^{2 72} FR 42091 (Aug. 1, 2007).

Section 615(d) of the Fair Credit Reporting Act ("FCRA"), 15 U.S.C. 1681m(d)(1), requires any person who uses a consumer report in order to make an unsolicited firm offer of credit or insurance to a consumer to provide with each written solicitation a clear and conspicuous statement that:

(A) information contained in the consumer's consumer report was used in connection with the transaction; (B) the consumer received the offer of credit or insurance because the consumer satisfied the criteria for credit worthiness or insurability under which the consumer was selected for the offer; (C) if applicable, the credit or insurance may not be extended if, after the consumer responds to the offer, the consumer does not meet the criteria used to select the consumer for the offer or any applicable criteria bearing on credit worthiness or insurability or does not furnish any required collateral; (D) the consumer has a right to prohibit information contained in the consumer's file with any consumer reporting agency from being used in connection with any credit or insurance transaction that is not initiated by the consumer; and (E) the consumer may exercise the right referred to in subparagraph (D) by notifying a notification system established under section 604(e) [of the FCRA].

Section 615(d)(1) of the FCRA, 15 U.S.C. 1681m(d)(1).

The Fair and Accurate Credit Transactions Act of 2003, Pub. L. 108-159, 117 Stat. 1952 ("FACT Act") was signed into law on December 4, 2003. Section 213(a) of the FACT Act amended FCRA Section 615(d) to require that the statement mandated by Section 615(d) "be presented in such format and in such type size and manner as to be simple and easy to understand, as established by the Commission, by rule, in consultation with the Federal banking agencies and the National Credit Union Administration." The Commission published the Final Rule implementing this provision in the Federal Register on January 31, 2005, and the Rule became effective on August 1, 2005.

The Rule adopted a "layered" notice approach that requires a short, simple, and easy-to-understand statement of consumers' opt-out rights on the first page of the prescreened solicitation, along with a longer statement containing additional details elsewhere in the solicitation. Specifically, the Rule requires that a short notice be placed on

the front side of the first page of the principal promotional document in the solicitation, or, if provided electronically, on the same page and in close proximity to the principal marketing message. The Rule specifies that the type size be larger than the type size of the principal text on the same page, but in no event smaller than 12point type. If the notice is provided by electronic means, the entity providing it must take reasonable steps to ensure that the type size is larger than the type size of the principal text on the same page. The Rule further provides that the long notice that appears elsewhere in the solicitation be in a type size that is no smaller than the type size of the principal text on the same page, but in no event smaller than 8-point type. The long notice must begin with the heading "PRESCREEN & OPT-OUT NOTICE," which must be in capital letters and underlined, set apart from other text on the page, and in a type style that is distinct from the principal type style used on the same page. The Rule also includes model notices in English and Spanish.

Burden statement:

Estimated total annual hours burden: 1,000 to 1,500 hours (rounded to the nearest thousand).

Based on public comments received in response to the Commission's 2004 Notice of Proposed Rulemaking,3 when issuing the final Rule, the Commission estimated that the annual burden to industry would be between 43,600 and 45,600 hours.4 This estimate was comprised of 500 to 750 companies each spending 8 hours to revise an existing solicitation, plus 100 companies each needing an additional 396 hours to revise multiple solicitations ((500 companies x 8 burden hours + 39,600 burden hours = 43,600 burden hours); (750 companies x 8 burden hours + 39,600 burden hours = 45,600 burden hours)).⁵ The Commission further estimated that the total annual cost to industry would be between \$1,157,894 and \$1,213,329.6

The requirements of the Rule have not changed since OMB's 2004 approval of the final Rule. The previous estimates included a one-time burden to reprogram and update systems to revise existing notices and to re-format solicitations to comply with the Rule. Because the Rule has been in effect since August 1, 2005, covered entities have already incurred the one-time costs of transitioning to compliant notice formats. Accordingly, the annual PRArelated burden associated with the Rule is now reduced. FTC staff believes that the primary cost of continuing to comply with the Rule is limited to any legal review each entity determines is necessary to remain in compliance.

FTC staff continues to estimate that between 500 and 750 entities make prescreened solicitations. Because no additional revision or reformatting is necessary, however, staff has lowered the estimate of the burden hours to approximately 2 hours (one quarter of one business day), rather than the estimated 8 hours that was the estimate to revise and reformat solicitations when the Rule was promulgated. Accordingly, the total annual burden is between 1,000 and 1,500 hours (500 to 750 entities x 2 hours of annual burden). FTC staff assumes that in-house legal counsel will handle most of the compliance review and has applied an average hourly wage of \$250/hour for their labor. Accordingly, the total cost for all affected entities would be between \$250,000 and \$375,000 (1000 to 1,500 burden hours x \$250 per hour of legal review time).

John D. Graubert,

Acting General Counsel.

[ATSDR-235]

Proposed Substances To Be Evaluated for Set 22 Toxicological Profiles

AGENCY: Agency for Toxic Substances and Disease Registry (ATSDR), Department of Health and Human Services (HHS).

ACTION: Request for comments on the proposed substances to be evaluated for Set 22 toxicological profiles.

SUMMARY: This notice announces the list of proposed substances that will be evaluated for CERCLA Set 22

^{3 69} FR 58861 (Oct. 1, 2004).

^{4 70} FR 5022 (Jan. 31, 2005).

 $^{^5}$ The Commission estimated that each of the 100 companies would revise 99 additional solicitations and incur 4 hours of burden per solicitation (100 companies x 99 solicitations x 4 hours of burden = 39.600 burden hours).

⁶ This estimate was based on Bureau of Labor Statistics data (as of July, 2002), as follows: 2 hours of managerial/professional time at \$31.55 per hour; plus 6 hours of skilled technical labor at \$26.44 per hour; multiplied by 500 and 750 companies, for a total of \$110.870 and \$166.305, respectively. These sums were added to \$1,047.024 (39,600 hours of skilled technical labor at \$26.44 per hour) for revising multiple solicitations.
