SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-56704; File No. SR-CHX-2007-20]

Self-Regulatory Organizations; The Chicago Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Permitting Certain Transactions To Have Post-Trade Anonymity

October 25, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934

(“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 16, 2007, the Chicago Stock Exchange, Inc. (“CHX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared substantially by the Exchange. The Exchange filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its rules to allow participants to request post-trade anonymity with respect to certain transactions executed on the Exchange. The text of the proposed rule change is available at <http://www.chx.com>, at the Exchange, and the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CHX included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received regarding the proposal. The text of these statements may be examined at the places specified in Item IV below. CHX has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Currently, when a trade occurs on the Exchange, a report is sent to the parties to the trade, or to the participant that submitted the trade on behalf of its customer, confirming details about the transaction, such as the number of shares executed, the price of the execution, and the identities of the parties to the trade. Similar information about the trade is sent to the National Securities Clearing Corporation (“NSCC”) for clearing purposes.

Through this proposal, CHX's participants would be allowed to request that their identities be kept confidential on trade and clearing reports associated with single-sided executions, except when necessary for regulatory and other identified purposes.⁵ CHX would reveal the identity of a participant or the participant's clearing firm: (1) For regulatory purposes or to comply with an order of a court or arbitrator; (2) if the NSCC ceases to act for a participant or a participant's clearing firm and NSCC determines not to guarantee the settlement of a participant's trades; or (3) if both parties to the trade consent.⁶

The Exchange proposes that these anonymity rules apply to all trades executed on the Exchange except the execution of cross orders.⁷ The Exchange believes that it would be difficult to provide anonymity protection to cross orders and still provide the participant submitting the order with a sufficiently detailed trade or clearing report to permit it to effectively service its customers' needs.

Under the proposed rule, the Exchange would reveal to a participant, no later than the end of the day on the date an anonymous trade was executed, when that participant has submitted an order that has executed against an order submitted by that same participant.⁸ In addition, because CHX's participants would not be able to retain information about the contra parties to anonymous transactions, CHX would keep that information in its original electronic form for the time periods required by

⁵ See Proposed Article 21, Rule 5(a) and (b). The CHX's trade reporting functionality would be designed to keep confidential the identity of any party to a trade that requests anonymity, but to reveal the identities of other parties to the trade. The clearing functionality, on the other hand, would initially be designed such that, if any party to a transaction requests anonymity, the entire transaction would be considered anonymous. If later changes in the clearing technology permit a more refined outcome, CHX represents that it likely would seek to modify this functionality to mirror the trade reporting design described above.

⁶ While the Exchange would keep contra party information confidential for an anonymous trade that was being reviewed through the initial stages of the Exchange's clearly erroneous or systems disruption trade review process, the Exchange would reveal that information upon any request for an appeal from the Exchange's decision on those matters and would make that information available to any participant that seeks to arbitrate a dispute relating to an otherwise anonymous trade. The Exchange believes that it is appropriate to reveal contra party information in these and other similar circumstances pursuant to the proposed “regulatory purposes” exception to the anonymity rule. See Proposed Article 21, Rule 5(b).

⁷ See Proposed Article 21, Rule 5(e).

⁸ See Proposed Article 21, Rule 5(c).

² 17 CFR 240.19b-4.

³ 15 U.S.C. 78s(b)(3)(A).

⁴ 17 CFR 240.19b-4(f)(6).

¹⁰ 17 CFR 200.30-3(a)(12).

the Commission's broker-dealer record-keeping rules.⁹

The trade reports that NSCC receives from CHX for anonymous trades would contain the identities of the parties to the trade to enable NSCC to conduct its risk management functions, but would contain an indicator noting that the trade was anonymous. NSCC reports issued to CHX participants with respect to these anonymous trades would substitute "ANON" for the acronym of the contra party. This handling of the data is designed to allow NSCC to conduct its risk management functions and to settle anonymous trades. If NSCC ceases to act for a member which is the unidentified contra side of any trades received from CHX, the Exchange would have the responsibility to identify to its participants the trades which are with the affected participant.

The Exchange believes that post-trade anonymity would benefit investors because preserving anonymity through settlement limits the potential impact that a participant's identity may have on the trading strategies used, and assumptions made, by other market participants. Other exchanges have implemented similar rule provisions.¹⁰

The Exchange plans to implement this proposal in two stages—first offering anonymous trade reports and, when all changes have been made to CHX and NSCC systems, allowing that anonymity to continue through the clearing and settlement process. The Exchange anticipates that the anonymous trade reports would be available on or before November 15, 2007, and that the anonymous clearing reports would be available in late 2007 or during the first quarter of 2008.¹¹

2. Statutory Basis

CHX stated its belief that the proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.¹² The proposed

rule change is consistent with Section 6(b)(5) of the Act¹³ because it would promote just and equitable principles of trade, remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, protect investors and the public interest by permitting the Exchange to provide to its participants the same option as they would have on other exchanges¹⁴ to request that their identities be kept confidential on trade and clearing reports.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁵ and Rule 19b-4(f)(6)¹⁶ thereunder because the proposal does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) by its terms, become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.¹⁷

Normally, a proposed rule change filed under Rule 19(b)-4(f)(6) may not become operative prior to 30 days after the date of filing.¹⁸ However, Rule 19b-4(f)(6)(iii) under the Act¹⁹ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public

interest. The Exchange has requested that the Commission waive the 30-day operative delay period. The Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. The Commission notes that it has previously considered substantially similar rule changes providing post-trade anonymity,²⁰ and CHX's proposed rule change does not raise any new regulatory issues. Accordingly, the Commission designates the proposed rule change to be effective and operative immediately upon filing with the Commission.²¹

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.²²

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-CHX-2007-20 on the subject line.

Paper Comments

- Send paper comments in triplicate to Nancy M. Morris, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-CHX-2007-20. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/>

⁹ See Proposed Article 21, Rule 5(d). The Exchange intends to separately seek no-action relief, on behalf of its participants, relating to participants' record-keeping obligations in connection with the anonymous trades. In addition, the Exchange would seek exemptive relief, on behalf of its participants, from certain requirements of Rule 10b-10(a) under the Act. The Exchange will not begin using the post-trade anonymity features until necessary exemptive and no-action relief have been granted.

¹⁰ See e.g., NYSE Arca Equities Rule 7.41 and International Securities Exchange Rule 2117.

¹¹ See note 9, *supra* (noting that the Exchange will seek no-action and exemptive relief before implementing its proposed anonymous trade functionality).

¹² 15 U.S.C. 78f(b).

¹³ 15 U.S.C. 78f(b)(5).

¹⁴ See e.g., NYSE Arca Equities Rule 7.41 and International Securities Exchange Rule 2117.

¹⁵ 15 U.S.C. 78s(b)(3)(A).

¹⁶ 17 CFR 240.19b-4(f)(6).

¹⁷ In addition, Rule 19b-4(f)(6)(iii) requires that a self-regulatory organization submit to the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. See 17 CFR 240.19b-4(f)(6)(iii). The Commission notes that CHX has satisfied the five-day pre-filing requirement.

¹⁸ 17 CFR 240.19b-4(f)(6).

¹⁹ 17 CFR 240.19b-4(f)(6)(iii).

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-56706; File No. SR-DTC-2007-12]

Self-Regulatory Organizations; The Depository Trust Company; Notice of Filing of a Proposed Rule Change Relating to DTC Opening an Omnibus Account at Euroclear Bank

October 26, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ notice is hereby given that on September 12, 2007, The Depository Trust Company ("DTC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which items have been prepared primarily by DTC. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The proposed rule change would allow DTC to open an omnibus account at Euroclear Bank ("ECB") in order to facilitate the repositioning of inventory between European markets and U.S. markets.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, DTC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. DTC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.²

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The purpose of the proposed rule change is to facilitate, among other things, the efficient processing of cross-border securities transactions between DTC participants and ECB participants. The proposal contemplates the opening of a DTC omnibus account at ECB, which would enable more efficient inventory positioning by participants of DTC and ECB as needed in order to settle securities at ECB and at DTC.

The proposed rule change would accommodate dual listing of certain foreign and domestic securities on both U.S. and European trading platforms. One recent example of such a dual listing is the common stock of NYSE Euronext Group. This U.S.-issued security, which resulted from the merger of the NYSE Group and Euronext, is currently registered, listed, and traded in the U.S. on the New York Stock Exchange ("NYSE") and in Europe on the Euronext platform. It is eligible for settlement at both DTC and ECB. When traded on the NYSE, the security is cleared and settled in the continuous net settlement ("CNS") system operated by National Securities Clearing Corporation ("NSCC") with the associated security movements taking place at DTC. When traded on Euronext, the transaction is eligible for clearance through the facilities of LCHClearnet SA and settlement effected by ECB through the local central securities depository

("CSD"). ECB utilizes the services of a U.S. custodian bank as agent to access DTC for position management as it currently does for all other U.S. issues eligible for settlement at ECB. Participants of ECB and DTC have the ability to reposition their inventory of NYSE Euronext common stock between ECB and DTC through this arrangement.

DTC is proposing a similar arrangement with ECB to allow for custody and repositioning movements of non-U.S. dually-listed securities held on deposit with ECB to the extent such securities are made eligible for listing and trading on U.S. domestic markets. Under DTC's proposal, ECB would act as DTC's custodian for issues on deposit at ECB-controlled CSDs as well as at other CSDs in ECB's subcustody network. This arrangement would enable DTC participants to settle trades in foreign issues in U.S. dollars executed on a U.S. domestic market through the normal clearance and DTC book-entry settlement processes.

Further, DTC/ECB common participants would be able to reposition share balances between their DTC account and their ECB account either directly or through their custodian agent to facilitate settlements of trades in these dually-listed foreign issues executed in either marketplace.

Specifically, the new account will allow for European securities that are listed in the U.S. to be custodied by ECB for DTC. The securities will be credited to an account that is maintained by or on behalf of ECB at a European CSD. The process for creating a position at DTC would be initiated by a participant of the European CSD delivering the securities free to ECB's account or to the account of ECB's agent at the European CSD. ECB would credit DTC's account at ECB, and DTC would then credit the securities to the DTC participant account designated by the delivering participant. The securities would then be available for use at DTC (e.g., to satisfy settlements at DTC). To the extent participants need to move position back to Europe to, for among other reasons, facilitate settlements there, the process would be reversed. Under this arrangement, for a security for which physical certificates have been issued, there would be no need for transporting the physical certificates to or from DTC. Any reregistration of securities from one holder to another that is required due to the market practices of any particular market would be processed by the European registrar for the issue. Any position at DTC would be represented by securities that are registered in the name of the European CSD, ECB or ECB's agent.

²³ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² The Commission has modified parts of these statements.
