\* Teleconference.

The purpose of the Merit Review Board is to provide advice on the scientific quality, budget, safety and mission relevance of investigator-initiated research proposals submitted for VA merit review consideration. Proposals submitted for review by the Board involve a wide range of medical specialties within the general areas of biomedical, behavioral and clinical science research.

The subcommittee meetings will be open to the public for approximately one hour at the start of each meeting to discuss the general status of the program. The remaining portion of each subcommittee meeting will be closed to

the public for the review, discussion, and evaluation of initial and renewal projects.

The closed portion of each meeting involves discussion, examination, reference to staff and consultant critiques of research protocols. During this portion of each subcommittee meeting, discussion and recommendations will deal with qualifications of personnel conducting the studies, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, as well as research information, the premature disclosure of which could significantly frustrate implementation of proposed

agency action regarding such research projects.

As provided by subsection 10(d) of Public Law 92–463, as amended, closing portions of these subcommittee meetings is in accordance with 5 U.S.C., 552b(c)(6) and (9)(B). Those who plan to attend or would like to obtain a copy of minutes of the subcommittee meetings and rosters of the members of the subcommittees should contact LeRoy G. Frey, PhD, Chief, Program Review (121F), Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420 at (202) 254–0288.

Dated: October 24, 2007.

By direction of the Secretary:

**E. Philip Riggin,**

*Committee Management Officer.*
