600, Shelton, CT 06484, phone number (203) 925-7228.

On March 23, 2007, the Commission staff granted Iroquois's request to utilize the National Environmental Policy Act (NEPA) Pre-Filing Process and assigned

Docket No. PF07-7-000 to staff activities involving the Market Access Project. Now, as of the filing of this application on September 28, 2007, the NEPA Pre-Filing Process for this project has ended. From this time forward, this proceeding will be conducted in Docket No. CP07-457-000, as noted in the caption of this Notice.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding, or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing

comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

Comment Date: 5 p.m. Eastern Time on November 6, 2007.

Kimberly D. Bose,

Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Docket Nos. ER07-1157-000; ER07-1157-001]

Logan Wind Energy LLC; Notice of Issuance of Order

October 17, 2007.

Logan Wind Energy LLC (Logan Wind Energy) filed an application for market-based rate authority, with an accompanying rate schedule. The proposed market-based rate schedule provides for the sale of energy, capacity and ancillary services at market-based rates. Logan Wind Energy also requested waivers of various Commission regulations. In particular, Logan Wind Energy requested that the Commission grant blanket approval under 18 CFR

part 34 of all future issuances of securities and assumptions of liability by Logan Wind Energy.

On October 16, 2007, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—West, granted the requests for blanket approval under Part 34 (Director's Order). The Director's Order also stated that the Commission would publish a separate notice in the **Federal Register** establishing a period of time for the filing of protests.

Accordingly, any person desiring to be heard concerning the blanket approvals of issuances of securities or assumptions of liability by Logan Wind Energy, should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. 18 CFR 385.211, 385.214 (2004).

Notice is hereby given that the deadline for filing protests is November 15, 2007.

Absent a request to be heard in opposition to such blanket approvals by the deadline above, Logan Wind Energy is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of Logan Wind Energy, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approvals of Logan Wind Energy's issuance of securities or assumptions of liability.

Copies of the full text of the Director's Order are available from the Commission's Public Reference Room, 888 First Street, NE., Washington, DC 20426. The Order may also be viewed on the Commission's Web site at <http://www.ferc.gov>, using the eLibrary link. Enter the docket number excluding the last three digits in the docket number filed to access the document. Comments, protests, and interventions may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the

"e-Filing" link. The Commission strongly encourages electronic filings.

Kimberly D. Bose,

Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. QF04-132-001]

North Texas Wind Center, LLC; Notice of Filing

October 16, 2007.

Take notice that on October 11, 2007, North Texas Wind Center, LLC, c/o Noble Environmental Power, LLC, 8 Railroad Avenue, Suite 8, Essex, CT 06426, on behalf of the NTWC-4 Project (NTWC-4) filed with the Federal Energy Regulatory Commission (Commission) an application for recertification of a facility as a qualifying small power production facility pursuant to 18 CFR 292.207(b) of the Commission's regulations. No determination has been made that the submittal constitutes a complete filing.

NTWC-4 is small power production wind facility currently in development that consists of multiple wind turbine generators with an approximate net power production capacity of 78.3 MW. The facility will be located in Hansford County, Texas.

Interconnection of NTWC-4 will be with a transmission line owned by Xcel Energy, Inc. and operated by its operating subsidiary Southwestern Public Service Company (SPS). NTWC-4 also expects that SPS will be the electric utility that will provide the facility with supplementary, back-up and maintenance power.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and

interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: 5 p.m. Eastern Time on November 13, 2007.

[Docket No. QF03-11-001]

North Texas Wind Center, LLC; Notice of Filing

October 16, 2007.

Take notice that on October 9, 2007, North Texas Wind Center, LLC, c/o Noble Environmental Power, LLC, 8 Railroad Avenue, Suite 8, Essex, CT 06426, on behalf of the NTWC-1 Project (NTWC-1) filed with the Federal Energy Regulatory Commission (Commission) an application for recertification of a facility as a qualifying small power production facility pursuant to 18 CFR 292.207(b) of the Commission's regulations. No determination has been made that the submittal constitutes a complete filing.

NTWC-1 is small power production wind facility currently in development that consists of multiple wind turbine generators with an approximate net power production capacity of 76.7 MW. The facility will be located in Hansford County, Texas.

Interconnection of NTWC-1 will be with a transmission line owned by Xcel energy, Inc. and operated by its operating subsidiary Southwestern Public Service Company (SPS). NEWC-1 also expects that SPS will be the electric utility that will provide the
